

Looks Like Rotten Cordwood, But Japs Use It For Pencils; It's Central Oregon Juniper

Though it looks exactly like rotten cordwood, and would be passed upon as valueless by a casual observer, a class of timber that has been moving out of here in carload lots brings a high price for a peculiar purpose.

is still in its experimental stages, large quantities of this wood have been moving out of here for shipment to the flowery kingdom on steamships running from Portland to the Orient.

BEND DEALERS GIVEN PRIZES

R. M. SMITH FIRST, GILBERT'S GROCERY SECOND, AND GOLDEN RULE THIRD IN SHOWING OF OREGON GOODS.

Winners of prizes offered by the Associated Industries of Oregon for the best store windows featuring Oregon-made goods, were announced Friday by a committee chosen from the delegates to the Oregon State Grange convention in session here.

The R. M. Smith grocery, with a showing of Albers products, took the first award of \$50. Gilbert's grocery, showing Wadhams & Kerr and Wasco Warehouse Milling Co. products, took the second prize of \$15.

Honorable mention was made of the Peoples store featuring Palmire skirts and waists, the Tri-State Terminal Store, which displayed Wadhams & Kerr products and the Cashman store, which featured a pair of Central Oregon sheep, and in addition showed many articles of clothing manufactured in this state.

BEND WATER SUPPLY IS PRACTICALLY PURE

Chlorinized Water Contains fewer Bacilli Than That Taken From South of City.

What a small quantity of chlorine so small, in fact, as to be absolutely tasteless, can do for the water supply of Bend, is shown in the analysis reports from the office of the state health officer, just received by the Bend Water, Light & Power Co.

SHORTAGE OF GAS AGAIN IMMINENT

Although two tank cars came in to Bend the latter part of last week, auto owners must resign themselves to more conserving of gasoline, according to W. R. Speck, local manager for the Standard Oil Co.

Conditions, however, are not normal.

"Bear this in Mind" says the Good Judge

You not only get complete tobacco satisfaction from a little of the Real Tobacco Chew—But it costs you less.

The rich tobacco taste lasts so much longer than the old kind—you don't have to have a fresh chew nearly as often.

Any man who uses the Real Tobacco Chew will tell you that.

Dynamite Found By Child, Taken To Save Others

"I thought somebody might be hurt if these were left around, so I brought them to you," announced nine-year-old Francis Kasprowitz, daughter of Mike Kasprowitz, of this city, as she handed two and a half sticks of dynamite to Kinley Adams at the Walther Williams office on Greenwood Thursday. "I've seen father using it and I know it's dangerous," she said.

The child had noticed the high explosive as she rested in the shade of a signboard near the depot while on her way to purchase groceries. The dynamite is believed to have been left behind by workmen. Mr. Speck emphasizes, and no more gasoline will be received for at least a week, so that much the same policy of rationing must be followed as during the latter part of May.

BAD WIRING CAUSE OF OFFICE BLAZE

Damage at Brooks-Scanlon Headquarters Will Reach Approximately \$500 From Fire.

Fire which caused damage amounting to practically \$500, started yesterday morning at the offices of the Brooks-Scanlon Lumber Co., as a result of defective wiring. The alarm was turned in a 8 o'clock and 15 minutes later the combined efforts of the Bend volunteer fire department and the mill fire fighters had extinguished the blaze, despite the fact that the city firemen were forced to lay four lengths of hose to reach the conflagration.

An electric wire in the attic of the building had been wrapped about an iron spike, and the insulation had worn off, and to this is blamed Sunday's fire. Firemen who entered the attic, were for a moment cut off by the dropping of the trap door, but were saved from danger of suffocation by holes chopped in the roof, letting in air and sufficient light to enable them to find a means of egress.
