Mrs. DeWitt Williams is recovering from a very severe case of the flu.

Gladys Van Tassel, Newell Van Tassel and Albert Hebbard were Sunday guests at the Wimp home.

COBB SHOWS SPEED ASSEMBLING BEDS

Legion Man And C. E. Davis Originate Folding Auto Berth—Frame Is of Plumbing Materials.

Making a folding bed, to be attached to the running board of an automobile, in 15 minutes out of ordinary plumbing materials—that is the present occupation of Norman Cobb, former manager of the American Legion building. The bed is the invention of Cobb and C. E. Davis.

The parts and connections are all in proper sizes and ready for assembling beforehand, and it is only the framework that Cobb assembles in 15 minutes, but that means fast work. There is only one joint to be turned with a pipe wrench.

FORRESTER TAKES OVER SCOUT WORK

Franklin Forrester of the high school faculty Monday took over the work of Scoutmaster for the senior troop of Scouts which is to be permanently organized Wednesday night in a meeting at the American Legion clubrooms. A number of boys from 15 to 18 years of age have already signed up to join the new troop. Three boys who would have

LEADERS NAMED TO CONTINUE WORK OF HOME DEMONSTRATOR

Although Deschutes county home demonstration work under the direction of Miss Eva Comegys, who left Tuesday to take charge of similar work in Benton county, ends, one feature of the work will be continued by local leaders who have become competent through training under Miss Comegys. In dress form making, the following Bend women have offered their services to anyone desiring instruction, the work to be under the general direction of Mrs. Oscar Lyles, 720 Delaware avenue:

Mrs. H. G. Farris, 138 St. Helens Place; Carl Johnson, 317 Broadway; O. C. Henkle, 827 Georgia street; H. W. Westrum, Box 465; M. Montgomery, 1016 Federal avenue; L. C. Hanson, 1136 Federal avenue; Glenn Mast, 1126 Federal avenue; R. S. Dart, 1142 Federal avenue; and F. E. Studebaker, East Third street.

While home demonstration work has been in progress, 14 communities in the county have organized for work on various phases of home problems. Meetings have been held at Alfalfa, the Arnold Grange Hall, and Hoeh districts, Deschutes, Cline Falls, Lower Bridge, Cloverdale, Plainview, Sisters, Brooks-Scanlon

campa, Terrebonne, Redmond, and Bend.

Estimated savings to Deschutes county women as the result of the home demonstrator's work in instructing millinery and clothing classes is \$992.53, according to figures furnished by Miss Comegys. During her stay in the county, 78 dresses forms and 14 new garments have been made, 10 patterns have been cut and altered, 71 persons have learned tailored finishes, and 178 have learned decorative stitches. 27 new hats have been made, and 29 remodeled.

Under the head of advice in nutrition, 12 families have changed food habits, 84 children of school age have been reached, 22 of these showing improvement in health as a result. Seventeen women enrolled for child feeding demonstrations, 12 children were enrolled in health classes at Redmond, and 17 at Terrebonne.

Twenty-six families reported for instruction in food preservation, and 196 quarts of food were canned, including vegetables and meats.

Four families secured home made fireless cookers, five secured pressure cookers, and eight obtained other home conveniences as the result of the home demonstrator's work.

DRIVE THROUGH SNOW FOR EARLY FISHING

Residents of the Sisters section are bucking two feet of snow for a distance of 15 miles with their autos to enjoy early fishing on the Metolius river, reports Perry South, forest ranger, in Bend on official business at Deschutes National forest headquarters here. A change in the game laws makes the entire year open season for white fish, and these are being caught in large numbers, South states.

SKIING ENJOYED BY SPORTS CLUB

Faithful members of the Outdoor Sports club met Sunday morning at the Lava Butte ski-ing course. They report a good forenoon's sport. Among them were Theodore Bond, Chris Kostol, John Lyons, and Robert E. Burligh.

MAYBE IT ISN'T SPRING FEVER

If you feel tired, languid, "unsettled," morbid, blue—if you have a sick headache—don't say "spring fever" and let it go at that. Take a Foley Cathartic Tablet tonight and you will feel better in the morning. If your condition is the result of disordered digestion, there is nothing better. Sold Everywhere.—Adv.

If--

You will draw on your imagination, do some sensible reasoning about a nonsensical subject, it will be possible for us to convince you that we are right; partly so it least.

Suppose human beings were compelled to rely on manufactured hearts to supply life to the body—This manufactured heart having the same important functions to perform as the human heart—when it failed to function life ceased to exist in the body—what kind of a heart would YOU buy, one you could save a few dimes on in first cost or one you were assured would give you uninterrupted service? The best money would buy of course.

Well, your storage battery is the heart of your car. The manufactured organ that gives that car life. Why give your car less consideration than yourself? Your car is not human, tis true, but its the nearest human machinery made for general use, now in service. The best is none too good if you consider cost and service.

The Diamond Grid Battery is guaranteed to give you service two years, and that guarantee is backed up both by a reliable manufacturer and ourselves. Call and let us tell you more about this Battery of service.

Announcement

To Car Owners of Central Oregon:—

The Vulcanizing Department of King Brothers has been purchased by E. W. Willetts, a thoroughly experienced tire man, was instructor in the vulcanizing department of the Auto and Tractor School of Training at Spokane, and previous to that employed by the Ajax tire manufacturers. His experience in the tire business, both in manufacturing and repair work, assures car owners of this section of satisfaction in tire repairing.

If you are a customer of King Brothers you may be assured of the same prompt service you are accustomed to. If you are not a customer we invite you to call at your convenience and get acquainted. We are here to render a Vulcanizing service such as the public demand and is a personal pleasure to give. It will therefore be our utmost desire to render only honest work at honest charges.

Whether you are in need of work or not, pay us a visit.

E. W. WILLETTTS (The Tire Man).
