MANY LINING UP FOR CITY TENNIS

Thirteen entries are already in for the Y. M. C. A. tennis tournament, with two more days in which to enter. There are a number of players who are expected to turn in their names before the entries close, and Manager Curtis thinks the number who will start in the tournament will be about 18.

Drawings will be made Friday and announced in Fridays' paper. The drawing will be purely a matter of chance and no changes will be made later. First-round games may be played at any time after the drawings are announced.

Balls will be kept at the Y. M. C. A. and contestants will go there for them when their games are arranged. After the match the winner will return the balls to the gymnasium and announce the score to the secretary in charge. Two out of three sets must be won to decide matches in the first and second rounds. No umpire will be needed for first-round games, but if one is desired, the play-

ers may choose anyone who is satisfactory to both. It is planned that most of the first round should be played this coming Sunday, but time will be allowed up to the following Friday.

The decision as to whether there will be doubles is up to the contestants. If enough teams pair off, a schedule will be arranged. Report your doubles teams to the secretary.

LIGHTNING CAUSES SMALL FOREST FIRE

A small forest fire, which is now under control, was reported at 5 o'clock Tuesday to the local forest office. The location of the fire was given as Orphan butte, between Pine mountain and Paulina peak, about 25 miles southeast of Bend.

Several small fires, started by lightning, have been reported since the storm. None of them are serious.
