They have the style, best of materials, a large assortment from which to choose, AND THE PRICES ARE THE VERY LOWEST. Can you ask for more?

PARISIAN SHOW TAKES IN \$2,000; GREAT SUCCESS

INTEREST LIVELY ON FINAL EVENING

ATTENDANCE RECORD

FI-PI Turns Out To Be Dual Personality — Performers Entertain Themselves When Crowd Leaves —Athletic Club His Big Fund

Participation in the Parisian tours, ended Saturday night at the American Legion building, was keen up to the last moment, and a great cheer of appreciation for the entertainment furnished by Percy A. Stevens Post and the outsiders who assisted went up as the three day show ended. A capacity crowd filled the gymnasium the last night.

Over \$2,000 was taken in on the three nights. Expenses were light as almost all work was donated, and the B. A. A. C. has a fund which will go a long way in operating the building. An entertainment of an entirely different nature is already being planned for August. Regular activities of the building will begin this week.

Mysterious FI-PI was unmasked before the crowd in the main auditorium, and was found to be Miss Kathryn Day. It is whispered that she has a double, Lola Whitmore, who performed admirably in her place on occasion. Moved to the stage the last night, FI-PI drew record crowds. "Little FI-PI" was also popular.

All who had a part in the work of conducting the tours were entertained in a party following the final show, by the Cafe de Patee committee. All of the entertainers were called upon for numbers, and refreshments were served. It was a jolly occasion, in spite of the three nights of hard work which had been gone through.

The Follies Bergere, on the main floor, drew a large share of the revenue. Charles W. Erskine was in charge, and kept up the interest in the jitter dancing at all times. He was assisted by Ralph Lucas, Robert Innes and Earl B. Houston. J. E. Smith and F. T. Fairchild were in charge of the country store, and C. T. Terril, Harry Reingold and W. E. Sanders conducted the raffle of bathing suits and gymnasium clothing.

Kenneth Sawyer was cashier, and Frank Prince assisted in the decorations and helped out in general. Ray Golden, Fred Triplett and Ben F. Purdy staged the entertainment the last evening.

Efficient services in keeping order and conducting people about the building were performed by the M. P.'s. They were Crosby Shevlin, sergeant; Charles Wilson, David C. Watson, Earl B. Houston, Lawrence Gunning, S. R. Brown, W. J. McDonald, L. T. Dawson, Roy Van Vleet, S. R. Peoples, William Baer, Howard Beaulieu, Ben W. Gillander, A. E. Hill, George Conklin, Leroy Fox, Ben F. Purdy.

(Continued on Page 5.)

Every attraction of the Parisian tours was represented in Friday night's parade, FI-PI, guarded by husky ex-service men to avoid a police raid, led, followed by the Shevlin-Hixon band, which had offered its services. Next came a truck loaded down with artists from the Cafe de Patee, and one from Monte Carlo, with the proprietors of the various games and the custodians of the bar. A large crowd witnessed the parade.

"Kisses That Came in the Night," an old song delivered with a new kick, proved a hit when sung in the Cafe de Patee by Margaret Thompson, who with Mrs. Edith Stapleton, has been making life miserable for bashful bachelors in the cabaret.

The Parisian tours entertainment has had the effect, which was expected, of bringing many new members into the B. A. A. C. The total was nearly 400 today. Members are asked to bring their receipts and get the white ribbon tonight. Legion and Auxiliary members expect to sign up great numbers of new members before the evening is over.

Instead of giving their regular evening concert, the Shevlin-Hixon band assisted the American Legion by playing for Friday night's parade. The band is becoming a snappy marching organization, as well as turning out high-class music.

\$10,000 INSURANCE REWARDS KINDNESS

C. E. Myers Named As Beneficiary By Soldier Whom He Had Befriended In Bend 9 Years Ago.

The gratitude of a man he had befriended nine years ago was made known to C. E. Myers, owner of the Myers building on Bond street, when he received word from the bureau of war risk insurance that he had been named as beneficiary in a \$10,000 policy taken out by Fred B. Hahn, a former resident of Bend. Hahn died in 1920 of injuries received in action, but Myers has just received word that the insurance was taken out for him.

In 1912 Hahn shot Herman Bowers, more commonly known as "Peoria Slim" in the course of a quarrel caused by liquor. Hahn had previously received a number of favors at Myers' hands, but his friend's action in paying for medical treatment for Bowers and in persuading the man not to prosecute, is considered by Myers to be the reason back of the \$10,000 legacy.

Hahn left Bend shortly after the shooting, and Myers heard from him at intervals. The boy enlisted at the beginning of the war, saw service overseas, and was discharged as totally disabled. His death occurred last year.

ROYAL NEIGHBORS HAVE NEW ORACLE

Mrs. Minnie Ayres Elected To Fill Vacancy Caused By Resignation —Other Offices Filled.

Mrs. Minnie Ayres was elected oracle of the Royal Neighbors lodge Tuesday night, to fill the vacancy created by the resignation of Mrs. Lottie Shannon because of poor health. Mrs. Dora Gales was elected to fill Mrs. Ayres place as manager. Miss Fern Aellen took the position of captain of the decree team, vacated by Mrs. Maude McGibbon.

Ice cream and cake were served following the business meeting, which was well attended.

BEND ELKS WITNESS HOLDUP OF SALOON

Thrilling experiences were the lot of E. L. Payne, Eddie Lyons, and Elmer Lehnheer, Bend Elks who motored across the border into Mexico following the national convention in Los Angeles, a telegram received Tuesday morning from the trio reports.

According to the wire the Bend lodge men were in Mexico Monday when Mexican bandits held up a liquor house. The wire fails to state whether or not the three were numbered among the holdup victims.

