HAPPIEST WOMAN IN THE STATE NOW

Mrs. Smith Says It Would Be Ungrateful Not to Tell Others of Tanlac.

"I believe I'm the happiest woman in California today, and it is all because of what Tanlac has done for me," said Mrs. Eugene Smith, a prominent and popular Los Angeles woman, who resides at 680 West 52nd street. Mrs. Smith is an officer of the Eastern Star and other organizations.

"For six years I suffered from a complication of troubles that finally led to a general breakdown. I had awful pains around my heart, which, I was told, were caused by pleurisy. My kidneys were in such bad condition I had constant pains in my back and my neck and shoulders would get stiff at times and my limbs swelled so I could hardly walk. I was so nervous that even the ringing of the door bell upset me, and it seemed impossible to get a good night's sleep. I tried everything I could hear of to get relief, even to having all my teeth treated, but kept getting worse and became so weak and emaciated that I weighed only 100 pounds. Finally they took me to the hospital, and I stayed there six weeks, but did not seem to improve in the least, so I was brought home and had just about given up hope when a friend persuaded me to try Tanlac.

"I began to feel better after the first few doses and by the time I had taken four bottles of Tanlac I had gained 18 pounds in weight and felt as well and strong as I ever did in my life, for every one of my troubles had left me.

"The results from Tanlac must be permanent, for it has been four months since I took my last dose and I feel as well now as I did then, and I think I would be ungrateful not to tell others what a wonderful medicine Tanlac is."

Tanlac is sold in Bend by the Owl Drug Co., in Sisters by George F. Aitken, and in Bend by the Horton Drug Co.

That gives a man more genuine chewing satisfaction than he ever got out of the ordinary kind.

Smaller chew, lasts longer—so it costs less to chew this class of tobacco.

And the good, rich tobacco taste gives a world of satisfaction.

EVERYTHING THAT IS BIG HAS HAD ITS SMALL BEGINNING

At some time the large fortune was small, but it grew. Your fortune may be now in its infancy; you may not have more than a dollar that doesn't need to be spent at once for some necessity. But put that dollar away, in a safe place; let it draw interest; by and by put another dollar with it, and then another and another. Like a child your fortune will grow—steadily, surely. In time, what you have put aside, added to what your savings have earned, will amount to enough to make a good investment. You have made the beginning of your fortune.
