

Graduation held on Friday at Sisters High School

Special to The Bulletin
SISTERS — Graduation ceremonies for the senior class of Sisters High School took place Friday evening at the school.

The processional, Mendelssohn's "March From Athalia" was played by Mrs. Gene Pitts who performed at the piano for the program.

Rev. Keith S. Sorenson of the Sisters Church of Christ, gave the invocation.

The welcoming address was given by Buster Lowery, president of the senior class. Buster also presented a gift from the seniors to Mr. and Mrs. Wallace Johnston in appreciation for their chaperoning the senior trip.

Annette Larson made the salutatory address.

Mrs. Preston Waller of Bend, sang a special number, "Climb Every Mountain."

The valedictory address was given by Kathleen Larson.

Gust speaker for the occasion was David D. Johnston, executive secretary of the State Scholarship Commission of Eugene. Johnston was formerly a teacher and later superintendent of the Sisters school system.

Special Awards
Special awards were made by Wallace Johnston, principal. Annette Larson received the salutatory statuette and the special activities award. Kathleen Larson was presented the valedictory statuette and the school spirit award.

Area students due for degrees from OSU

Special to The Bulletin
OREGON STATE UNIVERSITY — Fifteen students from the Bend area will receive degrees June 2 at Oregon State University's 94th annual commencement.

They include: Humanities and Social Sciences — Stanley Haus-ten Norton.

Science — Stephen Aloysius Hutchinson, Charles William Boyd, and Donald Victor Brockett of Sisters.

Agriculture — Leonard Henry Singhose.

Business and Technology — Denis Odd Carlsen, Edwin L. Charlesworth, Shirley Ann Grant, Barbara Irene Hansen.

Education — Carolyn Ann Wit-ty.

Forestry — James Arthur Goad.

Home Economics — Margaret Kristine Hansen.

Doris Mae Thomas will receive a Master of Education degree, Arlene Mary Swanson of LaPine a Master of Education degree, and Ruth Eva Park a Master of Science degree.

Approximately 1900 degrees will be conferred by OSU President James H. Jensen this year. This is the second largest number in history, topped only by the veteran-packed class of 1950. The number of advanced degrees this year is a record total.

Party planned for graduates

Special to The Bulletin
PRINEVILLE — A party for the graduating class at Crook County High School will be held immediately following graduation exercises tomorrow evening, Wednesday, by parents of the senior class.

Plans call for the roping off of a three-block area in downtown Prineville, where all activities except the swimming pool are located. Dancing to the music of the Vikings, a Redmond ensemble, will be held at the Lions Club, the bowling alley will be turned over to the seniors, and mountains of refreshments will be served at the Eagles Hall.

At the armory, games of all sorts will be in full swing, and the swimming pool, with a life-guard on hand, will be opened to the seniors.

At every amusement location, parents will be on hand to serve as hosts and hostesses, with seniors invited to dance, eat, swim and bowl as much and as late as they like. Festivities are expected to conclude about 2:30 a.m.

Tickets for admission to the roped-off area will be issued at the graduation exercises, with a hand stamp so that seniors may come and go as they wish.

Directors mull film library; hire teachers

The much discussed question of County School Superintendent David Potter and his plans for an expanding school film library was brought before directors of District No. 1 (Bend area) last night.

Several directors expressed strong reservations regarding continued support of Potter's library, one director indicated at least some sympathy for the program, and two members of the administrative staff appeared to have mixed emotions on the subject.

After a lengthy discussion, the board decided to forgo a decision on the matter until Potter has had an opportunity to appear before the board.

Also needed, it was felt by directors, is a detailed cost comparison between film expenses when handled by a central county library and when handled separately by each individual school district.

John Prentice, who handles distribution of films within District No. 1, attended the meeting to explain the program to directors and to answer questions.

In other action directors approved the hiring of the following new teachers:

Mrs. Virginia Blakely, half-time elementary P.E., \$3105. B. A. degree from College of Idaho at Caldwell. Seven years teaching experience in Bend.

Mrs. Odette Sickles, intermediate grade, \$3290. Bachelor's degree from Ohio State University. 2 years experience at Tiffin, Ohio, 1 year at St. Francis, Bend.

BIRD STOPS TRAINS

LONDON (UPI)—One train was canceled and three were delayed near here Monday because of a swan with a broken leg.

The swan could not move off tracks between Shepperton and London's Waterloo station. The engineer of the first train decided to wait until the Royal Society for the Prevention of Cruelty to Animals removed the bird.

