

SERVES IN SENATE — Karen Smith, eighth grader at Bend Junior High school, recently served as a page in the Oregon Senate. Karen, the daughter of Mr. and Mrs. James E. Smith of 238 East Norton, was the only Bend youngster to be so honored this year. She was selected for the job by Senator Boyd Overhulse of Madras. Her grandmother, Mrs. Bolton Stinnett of Salem, works at the Senate building.

Japan touchy over atomic subs' visits

By Phil Newsem
UPI Staff Writer
Notes from the foreign news cables:

Nuclear subs: Japan, first and only nation to suffer an atomic attack, is extremely touchy about the proposed visits of U.S. nuclear-powered submarines to Japanese ports. Informed sources say the United States is willing to put tight limitations on the visits. The subs would use only the ports of Yokosuka and Sasebo. They would call no oftener than once a month and stay no longer than two weeks at a time. They would come and go only in daylight. But by U.S. law, their power plants would not be open to Japanese inspection.

Homework: Nikita Khrushchev is believed to have spent at least part of his Black Sea week-end doing his homework in preparation for the June 18 meeting of the Central Committee. The meeting will be devoted to party ideology and undoubtedly will lay the groundwork for the position the Soviet Union will take in its meeting with Red China now scheduled for July 5. A special Soviet asset is the fact that Khrushchev now seems to have Fidel Castro safely in his pocket. This is important because it was the Soviet withdrawal of its missiles from Cuba last October that brought the Sino-Soviet quarrel to its climax. Last week's friendship rally for Castro spotlighted once again the absence of two ailing Soviet leaders, Frol Kozlov and Anastas Mikoyan. Kozlov reportedly is suffering from a brain hemorrhage. Mikoyan's problem is said to be flu.

Taxes, estates forum planned

A taxes and estates forum will be presented by the United States National Bank Tuesday night, May 28, at 7:30 in the lobby of the Bend branch.

Presided over by John W. Stenkamp, manager of the Bend branch, the session will deal with such important subjects as tax economies, investment of trust funds and estate management.

Opening remarks and introductions will be made by J. D. Bird, trust officer.

Other speakers will include H. E. Butler, trust officer; Robert D. Savage, assistant trust officer; and J. P. Craven, trust representative.

A social hour with refreshments will conclude Tuesday night's forum, according to Stenkamp.

Southern senators should get set for another shock

By Lyle C. Wilson
UPI Staff Writer

Southern senators who professed shock at President Kennedy's first special civil rights message to Congress may as well get ready to be shocked again. The first message went up last February.

A second special civil rights message appears to be in the works. If the Southerners were shocked by No. 1 they will be doubly shocked if not more so by No. 2. In the field of civil rights politics there is no way to go but up. No politician can retreat on civil rights. Merely to stand still on such a political subject is a great achievement in itself. Kennedy accomplished that feat in the two years of his first Congress, the 87th. New Frontiersmen in the 87th Congress happily drafted an omnibus civil rights bill.

This bill was to make good on the civil rights promises in the 1960 Democratic presidential platform. The 1960 Democratic bid for Negro votes promised just about everything Negro leaders could wish for in the way of legislative or administrative action provided, of course, that the Democrats won. Kennedy and the Democrats made it. The New Frontiersmen introduced their bill and Kennedy refused to support it. This shocked the New Frontiersmen. Kennedy's strategy was to avoid a legislative battle over civil rights to leave Congress free to enact—if it would—other parts of his program.

Despite lack of congressional action, Negroes appeared to be happy, however, with the Kennedy administration's civil rights performance. Negroes showed up in well-paid government jobs, at White House social affairs. James Meredith entered the University of Mississippi. The administration made voting rights the top civil right.

FINDS RIGHT PLACE

PEORIA, Ill. (UPI) — An injured swallow knew just where to go for help.

The bird, with singed wing tips and a damaged leg, flew through the front door of the Mercy Ambulance Service and was rushed to Glen Oak Zoo for medical aid in an ambulance.

Kennedy sought to enforce rights laws already on the books. Last winter Kennedy began to put his civil rights record in shape for the 1964 presidential campaign. His first civil rights message went to Congress on Feb. 28.

The message was strong enough to shock Southern senators but not strong enough to keep the Negroes happy nor adequate to meet a developing situation, such as riots in city streets. So the Kennedy administration now is thinking in terms of more and stronger laws. Perhaps even in an all-out proposal for laws making good on all 1960 campaign promises. Either way, Southern Democrats are likely to be shaken up again.

