

# SECRETARY OF STATE PREPARES TO ISSUE NEW LICENSES FOR 1923

**\$3,307,083.98, Received in Auto Fees, Pay for Road Program**

Application blanks for 1923 licenses have been mailed by the secretary of state to all motor vehicle owners in Oregon, so as to permit them to apply for and receive such licenses before January 1, 1923. Deferring applying for licenses until about the first of the year only congests the work of the secretary of state's office and may result in the arrest of car owners by traffic officers for failure to have the 1923 license on their cars after January 1. License plates for 1923 will have a dark blue background and white figures and letters.

Up to October 27, 1922, there have been registered and licensed in Oregon 536 motor vehicle dealers, 11,804 chauffeurs, 211,946 motor vehicle operators, 3,162 motorcycles and 131,834 passenger and commercial cars, from which the total license fees aggregate \$3,307,073.98. The fees, less administrative expenses, are distributed one-fourth to the counties from which the registrations are received and three-fourths to the state highway fund for use in road construction and improvement throughout the state generally.

The distribution of the registrations up to September 15, 1922, shows that in Deschutes county there were registered 9 motor vehicle dealers, 75 chauffeurs, 337 motor vehicle operators, 18 motorcycles, 1,739 passenger cars, 1 hearse, 3 busses and stages, 58 commercial cars of less than one ton capacity, 137 trucks of from one to five tons capacity, and 1 trailer of over one ton capacity, or a total of 1,939 licensed passenger and commercial motor vehicles.

## JUNIOR-FRESHMAN STANDING RAISED

**Margaret Barr Wins Potato Race—Rope Breaks When Boys Try to Stage Tug of War**

Margaret Barr won the potato race in Friday's interclass competition for the high school girls, adding 15 points to the season score of the

junior-freshman division. Six girls took part.

Two attempts to hold the boys' tug of war failed because the rope, borrowed from Janitor William A. Harris, broke both times.

## SHEVLIN-HIXON MEN DEFEAT CITY CLUB

Shevlin-Hixon bowlers took two games out of three from the City club on the Legion alleys last Wednesday night. Springer, appearing in a league match for the first time this year, rolled a high single score of 203 and a high total of 551.

Shevlin-Hixon			
Herbert	151	176	147
Erickson	156	135	134
Burns	154	181	138
Webb	171	176	166
Boles	174	172	192
Totals	806	840	779
City Club			
Palmerton	131	125	148
Bushong	169	176	154
Absentee	151	135	136
Riedel	122	145	148
Springer	203	169	179
Totals	776	750	795

## FIRE STARTS FROM BED IN TYLER HOME

Fire which started in a bed at the Elmer Tyler home at 1123 Milwaukee about 11 o'clock Saturday, called out the fire department. A neighbor broke into the house, which was unoccupied when the fire was discovered, and extinguished it after the wall had been badly scorched. A cigarette or matches might have caused the fire, according to Chief Tom Carlson. There was no stove or electric heater in the room. Practically no damage was done.

## FRED BLOOMQUIST, MARY YANCEY WED

Fred Bloomquist and Mary D. Yancey, both of Bend, were married last Saturday at 2 o'clock by Justice E. D. Gilson in his office. Witnesses were Ruth Sinrud and Andrew Olson. Mr. and Mrs. Bloomquist will make their home in Bend.

# Railroads Open Fight On 8 Hour Day; Petition Is Filed With Labor Board For 10 Hours, No Overtime

CHICAGO, Nov. 2.—The country's railroads today opened battle to abolish the eight hour day for train service employees with the filing of a petition to the United States railroad labor board by the Chicago & Alton, asking modification of working rules. The railroad asks the abolishment of time and one-half for

overtime in road freight transfer and hostler's service; extension of the time limit in short turn around passenger service from eight to ten hours; and extension of the working day in outlying yards. The trainmen's unions said the demands are also to be those of other roads. If the Chicago & Alton is successful, other roads will make similar demands.

## POTATO EXHIBIT FOR PORTLAND SELECTED

**Uniformity of Size and Color, Regularity Which Brought Past Awards, Again Seen**

Resemblance to a potato bin at harvest time could be seen at the Bend Commercial club office Thursday, when the Deschutes county Netted Gem exhibit for the Pacific International Livestock exposition at Portland was being prepared for shipment. County Agriculturist A. T. McDonald, J. A. Melvin and Secretary Antles did the work of selecting and arranging the specimens to be shipped.

