

HOME SERVICE SECTION DOES VARIED WORK

ACTIVITIES ARE MANY, REPORT SHOWS

NEW OFFICERS NAMED

R. W. Sawyer Elected By Directors To Head Red Cross Chapter—County To Be Asked To Maintain Public Health Nursing.

Only partially revealing the work done by the home service section of the Bend chapter of the American Red Cross a report given Thursday by Rev. J. Edgar Purdy at the meeting of the chapter directors showed that no less than 600 families had been dealt with from January 1 to October 21. Of this number, 500 received service other than information and 100 received information service only. The home service section is in charge of Mrs. V. A. Forbes.

Help was given ex-service men in various ways, including applications for travel pay, bonus, Liberty bonds, state educational aid, Victory medals, Victory buttons and state badges. The committee found that the soldier job is by no means completed, as there are now 50 disability cases, 14 of which are vocational training cases also. Two-thirds of the families with which the home service section deals are those of former soldiers, sailors or marines.

In the case of civilian relief, loans and grants were made, the county court visited, investigations for widows' pensions made, and interviews held with physicians and relatives.

Larger Fund Needed.
As to finances, it was reported that 10 organizations in Bend have for several months been contributing \$10 each per month. It has been found necessary, with the extension of the work, to provide a \$200 revolving fund, instead of a \$100 fund, which was previously adequate.

As the result of the chapter study course last spring, a comprehensive survey of Bend and the vicinity has been forwarded to division headquarters in Seattle. It was found through this survey, the report stated, that juvenile delinquency was one of Bend's most serious problems. The social group, American Red Cross, is an outgrowth of home service work, and is interested in the study of child welfare and family rehabilitation.

County May Take Up Work.
For public health work, the report submitted covered only last month's activities. During that time visits were paid to eight public schools in Deschutes county outside of Bend and public lectures given on health topics. Two hundred and sixty children were examined and 270 defects found. At the tuberculosis clinic held here 52 persons appeared for examination and 10 positive cases found. The report, in full, will be printed in a later issue.

With this year, the Red Cross will cease to maintain a public health nurse in Deschutes county, but it was indicated last night that this may be taken up by the county itself, especially as a committee, which has been investigating recently, has found sentiment favorable in the communities in the north end of the county. A movement was started to have the cost of maintaining a public health nurse placed on the county budget, and to form a county health association, which will take the place of the Red Cross, as far as public health nursing is concerned.

Officers Are Chosen.
In connection with the chapter's work outside of Bend, it was reported that the Junior Red Cross at the Cloverdale school has a membership of 28.

Election of officers for the Bend chapter for the year resulted in R. W. Sawyer being named as chairman, with L. M. Foss, vice chairman; J. D. Donovan, second vice chairman; T. H. Foley, treasurer, and Mrs. Horace Richards, secretary (reelected). Rev. J. Edgar Purdy was named chairman of the home service committee; J. A. Eastes, chairman of the finance committee, and Mrs. L. W. Gatchell, chairman of the school committee.

Ill-Flated Orchid Hunters.
Not very long ago a New York man, traversing a Venezuelan forest on an exploring expedition, came upon a hut wherein were found three human skeletons and thousands of dead orchid plants. From between the ribs of one of the skeletons grew an orchid of rare beauty. The three unfortunates had evidently been murdered.

HARDING LEAD IN STATE BIG, SAYS SPEAKER

STANFIELD VICTORY IS PREDICTED

HIGH TARIFF NEEDED

Walter L. Tooze Scores Administration's Waste And Urges Voters To Give Harding Support By Electing Republican Senator.

That Harding and Coolidge will carry Oregon by a majority of 100,000 votes, and that Stanfield will defeat Chamberlain for the senate by from 20,000 to 40,000, was the prediction Saturday night of Walter L. Tooze in his address before the most enthusiastic gathering of republicans during the local campaign. Declaring that the Underwood tariff is bringing ruin to the stockmen of Eastern Oregon, and is suffocating the industry of the nation, the speaker emphasized that it would be folly to elect a republican president and tie his hands by putting in a democratic senate. "For the first time, Chamberlain faces an undivided republican party," he said. "Be consistent, and when you vote for Harding, send Stanfield to help him."

