

What's Doing In The Country

LIGHTNING STRIKES TREE AT PINEHURST

PINEHURST, Aug. 10.—Mr. Brannen was a caller at the Phelps home Monday.

Those shopping in Bend Saturday were: John Bollman and family, Miss Vida Bollman and Mr. and Mrs. Dave Mickles.

Mr. and Mrs. F. L. McManman, Lenore Snyder and Mr. Jones and family were callers at the Bollman home.

A pine tree was struck by lightning in the Phelps yard Sunday evening about 5 o'clock. It gave those in the house quite a fright, but no one was injured.

The Bollman children have been on the sick list for the past four days.

C. M. Phelps and family and Mrs. Mary Garner were callers at the D. L. Ladd home near Redmond Wednesday.

HEAVY RAIN FALLS ON HAY IN SHOCKS

PLAINVIEW, Aug. 10.—Ranchers of Plainview have been busy haying for more than a week. Some have all their first crop taken care of. If the rain stops now, it is believed generally that the hay still in the shocks will not be ruined.

H. T. Hartley was a caller at the Livesay ranch Wednesday.

Mr. and Mrs. Morfett and party attended a public sale near Terrebonne Wednesday.

Mrs. Minta Howard spent Thursday with Mrs. A. E. Hoss.

Several water users of Plainview attended a water meeting at Sisters Tuesday.

Wilma Bennett was sick several days last week.

Misses Mary Fryrear and Jo Burgess gave a party and dance at the Fryrear home last Saturday evening. A large number of young people were present and spent a delightful evening at games and dancing. A delicious lunch was served by the hostesses.

Ida Hoss spent Tuesday visiting Marion Ward.

Mrs. Sarah Elkins and children have returned home after visiting relatives in the valley for several weeks.

Lawrence Scharfenberg was a caller at the Livesay home Wednesday evening.

Mrs. Hoss, Miss Burgess and Roy Heartt were Redmond callers Friday.

Mrs. H. T. Hartley spent Wednesday afternoon at the Box A ranch.

S. L. Burgess of Redmond has been at the P. A. Scoggin ranch for several days.

Jim Pulliam and party were business callers at Deschutes Tuesday.

Grover Pulliam was a Bend business caller Saturday.

H. T. Mikkelsen was a business visitor in Bend Friday.

SUPERVISOR SAYS FEWER FIRES NOW

Campaign of Education Pays In Reducing Loss Through Forest Conflagrations.

Fewer forest fires were reported in July this year than have been in several years past, according to Norman Jacobson, supervisors of the Deschutes National Forest.

Mr. Jacobson attributes this fact to the campaign for greater carelessness with fire in the forest which has been waged by the forest department. Campers are putting out their fires and smokers are being more careful, so that fires are diminishing all over the country.

FINED FOR KEEPING FISH UNDER LIMIT

Wardens Catch California Man With Many Small Fish; Pleads Guilty.

Game Wardens McDonald and Craig apprehended a man named Holcomb with a car with a California license fishing near Crescent on the Deschutes, having in his possession about 50 trout ranging from 3 to 6 inches in length. He pleaded guilty to keeping fish under the minimum size and was fined \$25 and \$2.50 costs. The minimum length is 6 inches.

OLD CENTRAL SCHOOL FAST DISAPPEARING

Ground Being Cleared For New Bungalows; Will Be Ready In Time For Opening of School.

Work of demolishing the old Central school, which has housed Bend school children since 1907, was begun Saturday and is progressing rapidly. The windows, doors and much of the interior fixtures have been dismantled and the old bell tower and attic already exist only in memory.

Although care is being taken in wrecking, so as to save as much of the lumber as possible, the ground will be cleared in a short time, and the five new bungalows will be ready before the opening of school.

RODENT CONTROL MAN ON WAY TO LAKEVIEW

Ira N. Gabrielson, in charge of rodent control work for the biological survey, passed through Bend Friday on his way to Lakeview.

JACOBSON TO LEAVE SERVICE

FOREST SUPERVISOR RESIGNS

Desire to Participate in Cobb Expedition Held One of Reasons—

Leave of Absence Not Now Possible.

Norman G. Jacobson, supervisor of the Deschutes National forest, has tendered his resignation from that office to the district forester at Portland, effective August 15, according to information given out Saturday.

Mr. Jacobson's resignation comes after his application for a month's leave of absence to participate in the expedition in company with Irvin S. Cobb and A. Whisnant through Central Oregon. It is understood that the forest regulations do not permit the absence of the forest supervisor from his office at this time of the year.

Mr. Jacobson, believing that from the financial point of view, as well as the benefits that will come to the community through such an expedition as has been planned, he cannot afford to sever his connections with the expedition, which has for its purpose the exploitation of Central Oregon's scenic wonders.

The district forester, to whom Mr. Jacobson's resignation has been sent, is now in Alaska and will not return for some time. It is not known whether it will be accepted.

Mr. Jacobson has been with the Deschutes National forest as supervisor for two and a half years during which time he has perfected the finest organization ever in effect in the Deschutes National forest. His efforts in the building of trails, roads, telephone lines, lookout stations, and his effective work in combating fires have been particularly noteworthy. Under his administration the revenue of the forest has been greatly increased through cooperative work with farmers and livestock raisers. Mr. Jacobson has been associated with the forest service for 10 years, during which time he has traveled over practically every forest in Eastern and Western Oregon and has a thorough knowledge of forest service work.

