### HONOR IS PAID TO NORWEGIAN

#### MANY FRIENDS OF OLE DRAGS-VOLD, VICTIM OF SATURDAY'S ACCIDENT, CROWD CHURCH FOR SERVICES ON SUNDAY.

Friends who crowded the Scandinavian-Lutheran church to its utmost capacity Sunday afternoon attended the funeral of Ole Dragsvold, long a resident of Bend, who was killed Saturday at the Brooks-Seaton mill, when the descent of a heavy weight, used in connection with the cut-off saw, virtually decapitated him. The services were conducted by Rev. Fredrik A. T. Corneliusen, pastor of the church, and by Rev. H. C. Hartranft, of the Presbyterian church. More than 30 cars escorted the body to Pilot Butte cemetery where interment was made.

Mr. Dragsvold was born in Sogn, Norway, on December 10, 1859, coming from a family of high standing in that country. The name, it is stated by friends, means "a battle field," and refers to the estate on which he was born. Before coming to Bend, he was employed in the mines in Butte, Mont.

As far as is known, his relatives are all residents of Norway, but in his adopted home those who claimed him as a friend were numerous.

#### HAIR FOR THE BALD

A French surgeon of the Pasteur Institute claims to have discovered a process by which he can graft hair to the scalp and so make the heads of the bald to blossom like the Seven Sutherland Sisters. He declares that he has already positively and permanently cured six batches of baldness through a slight surgical operation which is painless and leaves no ill effects.

### L. L. STAFFORD PAYS \$10 FINE FOR ATTACK

#### Admits Altering Facial Contours of William Clemons—Court Suspends Jail Sentence in Davidson Case.

L. L. Stafford, charged with battering the face of William Clemons, a roomer in the C. O. I. Building on Franklin, pleaded guilty in police court last week and paid a fine of \$10. Tuesday evening when the affair took place, Stafford had endeavored to secure Clemons' arrest, the police say.

Ed Davidson drew 10 days in jail when he pleaded guilty to striking his employer, Frank Miller, cement contractor, as the sequel to an argument over the proper consistency of concrete. The sentence was suspended when it developed that there were no witnesses. Miller denied that he had maltreated Davidson's ancestors preceding the attack.

Another case scheduled for hearing was that against Pete Peterson for interfering with a dog catcher. The official in question, the complaining witness in the case, was not in the city, and the hearing was postponed.

#### When Swallows Fly Low

It is a sign of rain when swallows fly low. When the atmosphere gets saturated with moisture all insects make for shelter and come to earth. As the swallow hawks for insects on the wing it naturally flies low in search of its prey.

### UNABLE TO WALK FOR SIX MONTHS

#### Gains Eighteen Pounds and Can Do Own Household Work Since Taking Tanlac.

"For six months before I began taking Tanlac I had rheumatism so bad I wasn't able to walk without someone helping me or without holding onto a chair, but now I am doing my housework for the first time in years and have gained eighteen pounds in weight," said Mrs. Mamie Garcia, 506 Holmes Street, Kansas City Mo.

"It was three years ago that I began to suffer with rheumatism. I got so bad off I had to give up my housework and finally I became helpless. My joints were stiff and swollen and pained me every time I moved. I had pains all over my body, especially in my back, and sometimes I was in such agony I thought I would go distracted. I also suffered badly from constipation and often had severe headaches, and at times I would get so dizzy I had to lie down or sit down to keep from falling. My stomach became badly upset and at times what little I did eat made me so nauseated I could not retain it. My heart would palpitate terribly, and I felt so choked up and tight across the chest I had to gasp for breath. I lost weight until I went down to one hundred and ten pounds, and finally I got so bad off I couldn't walk without help.

"After I began taking Tanlac words can't express how happy I was when the pains began to ease up, and I felt a calm coming over me that I had not felt in years. By the time I had finished my second bottle I was able to walk and now I have taken up my housework again. The swelling and stiffness have left my joints and I hardly know what it is to have even so much as an ache. I can eat just anything I want. My digestion is perfect and I never suffer any bad effects at all. My constipation had been entirely relieved and I am free from headaches and dizziness. My sleep is sound and refreshing and I now weigh one hundred and twenty-eight pounds and my health is better than it has been for four years.

Tanlac is sold in Bend by the Owl Drug Co., in Sisters by George F. Aitken, and in Bend by the Horton Drug Co.

### ARREST IS MADE ON SEATTLE COMPLAINT

William Morrison, wanted in Seattle on a charge of grand larceny, was arrested in Bend yesterday by Chief of Police Nixon. The details of the charge are not given. Morrison denies any knowledge of circumstances which could have prompted the charge, and declares that he will fight extradition. Chief Nixon wired to Seattle yesterday after making the arrest, and was advised to hold his prisoner for further instructions.

#### After Studying the Sparrow.

We spend considerable time observing the English sparrows and studying their character and have about reached the conclusion that, even if that well meaning but misguided British cousin had had sense enough not to bring them over, they would have got here somehow anyway.—Ohio State Journal.

### ICE SHORTAGE FELT IN BEND

#### AMMONIA FOR REFRIGERATING PURPOSES HARDLY OBTAINABLE—SMALL SUPPLY FOUND AND IS NOW ON WAY.

A sudden shortage of ammonia has developed on the coast and in the middle western states, and a lack of ice is noted in Bend as a result. After scouring the country in an endeavor to secure a supply for the local ice factory, the Bend Water, Light & Power Co. has been able to locate only 200 pounds of the refrigerating material, half being in Seattle, and half in St. Louis. This is now on the way to Bend, but is not expected to be available for ice manufacture here until the middle of the week.

Until that time it will be necessary to cut ice deliveries to 50 per cent.

#### Signs of Consumption.

What are the early symptoms? The patient may have neither cough nor expectoration. He feels tired in the afternoon, and wakes tired in the morning. His appetite is poor, and he begins to lose weight or to stop growing. He is easily exhausted after exercise. Anyone who notices these symptoms in himself should consult a doctor. In any family, rich or poor, in which one member is known to have consumption, all the others should be examined by specialists.
