

Race problems give Washington sense of crisis

PORTLAND (UPI)—Rep. Edith Green, D-Ore., said last week that race problems have given a "sense of crisis" to Washington. She predicted that strong civil rights legislation would be passed this session of Congress.

Outboard boat strikes rocks

DEPOE BAY, Ore. (UPI) — A 17-foot outboard boat struck the rocks at the south entrance to Depoe Bay channel Sunday but three Salem residents escaped without injury.

CD council to share space

SALEM (UPI) — Oregon's new three-member civil defense coordinating council will share its new 50-by-90 foot offices with the mental health division of the Board of Control, it was announced today.

The agency moved to its new offices Saturday. The 1963 legislature slashed the state's 18-member civil defense agency to a 3-member coordinating staff attached to the governor's office.

CITES WATER PROBLEM

WASHINGTON (UPI) — Interior Secretary Stewart L. Udall said Sunday that the nation's water conservation problem is becoming increasingly serious because rivers have been turned into sewers.

Too much power at top is seen in Soviet Russia

WASHINGTON (UPI) — The Soviet government is hampered in running Russia today because of a concentration of power at the top and a fear of delegating authority to subordinates.

"Although Khrushchev uses the talent and experience of his top lieutenants to a far greater degree than Stalin did, it may be that it is not enough. Yet more effective use of these men would seem to require a delegation of power and authority that might ultimately endanger Khrushchev's own posture," the report states.

ACTRESS MARRIES

LAS VEGAS, Nev. (UPI)—Actress Jo Morrow, 23, and Jackie Barnett, 42, a songwriter for Jimmy Durante, exchanged marital vows Sunday night in the Gold Room of the Flamingo Hotel.

Accidents take lives of four

A variety of accidents took the lives of three Oregon residents and a Camas, Wash., boy over the weekend. In addition, a Monroe, Ore., woman died in an auto crash early today.

NEW OFFICERS

Installed as new officers of Xi chapter of Beta Sigma Phi are from the left: Mrs. Bob Rea, president, Mrs. Ken Spence, vice-president; Mrs. Rex Purkerson, treasurer; Miss Judith Buckingham, recording secretary; Miss Kay Asseln, corresponding secretary; and Mrs. William Hoffman, extension officer.

Accidents take lives of four

A variety of accidents took the lives of three Oregon residents and a Camas, Wash., boy over the weekend. In addition, a Monroe, Ore., woman died in an auto crash early today.

Louis Johnson, 69, sisters, died Sunday when fire burned through an apartment above a sporting goods store in that town. The blaze possibly started from a cigarette.

Mrs. Barbara L. Osborne, 21, Monroe, was killed early today when her car struck a tree about two miles south of Monroe.

Mrs. Desdemona Watts, 63, of Myrtle Creek died in a Eugene hospital Saturday night from injuries suffered in an auto accident earlier in the day. State Police said her car collided with one driven by James Alfred Herbert, 58, of Myrtle Creek on Highway 99 about one mile south of that city. Herbert was not injured.

A train struck and killed 13-year-old Ray Maddox of Springfield Saturday evening as he fished from a railroad bridge in northern Coos County. An ambulance driver called to the scene said the boy and three other persons were fishing from the bridge near Lakeside Junction when they heard the train.

The others fled, but young Maddox attempted to lie down between the sections of the bridge and allow the train to pass overhead.

Howard D. Shinn, Camas, Wash., died in a Portland hospital Sunday of injuries suffered in a bicycle accident. Police said Shinn attempted to ride down a flight of 140 steps on a Camas hillside. The bicycle slipped and the boy plunged to the bottom.

Oregon's growing traffic-death toll when the Multnomah County coroner ruled the June 15 death of Mrs. Katherine Henney, 72, was due to a traffic accident which occurred four days earlier. She suffered a hip injury when she was thrown from a car driven by her daughter, Mrs. Isobella Koch, Portland.

The Oregon Democrat said the report, made by assistant interior secretary John A. Carver, "should lay to rest some of the irresponsible rumors which have been circulated by opponents of the Oregon dunes bill."

She said the study indicated that many commercial enterprises in the area were offering services which would be sought by visitors.

Mrs. Neuberger said her Oregon dunes bill specifically prohibits condemnation of residential property. She described contrary contentions as "legalistic hokum."

"The record clearly shows intent of this legislation is to permit purchase by the federal government only if the seller is willing," she said.

Carver's report to the Senate Public Lands subcommittee said it was of "utmost importance" that the department retain its authority to take commercial and industrial property by condemnation when necessary.

He recommended, however, that the bill be amended to provide for a one-year suspension of the right of condemnation after enactment of the legislation.

