Central Oregon Hospital gains accreditation

Special to The Bulletin REDMOND — A long hoped-for goal was reached this week by Central Oregon District Hospital when it was announced that the hospital had been granted accreditation by the Joint Commission on Accreditation of Hospitals, Chicago, Ill.

Fred Baer, administrator, received a letter from the commission director, Dr. Kenneth S. Babcock, stating that the accreditation had been granted for one year as a result of an inspection conducted April 8 by Dr. Carl Bachman, commission field representative. Copies of the letter also were sent to Kenneth Munkres, president of the board of directors, and Dr. John F. Dorsch, chief of staff.

According to policy, another survey must be made of the hospital within a year's time. If a hospital has been granted accreditation for one year on two successive surveys, it must achieve accreditation for three years on the third survey visit or be reduced to non-accreditation. Several recommendations were made for improvement of operations at the hospital. It was stated that these should be put into effect before the next visit of a commission representative. Foremost on the list was the recommendation that "plans for new construction should be continued to relieve overcrowding noted in many areas and to provide more adequate facilities for the various departments of the hospital."

Second on the list states: "There should be provision for better segregation of obstetrical patients and newborn infants." Because of crowded conditions, Baer explains, non-infectious cases and "clean" surgical patients are placed in the obstetrical wing. Other recommendations dealt with technical details of records keeping.

Under leadership of Baer, the hospital employees, medical staff and board of directors have worked together over a period of years to meet rigid qualifications demanded for accreditation. Member organizations of the commission are the American Hospital Association, American Medical Association, American College of Physicians and American College of Surgeons.

Lions sponsor Van Allen show next Monday

Pictorial highlights of his recent three-months trip to Asia aboard the S.S. American President Taft will be presented by W. L. Van Allen here Monday under auspices of the Bend Lions' Club.

Van Allen, who has won many photographic honors in national competition, will show about 470 colored slides in a show at the Tower Theater which he will narrate. Slides will be selected from 1,350 colored pictures he took on his trip to the Orient. In addition, he took 150 rolls of black and white pictures.

Mr. and Mrs. Van Allen sailed from San Francisco on the S.S. Taft last New Year's eve, one of three passengers aboard the big freighter, which had a crew of 52 men. The ship covered 26,000 miles in 80 days, visiting the Marshall Islands, Philippines, South Vietnam, Cambodia, Thailand, Indonesia, Island of Java, Singapore, Kuala Lumpur, Malaya and Penang.

At times, Mr. and Mrs. Van Allen, on a 50 mile trip up the Saigon River, could hear the sound of Communist guns. Trips ashore took camera-toting Van Allen to Thailand temples and to the edge of jungles. In the Philippines, he photographed areas that still bear the marks of war.

Firemen make trio of runs

City fire crews attended one garage fire and two small fires in residences in the past 24 hours. Flames scorched the interior wall of a garage Tuesday afternoon at the 230 Lava Road home of Gary Joanis. Damage was reported slight.

An overheated fry pan caused a second fire early this morning in the home of R. L. Lillenthal, Glen Vista. Crews used a smoke ejector to clear the air, and no damage resulted.

A third alarm at mid-morning brought firemen to the William Hutchins home, 336 Congress, where an electrical wiring short in a dryer smoked up the premises. Only the dryer was damaged. A smoke ejector and deodorant were used.

NEWCASTLE UPON TYNE, England (UPI) — Fifty girls living at a YWCA hostel here have agreed to ration their telephone conversations because they only have one telephone on which to receive calls from their boyfriends.

New York opens heart to Cooper

NEW YORK (UPI) — Leroy Gordon Cooper, 36, a simple-spoken man who rode and prayed alone in space, came through a packed and screaming mass of humanity today in an accolade that showed New York had opened its heart to him.

Flashing his grin as he drove up the legendary "Caravan of Heroes" under an almost blinding shower of confetti and ticker tape that piled into his open car, whipped around light poles, and gusted to the tops of the skyscrapers, he told in his laconic twang how he felt about it all: "Fine, just fine."

Then, on the front of City Hall steps, he told the throng in the plaza before him: "I'd like to point out one thing. This program belongs to you, the people — the program of putting a man into space for scientific purposes."

"We (the astronauts) are the ones who have received all the glory, but there are other people involved who are just as dedicated. They are frequently not noticed at all."

Mayor Welcomes Cooper Mayor Robert F. Wagner welcomed the Oklahoman who orbited the earth for 34 hours and 20 minutes last week and "said a little prayer" during the 17th orbit. "It's a great thrill to have him with us for our guest today," said the mayor. And Vice President Lyndon B. Johnson, who was in the parade, echoed him and said: "All the nation has its eyes on New York. We are very grateful for your tribute to Major Cooper and the other spacemen."

