EARNING AN EDUCATION

Although the following paragraphs come to us as a news story, we want to use them here in the nature of a text. They are from the University of Oregon and read:

"Of the 230 students who are graduating this year from the University of Oregon, 80 per cent have earned more than a third of their own way during four years of study, according to statements made by members of the class this week. Twenty per cent have been entirely self-supporting.

"Many and interesting are the jobs which have yielded an income to these young men and women while they studied. The hop yards, logging camps, shipyards, fishing grounds, sawmills, highway construction, harvest fields, farms, warehouses, and the forest service—all have been the sources of pay checks carefully saved during the summer to pay school expenses in the winter. Dishwashing, mowing lawns, putting in wood, cooking, waiting on tables, sweeping floors, have been homely tasks willingly and even eagerly performed by the young men and women wearing caps and gowns on the campus this week.

"A graduate from Klamath Falls tells how he got up at 4 o'clock in the morning to do janitor work. A girl from Washington trolled for salmon in the Columbia. Another girl has been a cook for harvest hands. Two young men were oilers on a ship. Another was foreman of a 9000-acre farm. A girl carried the mail and earned 25 per cent of her own way. Still another girl worked at a soda fountain."

The text is longer than what we have to say on it. Indeed, all we wish to do is to get our young people to do a little thinking on the subject of college training. The three paragraphs above are the foundation for this thought. Here are reports from the graduating class of one college only. Of that class nearly 50 were entirely self-supporting. One hundred and eighty-four have earned more than a third of their way. They have done scores of different things to earn money, each of them adding to his self-reliance and his education for life.

Will the young people of Bend profit by this example? Some of them who have recently been graduated from the high school may feel that they cannot afford to go to college. We urge that they consider the achievements of those who have just been graduated from college. What these have done, they can do. A little hardship now; a little extra work, and they will have a better training for the business and the pleasure of life.

Fifteen Years Ago

(From the columns of The Bulletin of June 23, 1906.)

The prospect for the beginning of railroad construction up the Deschutes river grows brighter day by day. A prominent Oregon Trunk line official said last week: "Contracts are let and work has commenced. There is no longer any question as to the intention or financial ability of the Oregon Trunk Co. The road is to be built now."

One road that is actually doing construction work, but which isn't attracting the usual attention in these parts, is the Gould line, building from Madeline to Alturas. This road will eventually be extended to Lakeview, and there are those who think Gould has his eye on Portland and will ere long push his road northward from Lakeview through the Bend country to that port.

Governor Chamberlain, State Treasurer Charles A. Moore, Attorney General A. N. Crawford, State Engineer John H. Lewis and State Land Agent Oswald West were at the Farmers' Institute program here Tuesday, accompanying F. S. Stanley, general manager of the Deschutes Irrigation & Power Co., and Jesse Stearns, a prominent stockholder of that company.

Grover G. Gerking and Miss Fay Gerking of Tualuma visited in Bend Tuesday.

J. J. Smith of Prineville was in Bend Tuesday.

J. K. Weatherford of Albany arrived in Bend yesterday, having come on horseback through Minto pass.

Fred Wallace and wife of Laidlaw helped Bend to celebrate last Tuesday.

The barber shops of Bend will hereafter be closed on Sunday. The barbers announce that positively no work will be done by them on that day.

BROOKS-SCANLON CO. TRADES SHORT SPUR

Long Branch Tapping Logging Road Taken Over In Exchange—Transfer Contemplated for Years.

A recent transaction by which the Brooks-Scanlon Lumber Co. becomes owner of the long railroad spur from the wye to the logging road, while the O.-W. R. & N. and the Oregon Trunk take over the short spur leading to the Brooks-Scanlon shipping and dry sheds, was announced Tuesday. To equalize the difference in the lengths of the two stretches of track, the lumber company paid the railroads \$2120.