The uniformity of size and coloring, and the regularity of shape which brought to potatoes raised in this county the highest awards wherever they were exhibit last year, was equally apparent in the collection at the club office today. The exhibit for Portland will be shipped tomorrow. Some of the potatoes were set aside for display at the Spokane show.

## KILL KARE BOWLING SCORES IMPROVING

Increased attendance and improved bowling scores featured last week's regular meeting of the Kill Kare, women's recreation club. So many women have applied for admission to the club that they are asking for another period on the bowling alleys. Time early in the evening or on Sunday may be arranged.

**Effect of Age**  
A young man seems to feel sheepish when he has to wheel a baby carriage, but have you ever noticed how proud a septuagenarian is to do it?

# CITY TO GUARD AGAINST FILTH IN DESCHUTES

## State Boards Asked for Opinion on Sewage Plan

## PREPARE FOR BUDGET

**Advisory Committee to Meet With Council on Friday—Isolation Hospital for Contagious Cases Urged**

Before encouraging general drilling throughout Bend to secure a subterranean outlet for the city's sewage, information will be sought by the council from the state bureau of mines as to the probable course followed by such a drainage system, and endorsement of the plan by the state board of health will be asked. This was decided at last week's meeting of the council when the question of waste disposal through underground crevices tapped by drilling was discussed at length and finally referred back to City Engineer Robert B. Gould for further information. Test holes apparently unprofitable, already drilled in Bend in the last two weeks, indicate that this plan of disposal may save the people of Bend hundreds of thousands of dollars which would eventually be necessary for sewer construction, Gould said. His only fear was that waste so disposed of might reappear in the Deschutes river above the mouth of

Crooked river, which would mean that the city would be violating a state law, he said. It was on his own recommendation that the instruction was given that he seek state advice.

**Budget Board Named**  
Preparations for compiling the next city budget were completed when Mayor E. D. Gilson appointed F. Dement, J. N. Hunter, L. D. West, H. H. DeArmond, J. P. Hennessy and George P. Gove as an advisory committee. It was decided that the committee shall meet with the council this coming Friday night.

As a member of the building committee of the Baptist church, Councilman H. E. Nordeen asked that no charge be made for a building permit for the new church building. Some of the churches erected in Bend have paid this fee, while others have made no payment, he said. The question was settled by instructing the city attorney to draft an amendment to the building ordinance exempting churches from paying for permits.

**Fee Total Heavy**  
Eleven arrests were made during October, Police Chief Willard Houston reported. Chief T. W. Carlson of the fire department listed five fires for the month, with 75 inspections. Recorder Ross Farnham reported that his office had taken in \$101.50 for building permits, \$166 for licenses, and \$673 in fines.

Recommendation for a better isolation hospital for care of contagious diseases featured the report of Dr. C. A. Fowler, city physician. Births during the month he listed as 10, with four deaths. Six cases of chicken pox were quarantined, as many released, and nine scarlet fever cases were quarantined and two released.

**Bills Ordered Paid**  
The following bills were ordered paid:

H. O. Jackson	\$ 80.32
C. E. Greisen	62.00
County Library	45.45
City Treasurer	600.00

Troy Laundry	4.15
Arch. J. Tourtellotte	677.57
P. J. Hanson	5.00
George T. Michelson	22.50

# AUTO LIGHTS BLIND DRIVER

## Car Goes in Ditch When Approaching Autoist Violates Law

Blinded by the undimmed headlights and the spotlight of an approaching car, J. S. Innes drove off the grade a few miles north of Bend Friday night while on his return trip from Sisters. Innes was uninjured and the car was only slightly damaged. Verne Manny, driving Innes' car which had upset near Sisters earlier in the day, helped to get the ditched auto back on the road.

Within two miles of Sisters shortly before noon Innes, accompanied by Louis Bennett was driving when a rear wheel struck a rock as the car rounded a curve. The wheel broke, and the car somersaulted, pinning Innes and Bennett beneath. As gasoline and oil from broken pipes dripped on their faces and saturated their clothes, the two could hear the ignition clicking busily away, and had a short circuit developed, they would assuredly have been burned to death, Innes said. Eventually they managed to squirm out, and phoned in to Bend for a new wheel.

The trip to Sisters was made in the interests of Innes' candidacy for county commissioner. The first accident of the day prevented Innes from filling a noon speaking date.
