### THRESHING ENDED AT POWELL BUTTE

POWELL BUTTE, Dec. 14.—The Green Beard thresher has finished its work in this section and has been moved to Alfalfa, where the farmers have been waiting for so long to get their grain threshed.

Powell Butte Sorosis club held an open meeting at Community hall last Wednesday night for members' husbands and families. Miss Mable Allen, president, presided. An entertaining program was held, during which some "stunts" were put on, after which a delicious luncheon was served.

The water was turned into the canal this week and everybody got busy filling cisterns and ponds.

George C. Truesdale, road supervisor, has been busy burning weeds along the county roads, so that the mail auto can get through.

Mrs. Carl Lindquist went to Alfalfa last week where she spent several days visiting her daughter, Mrs. Charles Johnson, and the new grandson, Elmer Carl Johnson.

Mr. Jackson dined with Mr. and Mrs. Ray Roberts Sunday.

Arthur Wuraweller went to Prineville Sunday and brought out his father and mother, Mr. and Mrs. Will Wuraweller, who visited a few hours at the ranch here, leaving on the evening train for Portland.

Mr. and Mrs. D. A. Yates had as guests for dinner Sunday Mr. and Mrs. A. W. Baye and Mr. and Mrs. Francis Bayne, who have recently returned to Powell Butte.

J. J. Chapman received the sad news of the sudden death of his mother in North Carolina last week. She was 83 years of age and well and hearty up to the minute of her death.

Charles Charlton, Jr., was ill with tonsillitis for several days this week and unable to attend high school at Redmond, where he is a student.

Rev. Dr. Pemberton, presiding elder of this district for the M. E. church, preached at Community hall Sunday afternoon.

A Christmas program is being prepared by the four public schools in the Powell Butte section. It will be given Christmas eve at Community hall, each teacher presenting her pupils' program at that time. Quite elaborate plans are on foot.

Elof Johnson will arrive in about 10 days to take charge of Powell Butte store and postoffice.

Work on the highway is progressing rapidly. The big tractor has finished grading between Powell Butte and Redmond, but considerable blasting is yet to be done. A large force of men is quartered at the camp near the old river bed, from which they will work in both directions.

She expects to bring her mother, "Grandma" Brown, home with her.

Because Mr. and Mrs. Ross Bussett and daughter are leaving soon and will not be here for Christmas, Mrs. E. A. Bussett gave her family Christmas dinner last Sunday. There were present Mr. and Mrs. E. A. Bussett, their son, Ross, and family, Lloyd Bussett, Miss Fay Bussett, Mr. and Mrs. Bert Reynolds and son, Leo, and Joe Shearer and daughter, Ruth. Mrs. Guy Sears, who has been visiting at the home of Mr. and Mrs. D. A. Yates, has returned to her home at The Dalles.

Mr. and Mrs. Francis Bayne have sold their property down near Portland and have returned to Powell Butte. They are visiting for the present with their son, A. M. Bayne and family, and will probably buy near Redmond. Mr. Bayne says he wanted to "see the sun shine again." They were pioneers of the Powell Butte country and sold their large

ranch some years ago to Peter Paul. They moved to the Willamette valley, but sold their property there, returning to this county, where they purchased a home and resided in Deschutes for some years, selling that home and again moving to the valley. The call of this land was too strong, and they have returned, declaring they will "never move from here again."

There will be an election held at Redmond December 17 to vote on the question of issuing bonds to build a \$75,000 union high school in Redmond. All voters in school districts included in the union high district will go to Redmond to vote at that time. The polls are open from 2 to 7 p. m.

By Mrs. L. W. Gatchell.  
Under the auspices of the Parent-Teachers' circle, a large community meeting was held last Friday evening in the gymnasium of the Terrebonne school. The program of the evening was presented by the pupils of the school and featured the work of "The Modern Health Crusade."

The Terrebonne school was the first in the county to take up this important work, which, it is hoped, will in time become a subject in the school curriculum of the state, as it has in a number of states in the union.