"Mexican bandits hold up liquor house and steal \$1600," says the telegram, which was sent from San Diego last night. "Caught at 6 p. m., and will be shot at sunrise. We witness all."

BURNS ROAD GETTING ROUGH; COUNT TAKEN

Dry weather is causing chuckholes to develop in the Bend-Burns road, especially at the Burns end. Construction work is going on for 15 miles out of Burns.

A census of travel on this road is being taken by the state highway commission at Sagehen hill for three days ending today. Watch is kept of traffic for 10 hours every day.

BOY SCOUTS BACK FROM ENCAMPMENT

All of the Boy Scouts have returned from their 10 day encampment at Elk lake. Most of them came Saturday evening, but one group was held up by the break in the bridge over the Deschutes, and did not arrive until Sunday. "A fine time," the boys are telling their families and friends.

Care of Phone. Once every so often give the telephone a thorough washing in alcohol. Take off the mouthpiece and pour alcohol through the little holes into a saucer. Wash the receiver with a cloth wet with alcohol. Do not wipe the parts dry, but let the alcohol evaporate. Alcohol is one of the most effective antiseptics known.

CLASSIFIED ADVERTISEMENTS

Classified advertising charge per line 20 cents for 30 words or less. One cent per word for all over 30. All classified advertising strictly cash in advance.

TOO LATE TO CLASSIFY

FOR SALE—Seventy pure-bred Shropshire rams, one and two years old. A. T. Jernstedt, Carlton, Oregon. 57-21-23c

HEAVY LUMBER BUYING IN NEAR FUTURE EXPECTED FROM SURVEY

The American Lumberman recently sent over one thousand letters to retail lumbermen in all parts of the country, asking for information concerning the amount and kinds of building, outlook for fall trade, condition of stocks, and other data influencing the present and prospective demand for lumber. Several hundred replies have been received and carefully analyzed. They furnish substantial assurance of a large and increasing volume of building during the remainder of the year. Naturally these letters reveal what was already generally known in the trade, namely, that business in the building line, taking the country over, is quite spotted.

The Lumberman says: "While in very many sections the volume of building for the first half of this year greatly exceeded the corresponding period of last year, there are others where it fell below. The bulk of the building thus far this year, broadly speaking, has consisted of, and is, in the cities and towns, a very large proportion of residences. There also is quite a wave of building situation both public and private. A recent development in the building situation is the large number of churches begun within the last sixty days. This is a class of construction that has been practically suspended for four years. These new edifices range from small country churches to those in cities costing up to \$250,000.

More school buildings, hospitals, and State and institutional buildings of various kinds have been begun

during the last two months than the total of that class of building erected in the last two years. Crop conditions are almost uniformly reported good, and a good fall trade is expected, of course, dependent somewhat upon the prices received by the farmers for their products. While, as already stated, the cities and towns have been doing the bulk of the business, there is noticeable marked increase within the last thirty days in farm buildings, particularly barns. There will need to be considerable building of corn cribs and granaries to care for the unusually large crops now being harvested and in prospect.

"Retail stocks of lumber generally are the lowest in years, pointing to heavily increased buying in the near future to care for the fall trade. The consensus of opinion of these hundreds of retailers is that business in their line is improving, with strong prospect of further improvement in the fall. The replies reveal a spirit of optimism, courage and conviction that augurs well for the general prosperity of the country."

FIRE BALL TEAM TO PLAY MADRAS

The fire department baseball team will be in action again Sunday at Madras after a rest of several weeks, playing the team representing that town. Manager Norval Springer has a strengthened lineup, and expects to show Madras a fast contest. A return game will be played here the following Sunday.

CHAUTAUQUA BAND TO PLAY AT DANCE

Bland's Orchestral band, appearing this afternoon and evening at the Cadmean Chautauqua at the gymnasium, will furnish the music for a dance to be given by the athletic club immediately after the evening performance. It was announced this morning by C. H. Knowles, of the gymnasium governing board. The dance proceeds will go entirely to the club.

WOODMEN PLANNING JOINT INITIATION

Members of the Bend, Redmond, and Prineville lodges of the Woodmen of the World will gather in Redmond on the night of Saturday, August 6, for a joint initiation of candidates secured during the campaign for members now being conducted.

SIX DEER HEADS ARE MOUNTED IN STORE

Six deer heads, most of them from deer killed by the proprietor, were mounted today on the walls of Buchwalter's Sport Store. Mr. Buchwalter also has nine sets of horns, and these are also being displayed. A huge black bear rug has made its appearance on the floor.

MILL FIREMEN DO FAST HOSE DRILL

In the first practice held by the reorganized Brooks-Scanlon mill fire crew, water was thrown on an imaginary fire in 30 seconds after the carriage stopped. "Good work," was the verdict of City Fire Chief Tom Carlon, who was a witness.

Critical Month for Uncle Es.

March is recognized as a rather trying month—a dangerous month because weather conditions tempt people to certain indiscretions. The philosophic old darkey realized this when he observed: "Ah notice dat when Ah lib frough de month o' March, Ah mos' always lib frough de whole year."

Time and the Man.

A French statistician concludes that at the age of fifty the average man has slept 6,000 days, worked 6,500, walked 800, amused himself 4,000, spent 1,500 eating and been ill only about 500 days, or about 3 per cent of the time.

TOWN PESTS

Our Private Pest comes into this Busy Office, grinning like a Hyena, to point out a Typographical Error in the Paper. Like all Newspapers, we make Errors and we Expect to Keep Right On making Them, and we are not Worrying very much About It. What's More!
