tion Against Union Off Co.-City To Save By Putting The Police Headquarters In Firehouse.

through the reduction of the salaries of police or fire department employes, the fact remains that economies are still contemplated which will affect Innes, in advocating the move. the woman's protective division, with a possible cut in the salary of the city engineer. This was shown Friday night at the meeting of the city council, when a special committee, headed by H E. Nordeen, reporting on Councilman Fox's salary revision ordinance, reported that further time would be needed before arriving at a decision in regard to these depart-The committee advised against any downward change in the compensation rate for police or for fire chief or fire engineers.

An ordinance introduced on the request of the Union Oil Co. of California, to permit the construction and operation of a warehouse and tankage system just south of the railroad spur on Wall street, for the storing, sale, and distribution of petrofeum and its products, was read for the first time, but is by no means sure of passage. This was seen in the remonstrance made by H. C. Weaver, who declared that property owners in the vicinity of the site selected by the company are opposed to any such action on the part of the council. He said that a petition to this effect will be circulated and presented to the council at its next meet

### Mill Possibility Pointed

Councilman Gilbert pointed out that should rumors of mill construction north of the city become a reality, the business section of the city Transcript.

would extend in that direction until it touches the oil company's desired location. Fire Chief Carlon added that it is common practice in many cities to exclude oil tankage systems from the city limits as a fire hazard.

December was added to the months during which, according to the city laws, public buildings must be adequately heated. An amending ordinance correcting an error by which December had been omitted from this list, was read for the final time, and carried without opposition.

Police Offices Moved

office rooms used as headquarters for the police department was ef-Property Owners To Circulate Peti- feeted when a unanimous vote orchange, Councilman Gilbert emphasized the point that the red light police signal would eliminate any possibility of phone calls disturbing the While nothing will be done in the night fire crew. A signal, he said, way of trimming city expenses could be installed in the firehouse. Greater efficiency as well as economy, were among reasons cited by Councilmen Nordeen, Leverett, and cas; historian, Mrs. Craig Coyner.

Jitney Men Protest

Protests of jitney drivers against the \$15 city license were referred Earl B. Houston as treasurer, were to the police, fire, and license com- the officers of the auxiliary chosen mittee. A. L. Saye, spokesman for at an uncontested election. Addithe jitney men, declared that the li- tional executive committee members cense does not protect against the are Mrs. A. A. Symons, Mrs. Craig competition of other auto owners Coyner, and Mrs. Caroline Horner who drive for hire. In addition he voiced a desire for the licensing of garage proprietors and others who rent cars without a driver. Chairman Gilbert, of the committee to de which the matter was referred, stated Cal., that he was against any reduction in severe. the present amount of the license.

The report of Chairman Innes of the streets committee that ice in the edy river backing against the Tumalo avenue bridge is threatening that TOM AND GILBERT structure, was referred to his own committee:

Designation of F. W. Wells, who leases the city disposal tract as custodian of the ditches which carry the runoff water from the sewage plant, was made, Wells agreeing to assume responsibility in exchange for the canceling of the \$150 a month rent charge.

Our Own Garden Hints.

Robert wants to know how to tell whether or not the little green shoots that appear in his garden are weeds. Yank them out, Robert. If they come up again they are weeds.-Boston

**BUYING THE SEEN AND** 

It is easy to judge the size and quality of a visible commodity. There are certain recognized standards that have been universally accepted to which purchased articles

With invisible commodities, such as a publication's circulation, the matter is not so simple. It was only recently that a definite measurement has been obtained.

The A. B. C. now furnishes a recognized standard by which circulation may be measured. A publication's distribution can now be as accurately gauged as any other pur-