Scores Article 10.
In his speech before the voters of Bend he confined his comment on the League of Nations to a bitter exhortation of Article 10 of the league covenant. "If you enter into this contract which President Wilson and Governor Cox advocate, you are mortgaging your sons to Europe," he cried. "Haven't we done enough as it is without pledging ourselves to guard the territory which European powers acquired during the war?"

"And, by the way, why hasn't the league prevented the 20 European wars which have been waged since the world war ended? We are for an association of nations which will bring peace, but we refuse to be the victims again."

Turning to the senatorial race for a moment, Tooze accused Chamberlain of conducting a "pussyfoot" campaign, charging that the democratic candidate is not running as a democrat, although on the ticket of that party. "Talking politics would ruin him—that's the reason," he said.

High Tariff Needed.
He denied that Chamberlain had performed any special service for the service man, asserting that, in pointing out the existence of deplorable conditions in certain army camps, the senator had merely performed a part of his duty. He referred to the Ohwyee irrigation project as "what Chamberlain hasn't done for Oregon." He alluded to the Southern Oregon land for which soldiers were given preferred rights as so poor that 1000 acres would be needed to furnish food for a jackrabbit, and added: "When Stanfield goes to the senate the service man will get what is coming to him—preference rights on irrigated land."

Dramatically holding up a can of Argentine beef, Tooze introduced the tariff question, declaring that the Underwood tariff, now operative, has already meant huge importations of meats, New Zealand butter and Chinese eggs. "In Eastern Oregon," he said, "the sheepmen spent more on their flocks than the animals were worth during the last year, and the result is that today they are broke. I imagine that the republican candidate for senator is in much the same fix. As for Chamberlain—well, he rides in a Ford when he goes campaigning, but in Washington he uses a limousine."

War Waste Told.
He promised that Harding's first act as president would be to start legislation to wipe out the tax on railroad transportation, to reinstate the protective tariff and to procure free tolls for American shipping through the Panama canal.

Scoring the waste of the democratic administration, the speaker declared that the total of needless expenditures runs into billions. He digressed for a moment to mention the Cox slush fund charges. "Suppose the slush fund was \$30,000,000," he said. "It would be worth a thousand million to get the democrats out of power."

sands of our boys would have been saved."

SECOND HAND MAN UPHeld BY COURT

Justified In Putting Out Customer Who Intimated That Article For Sale Was Stolen, Rules Eastes.

Because a customer at his second-hand store intimated that a pair of pliers in stock might have been stolen, Walter Armstrong promptly put the prospective buyer out of the shop. Mr. Armstrong only used the flat of his hand in evicting the customer, but Oscar Cate, complaining witness, exhibited a bruised cheek when he appeared in justice court Thursday afternoon. Judge Eastes considered that Armstrong had had sufficient provocation and dismissed the charge of assault and battery which Cate had preferred against the second-hand dealer.

SOOT-CLOGGED FLUE BURNS, ALARM GIVEN

Firemen Answer, But Aid Is Not Needed—Chimney Sweeping Campaign Urged By Chief Carlon.

Fire in a soot-clogged flue at the Kenwood school called out the department on Saturday. A record run of less than a minute and a half was made, but the fire fighters had nothing to do after their arrival at the school but to stand by and watch the sparks. The only result of the flames was the thorough cleaning of the chimney.

With the beginning of cold weather, and the building of bigger fires in stoves and fireplaces, danger from sooty chimneys is particularly to be guarded against, Chief Carlon warned. A general chimney-sweeping campaign might prevent many disastrous conflagrations, he pointed out.

Autoists are still cutting in ahead of the fire engine, and the next law violation of this type will be promptly prosecuted, the chief announced.

WILL FINANCE NURSING WORK

OREGON TUBERCULOSIS ASSOCIATION WILL DEFRAY EXPENSES IN DESCHUTES COUNTY UNTIL FIRST OF YEAR.

Responding to sentiment in favor of the continuance of public health nursing in Deschutes county, the Oregon Tuberculosis association, of which J. D. Donovan of this city is a director, has offered to finance the work until the first of the year. It had been thought necessary to discontinue this branch of Red Cross activity in the county, due to lack of funds.

Miss Margaret Brems will continue as public health nurse for the present, but her resignation, already submitted, will take effect the first of the year, when she will take up other work. Many Deschutes county residents have expressed the hope that the county court will put public health nursing on a permanent basis beginning January 1 by the appropriation of county funds.