The following information concerning the scope and object of the organization was given in a short talk by Miss Margaret Brems, the county nurse:

The league, which is modeled after the rules of knighthood, is a movement, international in its scope, to raise the general health standard by improving the personal hygiene of the individual in the group. The object is attained by the formation of health habits, which are fostered in the spirit of play and competition.

time. Mr. Mamer served sauer kraut and wieners.

After using 3 bottles, my cough had entirely gone." Reliable for coughs, colds, croup. Sold everywhere.—Adv.

TERREBONNE, Dec. 14.—Two cars, carrying spectators and players, made the trip to Metolius last Saturday for the basketball game between Terrebonne and Culver. The second half ended with Culver leading by three points. A return game is to be played at Terrebonne next week. "page." Among the accredited tasks to be carried out are: Daily brushing of the teeth, sleeping with windows open, drinking four glasses of water daily, keeping things other than food from the mouth, sitting up straight, and keeping cheerful.

As "page," the pupil takes on new obligations, and after a certain period becomes a "squire," later a "knight" and lastly a "knight banneret," which implies a very high standard in the student life of the school, as well as in the health standard of the individual.

Following the talk, Miss Brems, as league master, knighted a number of the squires in the order. During the exercises, the supreme importance of a clean body, a clean mind and a kind heart in attaining happiness in life was emphasized.

A play, "The Imps and the Children," was next presented, in which certain personified diseases were vanquished by children armed with the knowledge of right living. The next number was a tooth brush drill. A short talk by Superintendent Paul Irvine of the Redmond union high school preceded the singing of a group of songs by the high school chorus, which formed the closing number on the program.

High school will close Friday evening for the holidays. It will reopen January 3.

There is to be a community Christmas tree at the church on Christmas evening. There will be a real Santa Claus and presents for all the children of the community. Plans are well under way at the present time and a good time is assured to all who come.

## The Story of The Christmas Tree

Year after year sees the story repeated—The pines, cut on the snow-clad hills, felled by ringing axes, hauled merrily home to the music of Yuletide sleighbells, soon to blossom out with shining candles and dazzling tinsel—and then, after a few days, stripped of their holiday fruit and tossed aside.

So with many—too many—of the gifts they bear—flimsy knickknacks, carelessly chosen, to perish with the forgotten tree. Such Christmas gifts are not worthy of the name.

In selecting pictures of gifts to illustrate this pictorial story of the Christmas tree, we have chosen carefully from the most popular and beautiful models of these worthy, enduring gifts—Watches, Diamonds set in Rings, Bar Pins, Brooches, Gentlemen's Scarf Pins, Ladies' La Vallieres, Sheffield Silver, Clocks of all Kinds, and numerous other useful gifts,—Gifts that last!

**Hogs Pay Big Money**  
Mr. Pete Wing of Hawk Point, Mo., made a lot of money out of his hogs. He says: "I fed them Dr. LeGear's Hog Prescription. It has given wonderful results in putting gains on them with less feed. They were on heavy feed for only a month; averaged a gain of 2 1/2 pounds daily, and were only 7 months 10 days old when sold."  
Mr. Wing profited by the advice of

Dr. LeGear, Graduate Veterinarian and Expert Poultry Breeder of 28 years' standing.  
Dr. LeGear's Hog Prescription will put weight on your hogs also, because it expels worms, purifies the blood and conditions them so that they gain flesh on less feed.

### EVERYTHING THAT IS BIG HAS HAD ITS SMALL BEGINNING

At some time the large fortune was small, but it grew. Your fortune may be now in its infancy; you may not have more than a dollar that doesn't need to be spent at once for some necessity. But put that dollar away, in a safe place; let it draw interest; by and by put another dollar with it, and then another and another. Like a child your fortune will grow—steadily, surely. In time, what you have put aside, added to what your savings have earned, will amount to enough to make a good investment. You have made the beginning of your fortune.
