Mercury Hops to 100 Degrees, Equalling Hottest Weather Officially Recorded in Bend--More Coming Declares Forecaster

For the second time in ten years, Bend experienced on Saturday a temperature of 100 degrees, which stands as the official heat record for this point. Few realized that the mercury had mounted three degrees above the previous season's maximum, reached yesterday, due to the fact that a merciful breeze fanned the city, actually producing the illusion of less heat than that suffered Friday.

The Deschutes Ice Company reported that despite the fact that the daily production of last year has been doubled, it is being found necessary to cut down orders during the present hot wave,

so general has become the demand for refrigerating material. Indications that the heat record might be reached on Saturday started at noon, when the mercury stood at 95 degrees. At 1 o'clock it had mounted to 96, and at 2 o'clock 97½ was recorded. In the next half hour, a slight fall was noted, but at 3 o'clock 98 degrees was recorded, and 15 minutes later the upper end of the mercury column touched the century mark. A possibility still remained of a still greater gain before 4 o'clock.

The heat record equalled today was first established in Bend in 1917.

PICNIC LUNCH IS PAGEANT FEATURE

Bend people who attend the pageant, "Heart of the World," given by the playground department of the Y. M. C. A. Saturday night, may bring a picnic lunch, which will be a part of the evening's good time. The pageant will begin promptly at 7 p. m. Seats will be provided for those attending. In order to defray the expenses of the pageant an admission of 25 cents for children and 35 cents for adults will be charged. If anything is left over after paying for the costume and incidental expenses, it is to be devoted to the playground fund of the Y. M. C. A. The pageant promises to be a social event of the kind which Bend too seldom sees.

WOMEN BOOST FLOWER SHOW AS MEANS OF BEAUTIFYING CITY

Plans for the flower and vegetable show to be given under the auspices of the Women's Civic Improvement league on the afternoon and evening of Wednesday, Aug. 25, are well under way. The show will be held in the new Downing building on Bond street, and all who wish to contribute flowers or rooted plants are asked to notify Mrs. L. W. Gatchell at once, phoning Black 1681.

Punch will be sold during the afternoon and evening, and the money derived from this source as well as from the sale of flowers will be used to establish a fund for an annual flower and vegetable display.

The purpose of the Women's Civic league in putting on the show is to arouse a greater interest in beautifying Bend, and to be an inspiration to the whole country as well. The league believes that by selecting the proper kinds of flowers many people who have been discouraged by the late frosts will find this means of beautifying their home to be comparatively easy. A variety of prizes are offered, this being made possible by a liberal appropriation from the county court.

The following rules are announced to govern the show:

All exhibits must be in at 12 o'clock on the day of the show.

One to six stems may be included in each single exhibit, but not more than six stems.

Each exhibitor must make his own selection for exhibition.

No flowers, plants or vegetables not included in the published list will be eligible for a prize except as part of the "general display" of flowers, for which the Emblem Club cup is offered.

An exhibit may not be entered for more than one prize.

Unless otherwise requested, the Library Club will offer for sale flowers, plants and vegetables entered. Any entry not to be sold should be marked to that effect.

All exhibits must be kept intact until the evening of the show. Flowers or vegetables sold must not be removed before that time.

No award will be given for inferior flowers or vegetables although they may be the only ones entered for contest.

Each single entry must bear the name of the vegetable or flower written on a card furnished by the Library Club.

No prizes will be given out at the flower show.

Flowers will be judged according to color, form, size and length of stems. Any flowers or vegetables entered for exhibition only and not for prizes will be sold during the day of the show and can be taken as soon as sold but exhibits entered for prizes cannot be removed until the evening of the show. Any one desiring to enter a general exhibit for the Emblem Club cup must notify the secretary, Mrs. E. M. Thompson, at least one week before the flower show so that space may be reserved for it.

