

POULTRY SHOW SUCCESS SEEN IN ATTENDANCE

TOTAL VISITORS TODAY TO BE 1,000

PRIZES ARE AWARDED

Harry Neal of Prineville Takes Sweepstakes—Exhibits Excellent And Varied—Bloody Cock Fighting Occurs.

A register of visitors at the Poultry show for Saturday only, showed at 3 o'clock that over 600 persons had visited the room in the Miner building where the displays were located, and crowds were at that time pouring into the building faster than ever, assuring an attendance for the day of over 1,000.

From the excellence and variety of displays, the attendance and interest shown, it is safe to say that Bend's first annual Poultry show was an unqualified success.

Black Minorcas—E. Wagoner of Prineville; Mrs. H. J. Sottong, Mrs. H. J. Sottong.

White Leghorns—R. D. Stowell, C. McLaughlin, Mrs. W. T. King.

Bantams—Miss Grace Sawyer, Mrs. R. D. Stowell, Lawrence T. Nicholson.

White Rocks—G. M. Thorp, F. C. Fish, P. J. Reif.

Barred Rocks—Charles Carroll; Roy McCallister, of Prineville; Mrs. H. J. Sottong.

Silver Laced Wyandottes—William Freund, Prineville.

Buff Orpingtons—Mrs. M. A. Thurston, Mrs. P. E. Lynes.

White Wyandottes—Harry Neal, Prineville; W. G. Headrick.

Rhode Island Reds—Mrs. H. E. Beach, Julius Pederson, J. H. Gray.

Capona—Mrs. R. D. Stowell.

Light Brahma—Mrs. K. J. Creighton.

Ducks—Dr. R. D. Stowell (Call ducks); J. W. Jonas, (Indian Runner); R. D. Stowell, (Indian Runner).

Turkeys—O. L. Davis, Rolla Chase, Mrs. Pearl Gingrich.

Exhibits entered late yesterday included Barred Rocks, by Charles Haines, F. G. Powers of Redmond, H. L. Ogden and Rolla Chase; Oregon pullets, F. W. Wells; Pearl Guinness, F. W. Wells.

Some bloody exhibitions of cock fighting which were staged during the early part of the night necessitated the placing of cardboard between the coops.

Exhibits of feeds for chickens, and a demonstration of a farm lighting and power plant, were contained in the same room, and attracted much attention.

Barred Rocks Win

Charles Carroll of Bend took the general sweepstakes prize for the best cock and for the two best hens. They were Barred Plymouth Rocks. E. Wagoner of Prineville took the general sweepstakes prize for the best hen. Harry Neal of Prineville won the Class C sweepstakes with his pen of White Wyandottes. R. M. Chase won the sweepstakes for the best turkey hen, and O. L. Davis for the best gobbler.

Root's Cleverness.

A lawyer who once opposed Ethu Root in a breach-of-promise suit tells this story: "My client, for all her broken heart, was a very pretty and vivacious girl. Root defeated her—and me—by ending his defense with these words: "Gentlemen of the Jury, do you really think that this charming young lady's life is blighted or that her prospects of getting married are prejudiced in the least? I don't suppose you do. There is not one of you who would be averse to forming the acquaintance of so delightful a person. Why, look at her now—she is actually smiling at me, but I must at once inform her that I am not in the matrimonial market."—Boston Transcript.

KEEP THE CHILDREN WELL.

Don't neglect a child's cold. You can relieve feverish colds, coughs, "snuffles" and tight wheezy breathing with Foley's Honey and Tar. It checks croup, too. John H. Hunicutt, East Orange, N. J., writes: "I find Foley's Honey and Tar very good for the children." Contains no opiates. Sold Everywhere.—Adv.

YOUTH ADMITS THEFT OF GUNS

LEE STEVENS COMMITTED TO STATE TRAINING SCHOOL BY JUVENILE JUDGE — AGE 18 AGAIN QUESTIONED.

Lee Stevens admitted Saturday in juvenile court that he had stolen a rifle and a shotgun from J. H. Hauser's automobile on last October 15, and was committed to the Oregon State Training school for boys at Salem by Judge R. W. Sawyer. Ray Stevens, an older brother, said that he had tried to keep the boy straight, but had seemed to have no authority over him.

Dr. J. Tauscher, Jr., representative of the Boys' and Girls' Aid society of Oregon, which had charge of the boys for several years, was present to tell of Stevens' record while under his observation. The society had relinquished its charge of Lee and his brother Robert because they became delinquent, he testified.

Lee Stevens' age was again questioned for the reason that Dr. Tauscher's records showed him to be 18 years old prior to the theft, but Judge Sawyer ruled that the case would continue in the juvenile court.

