During the summer months, many PTA's will be organizing for the 1963-64 school year. One of the most active and valuable assignments is that of class mother.

If a mother wants to be of assistance to the school while maintaining a close relationship with the teacher, she should consider this worthwhile position.

A class mother is one who volunteers to assist her child's teacher with certain duties. These responsibilities might include helping the teacher on field trips and with class parties. Naturally these will vary with different schools and teachers. Often, the class mother will plan a tea at which the teacher and parents meet on an informal basis.

Class Mother's Duties

She might be called upon to assist the nurse and doctor during medical checkups or perhaps in the school library. In some situations she might help with supervision during lunch periods (cafeteria and playground). Since the duties will vary, she should check with the school, which will give a general idea of what might be expected.

Mothers might wonder if there are any special qualifications which are needed for this job. A friendly and pleasant personality is a must. The class mother should have a reasonable amount of available time combined with the willingness to give this time to the school. In some cases two class mothers are appointed so that one always will be available. The most valuable asset for a class mother is the ability to get along with the teacher and other parents.

Blue River man forfeits bail

Largest assessment collected Wednesday in municipal court session was a \$250 bail bond forfeiture paid by Earl F. Hart, Blue River. He was found guilty of driving a motor vehicle while under the influence of an alcoholic beverage.

Fines of \$10 plus court costs were paid by Lee J. Adams, 28½ Lafayette, and Merle G. Pritchett, Portland. Both were charged with being intoxicated on a public street.

JOIN IN MANEUVERS

PORTLAND (UPI) — Oregon's 313th Troop Carrier Squadron of the Air Force Reserve took off Wednesday for Boise to participate in simulated combat maneuvers over Idaho.

The flight of 11 C119 Flying Boxcars was led by Squadron Commander Lt. Col. Leonard Ranton and by Col. Vernon Acker, commander of the 939th Troop Carrier Group.

If you want to be a class mother, you must realize that you are volunteering your services. Don't expect to receive special treatment in return. Naturally your help will be greatly appreciated, but don't take advantage of this fact.

Works Under Teacher

You will have to work under the direction of the teacher who must remain as the authority.

It is a good idea to visit with the teacher and discuss the ways in which she wishes you to help. Be willing to cooperate when you are wanted. Perhaps you will be laying the groundwork for improved relations in future years.

In actual practice the job of a class mother can be gratifying. Besides the pleasure of working with a group of active youngsters you will be donating a valuable service. You also will have the opportunity to become familiar with some aspects of the school program.

If you are interested in being a class mother, the parties responsible for this can be contacted by calling the school office or PTA president. Don't hesitate to offer your services since schools and PTA's are always anxious to include people who are interested in being helpful.