Action taken on financing of bridge

Bend city budget committee last night recognized and took appropriate action on an almost-forgotten obligation to finance Portland Avenue bridge construction by way of the state tax street fund.

When the 1963-64 budget originally was presented, the \$7,660 figure needed for retirement and interest payments on the bridge was included in the category of debts and services. But at last week's meeting Committee member Maurice Shelton recalled that in 1961, when construction of a bridge was approved, city commissioners voted to finance out of the street fund. A reading of the minutes of that meeting verified what every committee member but Shelton had forgotten.

The board last night found they could tap the street tax fund without greatly jeopardizing upcoming street projects. The needed \$7,660 will be made up from allotments for dirt street maintenance, removal of a rockpile at E. Fifth and Burnside, and carry-over funds for snow removal that were not completely expended last year. It was explained that, with Deschutes County assistance on road projects this year, the Fifth and Burnside project will be undertaken without need for the full original funds allotted it.

Little other official action was taken on budget items. A request for adding \$250 to build a larger dog pound was denied. The board deferred action on a proposal to add \$3,200 for Juniper Park recreation projects.

Also deferred until the budget is completed are further discussion on salaries of police and fire department members and a proposal to de-silt Mirror Pond.

HOW'S THAT?

STANTON, Mo. (UPI) — A motorist stopped at Meramec Caverns here and remarked to a cave guide:

"The operator of this cave was smart to build caverns right on Route 66."

P.S. The cave has been there 100 million years.

County sells parcels of land

Ten parcels of county-owned land were sold at public auction Friday for \$4,380, \$4,400 more than the advertised prices. Sheriff Forrest C. Sholes conducted the sale on the courthouse steps.

The parcel that brought the biggest price and the most active bidding was 60 acres in the area between Tumalo and Sisters, bought by Frank Kieth Ramsay, Bend, for \$1275, at 20 per cent down and the balance in quarterly payments. Ramsay had the acreage put up for sale, offering \$600.

Ramsay bought another 20 acres in the same area for \$650, on terms, after the price went up from his offering of \$400.

Bidding doubled the advertised prices of 20 acres north of Bend in the Tumalo area, bought by Norman I. Swanson, Redmond, for \$400, and two lots in Terrebonne, bought by Nels Zitek, Terrebonne, for \$80.

Roy L. Hudson, Bend, bought about 29 acres south of the old MacKenzie Highway, in Section 1, Township 15 S., for \$560 on terms, \$110 more than the advertised price.

Lundgren Land Corporation paid \$475 cash for about two acres just outside the city limits, near the LELCO sawmill. The piece had been put up for \$400 cash.

The offer of Mr. and Mrs. Arthur G. Crawshaw, Bend, was upped \$50 to \$500, for four lots in Riverside addition.

Sold at advertised prices were the following: a lot on W. 15th Street and Milwaukee Avenue, to Brooks - Scanlon, Inc., for \$150 cash; a lot in Redmond townsite, except for the railroad right-of-way, to Davis B. Andrews, Redmond, \$100 cash; two lots in Bonne Homme Addition, Bend, to Eugene Crozier, Bend, \$200, terms.

Ruling issued on leases

WASHINGTON (UPI)—The Supreme Court ruled Monday that the secretary of interior has authority to cancel mineral leases on public lands when he finds them filed improperly.

The unanimous ruling upheld the decision of a lower federal appeals court in a case brought by Feneclon Boesche of Tulsa, Okla., administrator of the estate of the late F.W.C. Boesche.

The case turned on the issue of whether the mineral leasing act of 1920 bars the secretary from canceling a mineral lease unless he resorts to a proceeding in a federal district court.

The high court said the 1920 act cited by Boesche deals essentially with post-lease events, or violations of federal regulations after a lease has been issued.

In this case, the court said, the irregularities related to pre-lease factors, or events occurring before the lease was approved.

ARREST MADE
Carl Wesley Dykeman, 58, of 2007 E. Eighth, was picked up Monday by city police and booked on charges of being intoxicated on a public street. His bail was fixed at \$27.50.

College plans facing two-year moratorium

SALEM (UPI)—A bill placing a two-year moratorium on state aid for new community colleges was approved today in the Senate and sent to the House.

However, any area wishing to establish a college could do so as long as it financed the program itself.

The measure also extends from 12 to 15 the hours for full time equivalent students, and restricts community colleges to a two-year course of study.

Another measure approved by Ways and Means appropriates \$4.3 million as the state's share of the community college program for the coming biennium.