As special prizes, the Commercial club cup will be awarded for the best general display of flowers, while the Emblem club cup will go for the most artistic arrangement of flowers. Under the first classification the rating will be 50 per cent on greatest variety and 50 per cent on perfection of blooms. In each classification, half a dozen choice iris roots will be given as second prize.

Flowers which may be entered in competition include the various shades of sweet pea, perennial pea, asters, carnations, poppies, pinks, roses, pansies sweet alyssum, nasturtiums, daisies, coreopsis, call-

opals, snap dragon, baby breath, marigold, calendula, larkspur, candy tuft, galliards, Canterbury bells, salpiglossis, cosmos, forget-me-not, dahlias, red sunflower, perennial phlox, annual phlox, feverfew, centaurea, mignonette, lavender, love in the mist, morning glory or scarabaea, best bunch of wild flowers.

Potted plants which will be received for competition are geraniums of the pink, white, ivy leaf, and Martha Washington varieties, petunia both single and double, ferns, and begonia.

Orders for prizes will be given on the morning following the show.

SUICIDE LEAVES NOTE REVEALING TRAGEDY CAUSE

L. J. English, box factory worker, committed suicide Monday by drinking carbolic acid in his room in the annex to the Bartlett hotel, 642 Colorado avenue. He was discovered about 10:45 by Jack Gundmanson, who occupies the adjoining room, who says he had been hearing groans for some time, but had paid no attention, thinking English was intoxicated. Gundmanson notified the proprietor of the hotel, Mr. Bartlett, who called the county physician, Dr. R. W. Hendershott.

When found, English was lying on the bed in an unconscious condition. The bottle which had contained the poison was lying on the bureau and beside it a note, which read: "Dear friends: Life is not worth living. I found out that the girl I love did not care for me."

"L. J. ENGLISH."

No inquest will be held. Coroner Niewonger announced today, as the county physician and Dr. J. C. Vandeventer were both at the man's bedside when he died. English drank two ounces of carbolic acid, the officials say, which he had purchased at a drug store, saying that he wanted it to use on a horse which had a sore shoulder. He bought the acid and immediately went home and drank it from a glass. Antidotes were administered by the physicians as soon as they arrived, but there was no possible chance of recovery, the man dying soon after. His mouth and tongue were badly burned by the poison.

Girl Is Unknown.

No papers or letters were found among English's possessions, except the note referred to, and a letter which had just arrived from LeRoy Chase, a friend, who had recently enlisted in the marines. English had evidently destroyed all other letters. There is no clue as to the identity of the girl mentioned in the note. Although English had lived at the Bartlett for over a year, he had few close friends, and none now in Bend who were familiar with his private affairs. All who knew him say that he acted in a normal manner up to the time of his suicide. Several persons at the hotel stated that they had talked with him shortly before the tragedy and that they had noticed nothing unusual.

English was said to be about 20 years of age, 5 feet 7 inches tall, weight 150 pounds and was dark-complexioned. He operated a cleat saw in the Shevlin-Hixon box factory.

It was learned today that the mother of the deceased is Mrs. Olive English of Hood River. Efforts are

being made to reach her. Until word comes from the relatives it will not be known whether burial is to be here or at Hood River. The hotel people said that English sometimes received mail from that city.

RECORD TIME MADE IN ROAD LOCATION

One of the quickest jobs of road location on record in Central Oregon has just been completed in the survey of The Dalles-California highway from the Allen ranch, south of Bend, to the Klamath county line.

The entire distance, approximately 18 miles, was covered in two weeks. In the whole stretch of highway location there is not more than 1900 feet which will have a grade of more than one per cent.

Four Men Who Shouldn't Save--

- (1)—The man who is sure of his job for life. Certain that his income will never be less nor his needs greater than today.
- (2)—The man who has no one dependant upon him, no family, father, mother, sister or some one for whom he should have thoughts of what the future will mean if something is saved.
- (3)—The man who never expects an opportunity or a necessity to arrive that will call for money.
- (4)—The man who doesn't care—he is a tramp and the world has little use for him.