Plans session

A meeting of the Deschutes county sub-committee of the Governor's Committee on Children and Youth will be held Tuesday, May 28, at 7:30 p.m. in the commission room at the Bend City Hall.

Loran Ranton of Portland, executive director of the committee, will be the speaker.

Everyone interested in problems of children and youth is invited to attend. Youth delegations from Bend and Redmond are expected. One of the problems to be discussed is youth employment, according to Mrs. Albert Gassner, county chairman.

Mrs. Gassner was a member of a delegation of 10 persons who attended the state-wide committee meeting last December in Salem.

LOOKS LIKE FUN—These children in the Battersea area of London improvised a bobsled run using some tin roofing for the slide and a collection of wire baskets for support. The sled is part of what once was a baby carriage.

Major timber sales planned

Special to The Bulletin

PRINEVILLE — One of the major timber sales of the calendar year 1963 will be held in the main office of the Ochoco National Forest, June 24, at 2 p.m.

The sale will include 19,120,000 board feet of ponderosa pine at a minimum of \$6.57, 880,000 board feet of Douglas fir and other species at a minimum price of

\$2.17 per thousand board feet. Estimated cost of road construction, to be built before normal logging operations are possible, is \$148,630. Amortization rate on the pine is \$9.71.

Known as the Burnt Corral sale, the large timber offering is a part of the scheduled sales for the second quarter of the year, as planned by the Ochoco National Forest staff.

Miss Francis 'satisfactory'

NEW YORK (UPI) — Actress Arlene Francis, injured Sunday in a head-on automobile collision on Long Island in which one person was killed, was reported in satisfactory condition today at Columbia Presbyterian Medical Center.

Four other persons, including a nine-year-old girl whose mother was killed, were injured in the crash on Northern State Parkway near Lake Success, N.Y.

Miss Francis, who was returning to the city from Mineola, N.Y., for the television program, "What's My Line," on which she is a panelist, was taken unconscious to Meadowbrook Hospital in East Meadow, N.Y. She was transferred to the New York hospital after regaining consciousness several hours after the accident.

The 51-year-old star, who recently closed in the Broadway play, "Tchin-tchin," received a fractured collar bone, a minor concussion, scalp lacerations and multiple bruises. A medical center spokesman said "her face was untouched."

The other injured were in a car driven by Joseph Arcos, 34, of Brooklyn, whose wife, Rose, 34, was pronounced dead on arrival at Meadowbrook Hospital. Police said Miss Francis' auto apparently went out of control on the rain-slicked parkway when she tried to avoid a minor accident between two other cars. They said her car jumped the center divider and crashed head-on into Arcos' car.

HELL BE THERE

TOPEKA, Kan. (UPI) — John Anderson III was dejected several days ago when he asked his dad if he would be busy tonight and his father said he would.

Young John, in some dismay, then explained he had counted on his father attending promotion exercises at Roosevelt Junior High School.

Dinah Shore takes hubby

REDLANDS, Calif. (UPI) — Television star Dinah Shore was married Sunday at Palm Springs, Calif., contractor Maurice F. Smith—only two days after the blonde singer picked up the final divorce papers from her first marriage.

The wedding, attended by Miss Shore's two children, was as much a surprise to her friends in Hollywood as her separation from actor George Montgomery in December of 1961.

The couple refused to say where they would honeymoon, but Smith said they probably would spend a week driving through northern California.

The quiet civil ceremony was performed at the home of Superior Judge Joseph Ciano here. Besides Miss Shore's children, Melissa Ann, 15, and John David, 10, others attending were Smith's two sons, Dexter, 12, and Dana, 5. Melissa Ann was maid of honor and Dexter was the best man.

"I hadn't thought of getting married this soon," the 45-year-old singer said, "but it was a woman's prerogative to change her mind."

Divorce action filed in court

Nellie Nunnellee has filed for divorce from Jack Nunnellee. They were married Oct. 15, 1938, in Bend. Their two children have reached majority.

The plaintiff asks a half interest in proceeds of the sale of a ranch to Mildred South. The contract is in escrow at a Redmond bank. Mrs. Nunnellee also requests ownership of a 1951 automobile, and \$200 monthly permanent alimony.

The ranch, formerly owned by Mrs. Nunnellee's father, is being sold by the plaintiff and her brother, Victor Roach.