The spur to the shipping department was constructed by the lumber company in 1916, but, as it is customary for property of this kind to belong to the railroads, while the joint O.-W. and O. T. spur to the logging road was of more direct interest to the company, negotiations for a trade were promptly started. These were broken off when the railroads were taken over by the government and only recently has it been found possible to complete the transaction.

SAYS RURAL DANCES MUST BE LICENSED

Law To Be Strictly Enforced, Says Sheriff—Would Fix Responsibility For Disorderly Actions.

The law requiring that licenses be taken out for all public dances given outside the limits of an incorporated town will hereafter be strictly enforced, Sheriff S. E. Roberts declared. Responsibility for disorderly action at such entertainments will this be centered, the sheriff believes and, as a result, much of the drinking and retailing of liquor which has been doing on at rural dances will be stopped, he hopes.

The law covers all of Deschutes county, with the exception of Bend and Redmond. Permits to conduct country dances may be secured from the county commissioners, Sheriff Roberts states.

GAITHER ELECTED TO GRAND LODGE OFFICE

J. L. Gaither of Bend was elected Grand pursuant of the grand lodge, A. F. & A. M., at the convention held in Portland last week. J. D. Davidson, A. A. Anderson and Mrs. Gaither and daughter returned Tuesday from Portland after attending that convention and the meeting of the grand chapter, Order of Eastern Star. Mr. Gaither remained for another week of his vacation.

W. P. Lozier, who went to Portland with the party, has received a government appointment, and will go to Yellowstone National park.

Roads between Bend and Portland were in the best shape he had ever seen them, reports Mr. Davidson. A recent rain made them like a pavement most of the way. They drove in the rain from Portland to Hood River, seeing one car wrecked as a result of slippery pavement.

POWELL BUTTE WILL DANCE ON JUNE 24

The June ball given by the Powell Butte Community association will be given Friday evening, June 24, at Powell Butte hall, it is announced. Redifer's four-piece jazz orchestra will furnish the music. Proceeds from the dance will go to the publicity fund of the association. Dancing will begin at 9 o'clock and later in the evening supper will be served.

MONEY APPORTIONED FOR COUNTY FAIRS

Apportionment of the county fair fund among the counties of the state, announced by Secretary of State Koezer, allows \$636.24 for Deschutes, \$401.98 for Crook, and \$379.43 for Jefferson. The fund, which is raised by a levy of one-twentieth of a mill on the taxable property of the state, this year aggregates \$48,730.87.

GRANGE FARMS HURT BY LACK OF WATER

GRANGE HALL, June 23.—The C. O. I. company's main canal broke Sunday night at 10:30 o'clock on the Stanley place and the water was shut off again. The water was off two weeks before and the crops are burning up for want of water.

Violet Hettman and Esther Erickson called at the Ellingson home Monday afternoon.

Mrs. Almus Neff has returned home from a two weeks' visit in Hood River.

Gladys Dahle called on Katharine Helgeson Monday afternoon.

The sewing club met at the home of Esther Erickson Tuesday afternoon. The club took up its first lesson—a needle case. The club will meet at the home of Gladys Dahle next time, on Tuesday at 2 o'clock.

Needra Toomey is staying with Dorothy Young this week.

George Erickson returned home Thursday after a trip by auto to Portland to see the Rose festival.

Mable Dahle stayed in town a few days with her sister this week.

Dr. G. W. Trubey, tuberculin tester, declares that he has not found any tubercular cows in this vicinity this week.

A school election was held at the school house Monday afternoon. K. A. Nelson was elected director and E. E. Butler was reelected school clerk. H. Helgeson, Julius Pedersen and Fred Hettman went over to the Stanley ranch to look at the break in the canal last Sunday.

O. P. Dahle and family attended church Sunday.

O. Swanson is working for the C. O. I. Co.

Katharine Helgeson called on Esther Erickson Sunday afternoon. Dorothy Young, Needra Toomey and Anna Smith called on Helene Sheldy Wednesday.

Mrs. H. Helgeson called on Mrs. Pedersen Monday afternoon. Alec Walters was out from town, looking after his farm, Sunday.