Representatives of six states—Oregon, Washington, Idaho, Montana, Wyoming and Nevada—said that a better job of explaining is needed to groups that have opposed the compact. Washington legislators said these groups in Oregon and Washington are primarily public power supporters, particularly the Grango and PUD's.

The commission, at a meeting here Friday, decided to try to get legislative approval once more from Washington and Oregon for a Northwest compact on water and power development. Both states have withdrawn funds from the commission, but plan to send observers to its meetings.

The commission decided to operate on a curtailed budget during the next two years. Instead of about \$20,000 it will operate on a budget of \$14,500.

Dr. Tejera, addressing the Portland City Club, said his country was a happy partner of the United States in the Alliance for Progress and had made rapid economic and social strides.

Next to Japan, he said, Venezuela is the world's most rapidly industrializing nation. He said this progress, plus a rising literacy and a more realistic slum clearance program, had been made despite recessions and Communist uprisings.

No immediate need for more Dunes property

WASHINGTON (UPI) — Sen. Maurine Neuberger said today an Interior Department report shows no immediate need for acquiring commercial property for the proposed Oregon Dunes National Seashore.

She said the study indicated that many commercial enterprises in the area were offering services which would be sought by visitors.

NEW OFFICERS — Installed as new officers of Xi chapter of Beta Sigma Phi are from the left: Mrs. Bob Rea, president, Mrs. Ken Spence, vice-president; Mrs. Rex Purkerson, treasurer; Miss Judith Buckingham, recording secretary; Miss Kay Asseln, corresponding secretary; and Mrs. William Hoffman, extension officer.

New compact try planned

PORTLAND (UPI)—The Columbia Interstate Compact Commission is going to try again.

The commission, at a meeting here Friday, decided to try to get legislative approval once more from Washington and Oregon for a Northwest compact on water and power development.

The commission decided to operate on a curtailed budget during the next two years. Instead of about \$20,000 it will operate on a budget of \$14,500.

Representatives of six states—Oregon, Washington, Idaho, Montana, Wyoming and Nevada—said that a better job of explaining is needed to groups that have opposed the compact.

Washington legislators said these groups in Oregon and Washington are primarily public power supporters, particularly the Grango and PUD's.

Soap Box Derby winners named

SALEM (UPI)—Darryl Bishop, 13, Salem, won the 1963 Salem Soap Box Derby race Sunday, and will compete in the 26th running of the All American Soap Box Derby Race in Akron, Ohio, Aug. 3.

PORTLAND (UPI)—Jim Scott, a "veteran" 11-year-old driver, won the Greater Portland Soap Box Derby Sunday and a trip to Akron, Ohio and the National Soap Box Derby.

Scott edged Richard Holbrook, 11, of Portland. He also received a \$500 savings bond.

DEATH REPORTED

CORVALLIS (UPI)—Mrs. Barbara L. Osborne, 21, Monroe, was killed early today when her car plunged off highway 99W about two miles south of Monroe and crashed into a tree.

Mrs. Osborne was enroute from Junction City to Monroe shortly after 2 a.m. when she lost control of her car after rounding a curve, police said. She died at the scene.

It was Benton County's first traffic fatality of the year.

'Enemies' noted by Venezuelan

PORTLAND (UPI) — Dr. Enrique Tejera Paris, Venezuelan ambassador to the United States, said here poverty and absentee landowners were democracy's two "very serious enemies" in Latin America.

Poverty, he said, is exploited by Communists and "a relatively small number of absentee landowners have exploited our countries for centuries."

Dr. Tejera, addressing the Portland City Club, said his country was a happy partner of the United States in the Alliance for Progress and had made rapid economic and social strides.

Next to Japan, he said, Venezuela is the world's most rapidly industrializing nation. He said this progress, plus a rising literacy and a more realistic slum clearance program, had been made despite recessions and Communist uprisings.

Pickets posted at missile base

VANDENBERG AFB, Calif. (UPI) — Pickets were posted at all entrances to this Pacific Coast missile base this morning in a dispute between security guards and contractors.

The American Federation of Guards, representing 130 civilian guards at the base, said they have no quarrel with the Air Force but that their strike is against "chiseling" contractors who refuse to pay the basic rate.

Curtis Walker, secretary-treasurer and business manager of the union's Los Angeles office, said he did not expect other Vandenberg personnel to honor the picket line. But he said he wanted to impress on those crossing the line that the security of contractors' operations was in danger.

The union contends a new work contract offered by Haisl Contraco Inc. of Middleborough, Mass., new guard contractor replacing M & M Co. of Philadelphia, would mean a \$40 a week decrease in pay per guard.
