## COULDN'T RAISE HAND TO HIS HEAD

Farmer Nelson Suffered Ten Years From Rheumatism—Feels Fine, Now.

"Yes, sir, I can recommend Tanlac, for anyone who would not say a good word for a medicine that had done for them what Tanlac has for me would be ungrateful, to say the least of it," said Gustaf Nelson, a farmer, who lives at Gertrude, Wash., McNeil Island, 20 miles from Tacoma, while in the French Drug store in Tacoma, recently. Continuing, he said:  
"For the past 10 years I have suffered with rheumatism in my left hip and right arm all the time, and at times in different parts of my body. My hip pained me so I could hardly walk and I just had to drag myself around, and my arm would very often hurt me so badly I could not raise my hand to my head. The rheumatism would move from one leg to the other and then to my back, and back again to my legs, but never left my left hip or right arm. The pains in my back were so bad I could scarcely bend over and when I did I could hardly straighten up again. My kidneys bothered me a great deal also and I would have the worst sort of dizzy spells. My nerves were in such bad condition I could get but little sleep and lots of nights I would lie awake all night, and in the morning I felt worse than when I went to bed. My appetite was very poor and I had become so weak and run down I could not do any heavy work at all, and even when I did the lightest kind of work I would become tired and exhausted very quickly.  
"I saw so much good said about Tanlac in the newspapers I decided to try it, and it was only a short while before I began to gain in weight and strength and my appetite improved wonderfully. Now I can eat anything I want and everything agrees with me. The rheumatism has left me entirely and I can get about all right and do hard work with the greatest ease again. I never have those pains in my back any more and never have those dizzy spells and can sleep all night long as peaceful as a child. In fact, I feel just fine all the time, and I owe it all to Tanlac."

Tanlac is sold in Bend by the Owl Drug Co., in Sisters by George F. Aitken, and in Bend by the Horton Drug Co.

teaching summer school in Portland, has returned home to prepare for the opening of school at La Pine, where she will teach this season.  
H. Naldrett arrived in Bend last night en route to his home at Summer lake, after undergoing an operation for appendicitis at the Good Samaritan hospital in Portland.  
Kenneth Minor returned to Bend yesterday after a two weeks' vacation at Berkeley, Cal. Mrs. Minor, who accompanied her husband, will remain in Berkeley the remainder of the month.  
Each of the Central Oregon lakes seem to have had its turn in popularity this season, one at a time, but the seekers of quiet seem to be showing a partiality at the present time toward Lost lake. Surrounded by Oregon's rarest scenery; a sandy beach and water warm enough to make bathing a pleasure, the choice seems not a bit unreasonable. Among those who were visitors at the lake Sunday were: R. M. Smith and family, Mrs. Joe Innes, Mr. and Mrs. Fred Ray and son, Frederick, Mr.
