BEND RESIDENTS NOW REACH TOTAL OF 5,193

(Continued from Page 1.)
 that the figures given are conservative, as many bona fide residents of Bend declare that they were never approached by the enumerators.
 Mr. Overturf's affidavit was made as one of the formalities incident to clearing up the record in regard to the purchase of \$35,000 worth of city bonds by Keeler Bros., of Denver. The money, needed for the purpose of securing right of way and terminal sites for the Strahorn railroads, has been available for city use for some time past, but a new record of population was needed by the bonding house to supersede the last government census record, which showed only a few hundred residents here.
 In the communication received from the Denver concern, affidavit blanks were also enclosed to be filled out by the various city officials, and papers to complete the record in the \$11,000 bond issue which is planned to wipe out the warrant indebtedness of Bend, were among the documents received by City Recorder.

DR. LYON SPEAKS ON MEETING WITH GOD

Preparation Must Be Made Now, Declares Evangelist—Subject Tonight, "The Old Homestead."

Speaking on the subject, "A Great Meeting," Dr. Elwood Lyon, evangelist, addressed a large congregation last night at the Presbyterian church, at the union revival services. He took his theme from the prophecy of Amos, "Prepare to Meet Thy God, O Israel," declaring that preparation was based on the finished work of Christ.
 He asserted that the meeting was in a sense the ushering of the individual into the presence of royalty, and maintained that preparation for this must be made now.
 Special musical selections constituted a feature of the services.
 Dr. Lyon will speak at 7:30 o'clock this evening on the subject, "The Old Homestead."

 CLEVELAND, O., Jan. 12.—Introducing Nurse Jeanette Leveau, sneeze detective. Sneeze for Jeanette and she'll tell you what nationality you are. England might hire her to sneeze out a few spies—if Germany doesn't get her first.
 Baby sneezes and cries are a hobby with Miss Leveau. She's a nurse in the day nursery here. Every little sneeze, she says, has a meaning all its own.

MINSTREL SHOW IS BIG DRAWING CARD

Burnt Cork Artists Entertain Capacity Crowd at the Grand—Infant in Pickeninny Guise Makes Hit.
 Good singing, good dancing and sparkling repartee figured last night in the home talent minstrel show, given under the auspices of the Parent-Teacher association at the Grand Theatre. The black faced comedians were appreciated, too, for by the time the first curtain raised, every seat in the house was taken, and standing room in the rear of the theatre was hardly to be had.
 Both ends were well taken care of, and a four-piece orchestra furnished excellent music. One of the stars of the evening was a pickeninny of approximately 12 months, who smiled cheerfully at the crowd, seemingly unaware of the fact that although his face was a rich black, his nether extremities presented their natural pink and white tint.
 The program given was a varied one, went off without a hitch, and was fully up to the advance promises of the minstrels.

FIRST MAP OF THE NEW COUNTY DRAWN
 (Continued from Page 1.)
 changed boundaries when the map is completed, Mr. Young states. These alterations are being made so as to conform to the topography of the country, providing for greater facility in getting to the polls.
 The redistricting of the Bend precincts was one of the matters which would have been taken up by the Crook county court at its last session in Prineville in December, had not county division taken the territory under consideration into a new jurisdiction.
 No copies of the map, Mr. Young announces, will be available for distribution until approval is passed on the original draft by the county judge and commissioners.

STITCHES NOW LATEST STYLE

NEW NEEDLEWORK ADORNMENT COMING INTO VOGUE FOR VARIOUS ARTICLES OF FEMINE WEARING APPAREL.

By Margaret Mason,
 (Written for the United Press.)
 NEW YORK, Jan. 12.—For goodness sake, if you drop a stitch be sure to pick it up again, for you will need them all. The newest and smartest suits, frocks and wraps are a mass of stitching up one side and down the other.

Don't for a minute think you can escape having a stitch in the side for if you are very chic you will have them in both sides and in front and back as well. The old adage, a stitch in time saves nine, must go in the discard, for who wants to save nine now, when Fashion decrees that to be really smart you must be simply prodigal with stitches.
 "Stitch, stitch, stitch" began "The Song of the Shirt," but now it is the beginning and the end also of every swagger article of wearing apparel. Of course it is the French who have stitched us up in this mad fashion and they have decreed that the stitching must be done either in bright and varicolored contrasting hues or in a tone darker than the material on which the stitches are taken.

Wide bands of stitching run around the bottoms of skirts, checker board designs of stitching run criss cross on a blouse, stitching running around sleeves and up and down 'em and stitching running up and down a skirt in stripes or running around it is the thing. No matter which way you turn you run into these omnipresent stitches somewhere in the running. Strange to say, however, every stitch is not a running stitch by any means. No, indeed, for there is the back stitch that has come very much to the front. Feather stitching is being let down easy, but on light and fluffy effects is sometimes used; and as for cat stitching you will find it very nice on Pussycat willow taffetas.
 Briar stitching always is up to the scratch and in spite of its name you'll never look seedy in seed stitch. There isn't a shadow of doubt but that the shadow stitch is not to be put in the shade by any other stitch and the chain stitch is sure to link you closely to the mode.

The French knot stitch is knotty but nice and the darned stitch is always well worn. The loop stitch is used in the best circles and there are no flies on the cobweb stitch. You come across the cross stitch across lots of blouses and the cable stitch is naturally the very last word in stitches.

The outline stitch is right in line with all the best stitches, and lots of the girls have fastened their fancy on the buttonhole stitch. Nor does fashion lay down on the job when it comes to the couching stitch, so you see the long and short stitch of it is that any stitch at all is good.

Plain stitching, of course, is really the most swagger on the tailored suits and wraps and straight bands, cross bars and zigzags of the stitching and sweeping curves are the favored designs. No other trimming is used with the stitching save a few buttons and a touch of fur. Since it would seem stress is to be laid on the stitching as a trimming for the rest of the winter and spring the seamstress is a very busy person indeed these days. Both she and the surgeon are adepts at taking stitches and they both stitch and trim you at the very same time.