American Time Signals Best.

The English freely admit that the system of telegraphic time signals adopted by the naval observatory at Washington is much to be preferred to that in use at Greenwich for supplying Great Britain with standard time.

At Greenwich a signal is sent out at noon, whereas at Washington a series of signals is used, beginning five minutes before noon. During these five minutes every tick of the observatory clock is electrically transmitted, except the twenty-ninth second of each minute, the last five seconds of the first four minutes, and at last ten seconds of the fifth minute. After this final ten seconds break, the noon signal is given. In this manner the middle of each minute is clearly indicated, and yet more clearly the instant of noon. The length of the series facilitates the regulation of clocks and chronometers.

Fifty Men and One Elephant.

Interesting tests were once made to determine the respective pulling power of horses, men and elephants. Two horses, weighing 1,000 pounds each, together pulled 3,750 pounds, or 550 pounds more than their combined weight. One elephant, weighing 12,000 pounds, pulled 8,750 pounds, or 3,250 pounds less than his weight. Fifty men, aggregating about 7,500 pounds in weight, pulled 8,750 pounds, or just as much as the single elephant. But, like the horses, they pulled more than their own weight. One hundred men pulled 12,000 pounds.

Aids in Learning Alphabet.

To aid children to learn the alphabet a machine has been invented which, as lettered keys are pressed, raises cards bearing the letters and pictures of objects the names of which begin with the letters.

Heads "Sized Up."

The size of a man's cranium has nothing to do with the size of his head. Truly big-headed men are usually so modest you have to push them into their honors.

Woods Flower-Carpeted.

Soon after the earliest blossoms have lifted their heads to the sunshine the stately queen of the vernal woods—the large white trillium—unfurls her banners of snowy white. In many woods this species occurs in such numbers as to give the forest floor the appearance of a white-starred carpet. We are likely to find a white spider, with the front two pairs of legs much elongated, sitting close to the center of the flower. This is the white crab spider, a species which thus maintains an attitude of waiting with its long legs spread like a pair of forceps over the middle of the blossom ready to seize such insects as may visit it in search of nectar or pollen.—American Forestry Magazine

Helen Pettigrew, pretty blue-eyed miss of twenty, wants to be governor of Kansas. She is head of an Anti-War Club. Her campaign for the governorship is being managed by a younger sister. Her platform includes opposition to all "Blue Laws." She also believes in jazz music, beer and light wines for those who want 'em; that women should smoke if they wish and dress as they please.

STAGE MANAGES ROUND TRIP BY AID OF HORSES

The Silver Lake stage driven by J. L. Harriman, which left Bend Thursday returned Saturday after making the full round trip to Silver Lake for the first time in more than a week. The aid of horses was necessary for a part of the distance. The stage left Silver Lake at 10 o'clock Friday morning and arrived here at 8 Saturday morning. It left again Saturday, going only to the strip of corduroy road 18 miles south of La Pine, and three miles from Summit station, from where a horse stage will take the mail and passengers.

A. B. Gertson, made the round trip with the mail Friday to La Pine. He stated that the trip was difficult, not so much on account of the depth of the snow as because of its roughness and the uneven condition of the ruts, making it hard to keep in the road.

Sugar Once a Delicacy.

We are apt to forget how short a time it is since sugar was regarded as a costly delicacy, proper to be used by the wealthy alone or as a medicine. In the early colonial days it sold at about 75 cents a pound, in the loaf, and granulated sugar was unknown. It was with the growth of the custom of drinking coffee and tea that it became a food staple. When it was introduced to England in medieval times it was as "Indian salt," a rare and precious condiment, although the art of boiling sugar was known in India before the Seventh century, and in Egypt much earlier. The Dutch brought sugar to Manhattan, and a New York Gazette of 1730 carried this advertisement: "Public notice is hereby given that Nicholas Bayard, of the City of New York, has erected a house for refining all sorts of sugar and sugar candy, and has procured from Europe an experienced artist in that mystery."—New York Evening Post.

Heads "Sized Up."

The size of a man's cranium has nothing to do with the size of his head. Truly big-headed men are usually so modest you have to push them into their honors.

Often big bones are bestowed by a pitying providence to compensate for the lack of gray matter their bigness would suggest.

Napoleon was a small man with a bullet-shaped head. He was dictatorial and imperious. But then you can forgive such a fellow, when he has the goods. It's the would-be's that try men's souls.

Many of the nation's greatest men have very ordinary-sized heads when measured by their hat bands. In fact, they offer no suggestion of the big head when viewed from any angle.—Grit.

