## SUFFERED FORTY YEARS, HE SAYS

"It Was a Lucky Day for Me When I Got Tanlac," Declares Byars.

"Yes, sir; Tanlac has overcome a case of stomach trouble that bothered me for 40 years and today I am enjoying such fine health that I feel just like I am starting life all over again," said Charles Byars, 1829 East Thirteenth St., Tacoma, Wash.

"It was back in 1880 that I moved to Tacoma, and during all these 40 years I suffered with the worst sort of indigestion. My food lay in my stomach and soured and caused gas, bloating and shortness of breath. I had pains in my back and burnings in my chest, and finally I got so I dreaded to eat a thing. My strength left me, I lost weight and was not able to do a good day's work. I suffered from severe headaches and dizzy spells, and all the time I had to be taking laxatives for constipation. My nerves were in a wretched condition and all during the night I would wake up at the least little noise, and I was beginning to think my age had about gotten the best of me."

"It was a lucky day for me when I got Tanlac, for there is something about it that does the work, and I can hardly remember the day when I enjoyed such good health or felt so well generally. Tanlac has been a Godsend to me, and as long as I live I will never be without it, for I consider it a household necessity. I eat whatever is placed on the table and am never troubled afterward in the least. The pains in my back and chest have disappeared and I can breathe as free and regular as ever now. I am no longer constipated and I am free from headaches and dizzy spells. My nerves are in fine condition, I sleep sound and I have regained every pound of my lost weight."

Tanlac is sold in Bend by the Owl Drug Co., in Sisters by George F. Aitken, and in Bend by the Horton Drug Co.

## EVERYTHING THAT IS BIG HAS HAD ITS SMALL BEGINNING

At some time the large fortune was small, but it grew. Your fortune may be now in its infancy; you may not have more than a dollar that doesn't need to be spent at once for some necessity. But put that dollar away, in a safe place; let it draw interest; by and by put another dollar with it, and then another and another. Like a child your fortune will grow—steadily, surely. In time, what you have put aside, added to what your savings have earned, will amount to enough to make a good investment. You have made the beginning of your fortune.