WARDENS CAPTURE SOME FINE TROUT

Game Warden McDonald and Joe Craig of the Portland game office caught 14 good-sized trout in Diamond lake, merely trolling while they crossed the lake on business Monday. One of the fish weighed 14 pounds, according to Mr. McDonald. However, he does not advise others to try Diamond lake, as the only way to get the fish is from a boat, and the only boat on the lake belongs to the government service.

LOOKS UP MAIL ROUTE TO BURNS

W. F. Case, post office inspector of the Spokane division, arrived here on Friday to investigate the proposed change of mail routes to Burns. Mr. Case will also visit Burns and return to Bend later for further information.

Eradication Of Poison Hemlock May Be Success

J. L. Peterson, grazing examiner from the district forest office, arrived in Bend this morning, leaving with J. E. Horton of the local forest office to inspect the poison hemlock eradication experiment which is about completed on the Metolus river.

Heaviest August Rain Since 1911 Good For Crops

The Sunday rainfall of .69 of an inch comprises in itself the greatest August rainfall since 1911, when the record was .78 inch. The total for the month to date is .74, with indications of still more rain. The general opinion is that the moisture came at the best time for all crops, as the second cutting of alfalfa is well under way. The danger of forest fires has been likewise averted.

TEACHING FORCE IN BED FOR SIX MONTHS AT TIME

CONGESTION IN SCHOOLS AGAIN EXPECTED BY AUTHORITIES—NEW PRINCIPAL DUE HERE NEXT WEEK.

E. J. Crozier, newly elected principal of the Bend high school, has accepted his contract and will arrive in Bend some time this week. Applications for teaching positions are still coming in and there will be no trouble in filling the remaining vacancies, except that of music and art supervisor, for which no acceptable candidate has yet appeared, said Superintendent Moore on Monday. The other positions still open are for one junior high teacher and one or two second and third grade teachers. The teaching force of the high school and junior high school will number 18 this year, while the grade schools will have 29, including three in the camp schools.

Superintendent Moore says that although Bend's census showed only 5415, his school district includes over 7000 people. The Bend district runs 32 miles west of Bend and 19 miles south, including the lumber camps. The number of people and the number of school children is increasing faster than most Bend people realize, says Mr. Moore, and, in spite of the new accommodations being built and the increased number of teachers, the schools very likely will be crowded again this year.

ART WINDOW DISPLAY AT O. I. C. CAFETERIA

The display window of the O. I. C. cafeteria this week is one of the prettiest windows in town, with the artistic arrangement of framed photographic views and vol-chrome prints loaned by the Central Photo Co. Among the scenic views are two of Tumalo falls, four of Crater lake, Moonlight on the Deschutes, Elk lake and Mt. Bachelor, Elk lake and South Sister, Three Sisters, Mount Hood, Mount Hood by moonlight, Broken Top, and Lost lake.

BROOKS-SCANLON MANAGER RETURNS

J. P. Keyes, manager of the Brooks-Scanlon Lumber Co., returned on Saturday from an extended trip to Minneapolis, where he has been under a doctor's care. His health is reported much improved.

IN BED FOR SIX MONTHS AT TIME

Gets Rid of Nine Years' Rheumatism After Tanlac Builds Him Up.

"After being laid up in bed with rheumatism as long as six months at a time, and having the worst form of stomach trouble, Tanlac has made me well, and I am so pleased with it I just don't know how to express it," declared Henry Clark of 1822 East Harrison street, Tacoma, Wash., recently.

"There was hardly a day in nine years," he said, "that I didn't suffer the keenest pain in my legs, knees or ankles, and lots of the time I could hardly get around at all. These pains were so severe that I just rolled and tossed all night long and was unable to sleep. I got so nervous the least little thing would completely upset me. To add to my misery, my stomach began giving me trouble, and I had spells of indigestion that caused such suffering I really didn't know where I hurt the worst. All my food soured and fermented; nothing I ate seemed to digest and I soon got to where I dreaded to eat on account of the suffering it brought on. I lost weight and was in such a weakened, run-down

condition I simply didn't know what to do.

"After reading so much about Tanlac, I decided to try it, and the first bottle made me feel like eating. After the second bottle I could eat a hearty meal and enjoy it, without fear of its hurting me. As I kept on taking Tanlac my stomach trouble entirely disappeared and, by the time I finished the fourth bottle the rheumatism was gone, too. I have regained my lost weight and strength and I feel as well now as if I had never had a day's sickness in the world, and I am so delighted with what it has done for me that I am glad to recommend it."

Tanlac is sold in Bend by the Owl Drug Co., in Sisters by George F. Aitken, and in Bend by the Horton Drug Co.

DANIELS NOT TO BE LET OFF EASY

Attorney R. S. Hamilton, who is looking after the interests of the creditors in the case of C. A. Daniels, charged with larceny, stated on Friday that there is no present indication that Daniels will be let off any easier than was originally intended. It is understood that Daniels has not retained counsel. The final hearing is slated for Monday.