"Pay As You Leave" Plan To Be Tried In Bend Theaters; Movie Patrons To Appraise Worth Of Films Exhibited

No more prices are to be announced for Bend movie shows, beginning on Monday. Individual theater goers will appraise each bill and after seeing it will pay whatever each thinks it to be worth. J. B. Sparks, manager of the Liberty and Grand theaters, announced Tuesday. The "pay as you enter" plan is to be discarded for the "pay as you leave" system, already demonstrated in Seaside as a highly practicable one.

Theater patrons may pay less per show than now; some of them may pay more, but even if all pay substantially less, Manager Sparks believes that his revenue will be as great or greater than it is at present. More people will have the opportunity to see more shows

at least money, no one will be dissatisfied at the price, and seating space available will easily take care of largely augmented crowds which may be the result of the new policy, says Sparks.

The entire plan is based on confidence in the fundamental honesty of the average Bend resident, and this confidence Sparks has.

A box will be in the lobby of each theater will be conveniently placed to receive the nickels, dimes, and quarters of movie fans leaving the shows. If a patron leaves nothing in the box it will be taken as an expression of opinion that the show is not worth while. An attendant will make change for those who have only coins of larger denomination than they care to leave.

Coaster Injured, Memory Lapse of 4 Hours Results

His memory a blank as to occurrences between the hours of 7:30 and 11:30 o'clock Friday night while on a coasting party, Mike Mahoney, son of Mr. and Mrs. Jack Mahoney of Delaware avenue, has as his first recollection of the night his trip homeward. Then he found himself pulling a sled on which rested 16 year old Blaine Orrell, son of Mr. and Mrs. L. F. Orrell, of Georgia avenue. Young Orrell had been severely bruised while coasting, and Mahoney's memory lapse had been caused by a head on collision with a tree as he tobogganed down the hill back of the Shevlin-Hixon mill. Several others were reported to have been hurt Friday night on the same slide.

FIND HEALTH IN SUN'S RAYS

Ancients Had Full Faith in Treatment Now Practiced in the Most Modern Sanitariums.

In a small village in the Adirondacks there is a sanitarium where patients take sun baths. And a high price is charged for the treatment.

Bathing in the sun's rays for health is an ancient ceremony, handed down from the earliest ages. Wiseacres in bygone times used to bathe in the sunshine, believing in the great value of light as a destroyer of disease. Light was the secret and universal medicine by which they cured many diseases.

Sunlight is the greatest factor in our planetary existence; if it failed all life would perish. One has only to look at nature for potent examples. In vegetable, animal and human life the influence of sunlight is strongly manifest. Compare the vegetation in the gardens of a back street away from the sunlight with similar growth in the open country. Compare the children of the country with those lying down a narrow street of the city slums.

For creating good general health and happiness no medicine is so effective as the direct rays of the sun. A sun bath consists of letting the rays of the sun bathe the skin each day, preferably during the morning. The body is, of course, wholly or partially uncovered.

Best Way to Fall. If one must fall there is less likelihood of serious injury if one relaxes than if one tightens the muscles and offers too great a resistance. A drunk man or a child offers less resistance than is usual in other cases.

CITY CLUB WINNER OVER PLANT TEAM

The City club Monday defeated the Shevlin-Hixon plant bowlers in the American Legion alleys by a score of 2,347 to 2,069, getting three straight games. Roy Slate of the City club bowled the high score, 528 for the three games and 201 for a single game. The scores:

SECTIONAL DEBATE TO BE HELD HERE

Intense rivalry among the high schools of Central Oregon which have qualified for the second round of the state debating honors has resulted in a decision to hold the debates in neutral towns. The sectional contests will be held in Bend, according to an announcement from The Dalles. Prineville will meet either Odell or Wasco high here.

But Is It Worth It?

This is a remedy of an English woman for taking off superfluous ounces from the face that has become too fat through overeating and lack of exercise.

To begin with, of course, she recommends mild dieting and plenty of walking and lots of water to drink every day. This to cut down superfluous fat all over the body.

One good exercise is this: Open the mouth and work the jaw vigorously, first to the right, then to the left, then backward, then forward. Do this persistently.

Then draw the cheeks in between the teeth and puff them out hard and full. Then, with the teeth shut tight, stroke the cheeks with the palms of the hands gently upward from the chin tip to forehead. Don't do any of the stroking exercises too rapidly or vigorously, but do them for a long time, persistently, slowly. You will get the best results in this way.

BASKETBALL GAME IS SET FOR FRIDAY

Friday night has been definitely decided upon as the date for the basketball game between the high school and B. A. A. C. teams. Both are practicing hard this week in preparation for this contest. The lineup will be about as they were in previous games.
