

STOP SIGN TARGET—Part of the cost of Oregon highways is that of replacing signs used as targets by trigger-happy motorists. George Martin, left, is holding one of the target signs, to compare it with a bullet-free sign, held by Dean Swift, engineer in charge of the Bend district. The signs will be included at the open house on Tuesday, May 28, at the local highway plant, on U.S. 97 just north of the Bend city limits.

Lord's Supper due at services

The Sacrament of the Lord's Supper will be administered at both regular services at First Presbyterian Church, Sunday, May 26.

Services will be similar because of celebration of the sacrament. No change is being made in the schedule of classes for children, but classes for young people and adults will convene a few minutes later than usual or at about 10 a.m.

The junior choir will furnish special music for the 9 a.m. service, including the anthem, "Holy, Holy, Holy." Sam McCoy is director and Ron Gist is accompanist. Sharon Fasset is organist.

At the 11 a.m. service, the Chancel Choir will sing the anthem, "Create in me a Clean Heart, O God," under direction of Nick Norton. Mrs. C. E. Bush is organ accompanist. Sermon subject for both services will be, "Christ, the Bread of Life."

Reports heard on conference

At the regular weekly meeting of the Bend Rotary Club, three members reported on the recent district conference in Eugene. Randy Slate, junior Rotarian, gave a resume of recent high school events, and those remaining on the schedule until the end of the school year.

W. E. Shery and Harry Waldron, past presidents, and Dr. Robert L. Bristol, president-elect, gave the conference reports.

Sherly was one of the conference speakers, discussing community service of the Bend club. It was during his term as president that the Juniper Park multipurpose recreation area was completed and dedicated.

Rollie Anderson, program chairman, introduced the club speakers. Craig Coyner, president, presided.

Singing due by youngsters

Vacation church-school youngsters of pre-school age will sing the 9 a.m. family worship service this Sunday at the First Lutheran Church.

The junior choir will sing for the final time this spring at the 11 o'clock service, when new members are honored in a special service.

At noon the monthly potluck fellowship dinner will be served in Luther House with the Hannah Circle in charge of arrangements. The new members will be special dinner guests.

The main dish will be furnished but salad and dessert are potluck. Members and friends are invited.

Water delivered to district

Special to The Bulletin
PRINEVILLE — Water is now being delivered to the 16,500 acres of the Ochoco Irrigation District, according to the district office. Delivery began about a week later than usual, it was stated.

A strong demand is being made for water for pasture lands and alfalfa fields, but general need is not yet felt in the potato fields of the district, it was noted. Both the Prineville and Ochoco reservoirs, with capacities of 155,000 and 46,500 acre-feet respectively, are brimful with some water going over the spillways. At week's end, a steady inflow was noted into both reservoirs.

Water is being used by the OI from both reservoirs, with one of the four main pumps of the Prineville reservoir system in use. These pumps, located at a station on Seventh Street, in Prineville, lift water to the higher level of farms and ranches north of the city.

Emmy celebrates her 15th birthday on Sunday night

By Vernon Scott
UPI Staff Writer

HOLLYWOOD (UPI) — Emmy, Oscar's little television sister, celebrates her 15th birthday Sunday night on a nation-wide telecast. The biggest, brightest stars in video will be on hand to help her celebrate, although sentiment runs only as deep as their lust for winning awards.

As Emmy reached her mid-twenties the Academy of Television Arts and Sciences is affluster with speculation as to the best shows and performances of 1962-63.

Because weekly series draw the most viewers, in addition to avid fans, these categories have created the most interest.

As the candidates gallop toward the finish line here is how Hollywood sees the probable winners in some of the closest contests: Outstanding program in the field of humor: "The Beverly Hillsbillies"—based on its high ratings and enormous popularity. Others competing are "The Dick Van Dyke Show," "McHale's Navy" and the one-shot Danny Kaye

2 stewardesses report plane door flew open

MANCHESTER, England (UPI) — Two airline stewardesses said today they narrowly escaped death when the door of the Irish prop-jet in which they were flying to Amsterdam blew off at 17,000 feet.

Vera Drescheres, 22, and Briden Slattery, 23, were alone in the first-class compartment of the British-made Viscount airliner when the door, which had been locked and bolted before the flight, flew off. The cause of the accident is being investigated.

"I was pouring coffee in the pantry when I suddenly was slammed against the wall," Miss Drescheres said. "My jacket flew off its hook and into space."

"There was a bang and the door near the pantry flew away... then a tremendous rush of air," she said. "Pans and crockery started to fly about. We went into a steep dive and the air pressure eased."

"The inside of the cabin became very cold as the air rushed in, but everyone was calm," Miss Slattery said. "The 26 passengers were in fine form. The job lasted only a few seconds and there was no panic."

Approval given rate increase

SALEM (UPI) — The Senate has approved a rate increase for newspaper legal notice advertising. It was the first time in 12 years the rates for publishing official notices had been increased.

Newspapers having more than 40,000 circulation were raised from 3 to 4 cents per column inch per insertion for each 1,000 of circulation.

Smaller newspapers were granted an increase from 13 to 15 cents per column line of 8-point type for the first insertion, and from 8 to 10 cents for each subsequent insertion.

Ribicoff offers move to ease religious issue

WASHINGTON (UPI) — Sen. Abraham A. Ribicoff introduced a measure this week he said would help reduce the religious controversy over federal aid to education.

The former Health, Education and Welfare secretary said his six-point program was part of the "new approaches" needed to end the bitterness over use of federal funds to help private and parochial elementary and high schools. His program would provide tax reductions up to \$1,500 for college expenses at both public and private colleges and up to \$100 for tuition expenses at private schools.

Federal funds also would be used to pay public schools for allowing their facilities to be used to teach some courses to private school students.

Aid would also be provided for transportation, school lunches and building construction at private schools.

Civil rights — Twenty senators sponsored bipartisan introduction of two civil rights bills designed to hasten school desegregation and halt discrimination. The bills would give the attorney general power to go into courts to enforce the rights of individual citizens.

Women — The house approved a bill designed to outlaw differing wage rates, based on sex, for equal work. The Senate has passed a similar measure and all that is needed before the bill is sent to President Kennedy is agreement on an identical version.