The astronaut's wife and two teen-aged daughters and his mother, Hattie, also were introduced, to ovations.

ACCIDENT VICTIM

COQUILLE (UPI) — State police here reported today that Cora Helena Esselstrom, 71, Winchester Bay, was killed in a traffic accident on State Highway 38 in Douglas County Tuesday afternoon.

Auxiliary plans for poppy days

The American Legion Auxiliary will hold its annual poppy days Thursday and Friday, May 24 and 25, in downtown Bend. Headquarters will be at a booth in the entry to Wetle's store.

Members of the organization and assistants will circulate through the city, with the red flowers symbolic of those that grow on Flanders' Fields.

Proceeds are used for the rehabilitation of veterans and the assistance of families of deceased veterans.

TO ATTEND CONFERENCES

WASHINGTON (UPI) — Forty-five U.S. scientists and engineers will attend three technical conferences in Europe over a six week period on the peaceful uses of atomic energy.

Alabama, government near showdown on integration

By United Press International Alabama and the federal government today appear headed for a showdown over integration. A federal judge Tuesday refused to delay the ordered admission of two Negroes to the University of Alabama and Gov. George Wallace immediately vowed to "bar the entrance of any Negro" attempting to enroll in the racially segregated institution.

Another federal judge holds a hearing today in Birmingham on a petition seeking the reinstatement of 1,081 Negro students who skipped school to participate in racial demonstrations. Birmingham has been relatively quiet since the bloody rioting of May 12.

Elsewhere, racial unrest continued in North Carolina and Negro leaders promised an "all out attack on discrimination" in South Carolina this summer. At Jackson, Miss., a biracial committee expressed concern over Mayor Allen Thompson's "apparent unwillingness" to name a committee to hear Negro grievances. Rejects Postponement Motion Federal Judge H. H. Grooms rejected a motion at a hearing in Birmingham Tuesday that he postpone the admission of Vivian J. Malone, 20, of Mobile, and Dave M. McGlathery, 26, of Huntsville, to the university. Miss Malone seeks admission to the main campus at Tuscaloosa and McGlathery to the university's extension center at Huntsville. They have applied for the summer term beginning June 10.

Grooms refused to take "judicial notice" of Alabama's tense racial situation, stating that granting a delay would be "tantamount to saying law and order has broken down." Wallace told a hastily called news conference he will appeal Grooms' ruling. In the meantime, he said, "I will be present to bar the entrance of any Negro who attempts to enroll at the University of Alabama."

In Washington, White House press secretary Pierre Salinger said there was "no comment" on

Wallace's statement. Asked if he thought a situation similar to the University of Mississippi crisis last fall could develop in Alabama, Wallace replied, "If you mean any defiance on the part of the governor, yes."

Gov. Ross Barnett of Mississippi three times blocked the entrance of Negro James H. Meredith to "Ole Miss" until hundreds of federal marshals gained his admission. Rioting, which killed two persons and injured scores of others, followed and federal troops were sent to Oxford, Miss., to restore order.

Mid-Oregon cows tops in production

Special to The Bulletin REDMOND — Central Oregon Dairy Herd Improvement Association cows led the state in milk and butterfat production in 1962, according to Deschutes County Agent Bob Sterling, and the queens of CODHIA are Dede and Doris.

Dede, a four year old Holstein in Eugene Hinderman's herd, gave 19,880 pounds of milk and 675 pounds butterfat in a 305 day test period. Hinderman's dairy farm is northeast of Redmond. Doris is best butterfat producer, giving 698 pounds, and 19,530 pounds milk, in 305 days. She is a five year old Holstein, owned by Carl Robertson who farms west of Tumalo.

Top five CODHIA herds in milk production last year were those of: Roy Burk, Redmond, 14,010 pounds milk and 534.6 bf. for 22 cows; Doug J. Ward, Bend, 13,650 and 516.1 for 98 cows; Oswald Hanson, Bend, 13,540 and 518 for 48 cows; Bertil Nelson, Bend, 12,710 and 488.6 with 82 cows, and Eugene Brink, Bend, 12,440 and 507 for 26 cows.

The order for herds' butterfat production is Burk, Hanson, Ward, Brink and Nelson. Figures for CODHIA were compiled by Supervisors Gail Swanson and Mrs. Helen Livingston. They report that 21 herds completed the test year, with an average of 877 cows. Average milk production per cow was 11,315 and average bf. 460 pounds. At its annual meeting in Redmond CODHIA re-elected Brink to the board. Other directors continuing are Robert Peterson, Lawrence Allen, both Bend; Kenneth Huddle, Redmond, and Hinderman.
