"IS GRANDEST ON EARTH," SHE SAYS

Mrs. Daley Gains Seventeen Pounds Taking Tanlac—Thought Case Was Hopeless.

"They said I couldn't live more than six months longer, but I'm still here, and feeling fine," said Mrs. Mary Daley of 530 Oak street, San Francisco, Cal.

"I have actually gained 17 pounds since I began taking Tanlac," she continued, "and, to look at me, one wouldn't think that for several months I was unable to do my housework. I suffered from gastritis all the time, would bloat terribly and always felt nauseated. I had no appetite and felt nauseated all the time. I was so nervous the last little noise would startle me and it was almost impossible to get a good night's sleep. I had night sweats and was so run down and weak that the slightest exertion would almost exhaust me completely. I lost weight dreadfully and was told that I couldn't live six months at the rate I was then going down hill.

Nothing helped me until I began taking Tanlac, and I honestly believe it is the finest medicine in the world, for it has made me just like a new person. My appetite is splendid and I never have the slightest indigestion any more and I never enjoyed such fine and refreshing sleep in my life as I do now. My house has eight rooms and I do all the work with ease. Tanlac has been a God-send to me and I would be selfish not to tell others about it."

SAILORS MUST SHOW DISCHARGE PAPERS

Information regarding the steps which must be taken by former navy men to procure Victory medals has just been received by Naval Recruiting Officer Smith of this city from recruiting headquarters in Portland.

Ex-service men who have not enrolled in the reserve force may obtain a Victory medal upon application to a navy recruiting office, he is advised. It will be necessary for such men to present their original discharge certificates, as well as their war service certificates or other official papers indicating the ships on which the men served, in order that the clasp to which the applicants are entitled may be determined.

EVERYTHING THAT IS BIG HAS HAD ITS SMALL BEGINNING

At some time the large fortune was small, but it grew. Your fortune may be now in its infancy; you may not have more than a dollar that doesn't need to be spent at once for some necessity. But put that dollar away, in a safe place; let it draw interest; by and by put another dollar with it, and then another and another. Like a child your fortune will grow—steadily, surely. In time, what you have put aside, added to what your savings have earned, will amount to enough to make a good investment. You have made the beginning of your fortune.