GRAVEL DEPOSIT IS SECURED BY COUNTY

Surfacing of The Dalles-California Highway North of Bend Will Begin Within a Week.

Following action by the county in securing from Ovid Riley the right to use gravel from a deposit on his land north of Bend, the Wickner, Sharp & Chindahl Contracting Co. is preparing to start surfacing a seven-mile stretch of The Dalles-California highway south of the city. Men have been stripping off the top layer of soil, H. F. Wickner, member of the contracting firm, stated this morning, and gravel hauling will be started at once.

Four chairs at your service at the Metropolitan. No waiting.—Adv.

DECORATIONS READY FOR FORMER MARINES

Applications Should Be Made At Once By 5th and 6th Regiment Men, Lambert Is Advised.

According to word received by Sergeant C. J. Lambert, local marine recruiting officer, the fourragere cords which all members of the Fifth and Sixth marines are entitled to will be issued by the western division recruiting headquarters office, No. 1 Drumm street, San Francisco, upon application.

Ex-marines who served with the following companies of the Fifth and Sixth regiments should make application at once:

Fifth regiment — Headquarters, supply, 8th, 16th, 17th, 18th, 20th, 43rd, 45th, 47th, 51st, 55th, 66th and 67th companies.
Sixth regiment — Headquarters, supply, 15th, 23rd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 83rd, 84th, 95th, 96th and 97th companies.

LETTER BOXES WILL BE INSTALLED HERE

Street letter boxes, ordered months ago, will arrive shortly, according to word received here from the manufacturers. The delay, it was stated at the postoffice, is due to factory conditions. The boxes will be 13 in number, four to be placed in the business section, with the others distributed through the residence district.

SOCIAL SERVICE IS ORGANIZATION'S AIM

The social service group of the Pacific Coast Rescue league, organized to deal with social and child welfare problems, will meet on the third Tuesday of every month, it was announced Friday. Meetings will be open to all persons interested in these questions.

NAVY MEN HERE ON RECRUITING SERVICE

Lieutenant Commander Elder and Chief Quartermaster Myers Take Chipmunk as Travelling "Buddy"

A detail of the U. S. navy, motorized, reached Bend on Friday, when Lieutenant Commander F. K. Elder and Chief Quartermaster E. E. Myers arrived by auto from Portland. A small chipmunk, captured by the quartermaster, was their only travelling companion.

An inspection of recruiting work was the object of the tour and Saturday was spent in conference with Recruiting Officer Smith. The return trip was started Sunday morning.

FIRE IS CAUSED BY DISREGARD OF ORDER

Occupants of House on Lexington Avenue Allow Defective Flue To Go Unrepaired.

A defective flue was the cause of a fire at the residence of P. Peterson, 1028 Lexington avenue, which called out the fire department at 7 7 p. m. Thursday. The damage was slight, but the trouble could have been entirely avoided, Fire Chief Tom Carlon pointed out. He had shown the occupants of the house the need for flue repairs several months ago, he said.

Esparto.
Esparto grows throughout extensive districts in the south of Spain, and a poorer quality is found on large areas of poor and sandy lands in Algiers and Tunis. Esparto fiber has been used for centuries in Spain, and the manufacture of matting, baskets and cordage exclusively of esparto dates from the time of the Moorish occupation.

The First Requisite.
Two-year-old Tom was out for a walk with mother. They met a small boy of about same age. He was very interesting to Tom, because of the man's size but he was wearing. Mother said: "Well, shall we buy you a hat like that, Tom?" Small Tom considered a while and then said: "No, I ought to have long pants first."

BUCKHECHT Dress Shoes

No shoe is a Buckhecht unless stamped BUCKHECHT

WHATEVER the occasion, shoes should be right for the purpose, and must express proper style. BUCKINGHAM & HECHT began building their reputation for value, dependability and shoe contentment in the early fifties when grandfather wore a high hat and long legged boots.

Now in 1920, styles have changed, but the same old idea of value and service remains. The accompanying illustrations of BUCKHECHT styles of 1920 express concretely what the 1920 man demands.

Styles shown are made in Rich Dark Mahogany shades, Black Velour Calf and Vici Kid. Prices are \$8.50 to \$14.00, according to weight of soles and styles.

Tell us when your dealer doesn't show them and we will endeavor to have you supplied.
