

MRS. E. W. NORTON

J. FRANK GUERIN

Lodge to host officers at meeting here on Friday

Mirror Court No. 24, Order of the Amaranth, will be host to Mrs. Edward W. Norton, Eugene, grand royal matron, and J. Frank Guerin, Newport, grand royal patron, of the Grand Court of Oregon.

The Grand Court dignitaries will make an official visit on Friday, June 14, at 8 p.m. in the Masonic Temple, 1041 E. Ninth Street, Bend. The purpose of the visit is to inspect the ritualistic work.

The officers of Mirror Court will be in charge, with Mrs. Douglas Cook and Daniel Renno, royal matron and patron, presiding. Mrs. Charles Davis and Mrs. Ted Kinney are in charge of tables.

Those members of Mirror Court who hold Grand Court offices and committee appointments are Mrs. W. Herbert Maker, assistant

grant lecturer, and Mrs. Lottie Gates and W. Herbert Maker, associate matron and patron and members of the social activity committee.

An addendum will be conferred in honor of Mrs. Norton and Guerin and they will receive honorary membership cards into Mirror Court. Nine people will be initiated.

Preceding the meeting, a no-host dinner will be held at 6:30 p.m. at the Superior Cafe, 1033 Bond Street. Reservations should be made with Mrs. Gates, chairman. On Saturday morning at 9 o'clock, a no-host breakfast at Sambo's Restaurant, S. Highway 97, has been planned.

It is anticipated that members of the Order from throughout Oregon, Washington and northern California will attend the meeting in Bend.

Lumber manufacturers indignant at pigeonholing of import plan

WASHINGTON (UPI) — The National Lumber Manufacturers Association said today it was "indignant" about a senate committee's pigeonholing a proposal to require lumber imports from Canada to be marked as to country of origin.

The trade association said it understood the proposal was sidetracked for fear of ruffling U.S.-Canadian relations.

The measure, a keystone in the drive to reduce Canada's \$280 million a year softwood lumber sales in the United States, had been offered as an amendment to a House-passed bill dealing with marking other imported articles. The Senate Finance Committee Wednesday ordered the bill reported to the Senate floor without the amendment.

"We're indignant," an NLMA spokesman said. "We're rather distressed at those members of Congress who continue to see the problems of American lumber man through Canadian glasses."

Sen. Len B. Jordan, R-Idaho, who sponsored the amendment,

said the proposal was not dead because it was embodied in other legislation before Congress. He said the lumber-marking requirement might actually fare better on its own than as a rider to the bill that was reported Wednesday.

The NLMA said it was "still committed to the principle of restricting Canadian imports to a reasonable percentage of U. S. consumption."

"We feel what the finance committee has done is to continue to ignore the desperate plight of American lumbermen in favor of some future advantage which they think our government might be able to get in future trade negotiations with the Canadians," the spokesman said.

The marking requirement would have made it easier to enforce "buy American" policies in lumber purchases. It also was a foundation for proposals to require U.S. lumber to be used in any construction financed with loans guaranteed under federal programs.

The administration had opposed the requirement in finance committee hearings.

Among other lumber measures before Congress is a bill that would restrict imported softwood lumber to 6 per cent of U. S. consumption.

Imported soft wood, almost entirely from Canada, accounted for 15 per cent of U. S. consumption last year, according to the Commerce Department. U.S. industry spokesmen have said the share has climbed to above 17 per cent this year.

District court

Basic rule violations brought \$5 in fines at Deschutes County District Court. Douglas A. Snider and Lee Roy Nicklas, both of Bend, were each fined \$15. John D. Ryan, Portland, paid the court \$25.

Other fines were also paid by Frederick G. Waterman, Bend, disobeying a stop sign, \$10; Benjamin Dunning Monroe, Bend, no tail light, \$10; Reuben William Meyer, Wenme, improper lane usage, \$15.

Lloyd Earl Marshall, Powell Butte, paid \$10 for truck speeding. A \$10 fine was also paid by Earl Edward Fischer, Bend, for no stop light.

PP & L, OSU plan new crop program

CORVALLIS (UPI)—A research program designed to discover new crops for additional irrigated land in the Willamette Valley was announced Wednesday by its sponsors, Pacific Power and Light Co. and Oregon State University.

The announcement came after the State Board of Higher Education accepted a five-year, \$50,000 grant from the utility.

Research will be conducted into how to drain, fertilize, crop and irrigate the older alluvial soils to raise more profitable crops than are produced now, Dean F. E. Price of the OSU School of Agriculture said.

He pointed out that only some 170,000 acres of Willamette Valley agricultural land is now under irrigation, while nearly one million acres of older alluvial soils are available.

Non - irrigated soils now are largely sown to ryegrass, which is surplus, and barley, which is subject to many kinds of disease, according to OSU conservationist Arthur S. King.

Research plots will be established this summer on Oregon State's George R. Hyslop Agronomy Farm between Albany and Corvallis and on the Linn County farm of Glenn Jackson, a PP&L official.

The first crops tested will be bush - type green beans, sweet corn, field corn and legumes. Other crops will be added later. Price said. He said there is a growing market for beans and corn and silage crops now must be shipped into the valley to feed livestock.

POODLE HELPS ROBBER
LONDON (UPI) — A bandit made a successful getaway in his car Wednesday with \$100 from a suburban London bank, thanks to a dog.

Passersby, who could have cut him off from his auto, thought the men chasing the robber were after a poodle frolicking at his heels and grabbed the dog instead.

Hatfield dismisses 2 SIAC commissioners

SALEM (UPI)—Gov. Mark Hatfield has charged two of Oregon's three industrial accident commissioners with "inefficiency in office" and dismissed them effective June 25.

The dismissal notices were sent Wednesday to Chairman Sidney B. Lewis, Salem, employers representative whose term expires Jan. 7, 1967, and to Emily P. Logan, Corvallis, public representative whose term expires Jan. 2, 1963.

The third member, William A. Callaghan, Portland, labor representative on the board, was not discharged.

Both Lewis and Logan told UPI they would not resign.

They would appear at the hearing, Lewis said "I am not resigning, everything is as usual."
Mrs. Logan said "I am not going to resign."

Special Bill Killed
During the recent legislative session a special bill was introduced which would have terminated the terms of all three commissioners, and allow the governor to appoint a new commission. The bill was killed in the House. Opponents said if the governor wanted to get rid of the commissioners, he should do it himself, and not pass the buck to the legislature.

Law secretaries plan session
The Legal Secretaries Association of Deschutes, Crook and Jefferson counties will hold a dinner meeting Wednesday, June 19, at 7 p.m., at the Stag Cafe in Madras. W. C. Robinson, co-owner of the Madras Pioneer, will be the speaker.

Everyone interested in membership in the group is invited to attend, according to officers. Those who qualify are persons licensed to practice law, or engaged as a secretary, stenographer, typist or clerk in any law office, or on other work of a legal nature. Included are employees of courts, bank or trust company trust departments and private institutions.

Those wishing reservations are asked to make them with Patricia Moe, at the office of Warren Albright, Jefferson county district attorney, Madras, telephone 475-2238.

Ultra new hearing aid design! Actual 2 1/4-carat gold (instead of wires) brings new "Hearing Naturalness" never attained in hearing-glasses before!
