

Nikita again calls for German peace treaty

BERLIN (UPI) — Soviet Premier Nikita Khrushchev said today the "Damocles sword of war" still hangs over the world and once again called for conclusion of a German peace treaty.

But he again refrained from setting a deadline for the signing of such a treaty.

In his speech to an East German rally, Khrushchev once again reaffirmed his policy of "peaceful coexistence" with the West. The remarks assumed special importance because of their timing, almost on the eve of the scheduled meeting in Moscow of Soviet and Chinese Communist leaders to discuss their ideological differences.

The Sino-Soviet meeting is scheduled to open Friday, and at the very heart of the dispute is the "peaceful coexistence" policy backed by Khrushchev. The Chinese Communists hold that war is inevitable if communism is to be spread around the world.

"We want all the peoples of the world to be able to look calmly into the future," Khrushchev told a crowd of 9000 in East Berlin's Werner Seebinder indoor sports arena.

"We stand for peaceful coexistence between states with different social systems," he added.

Khrushchev said the German people know only too well the meaning of war.

"The understanding of man can imagine only with difficulty what immeasurable damage a third world war would bring," he said.

Earlier in his speech Khrushchev said Communist East Germany has achieved an "economic miracle" comparable to that of West Germany.

He asserted that Communist East Germany will overtake West Germany in the economic sphere.

"This time already has set in," he declared amidst an uproar of applause.

He said East Germany has achieved "an economic miracle" comparable to West Germany and has become "one of the mightiest industrial states in Europe and the world."

K IN BERLIN—Soviet Premier Khrushchev gets the standard bear-hug from East Germany's Communist party chief, Walter Ulbricht, at Schoenefeld Airport, East Berlin.

Mac facing new scandal over missing ex-diplomat

LONDON (UPI)—Prime Minister Harold Macmillan faced a new scandal today over the revelation that a former British diplomat was the "third man" in the 1951 Burgess-MacLean defection to Russia.

Lord Privy Seal Edward Heath announced in parliament Monday that H. A. R. (Kim) Philby, a former British diplomat and newsman missing from Beirut, Lebanon, since January, had tipped off accused Soviet spies Guy Burgess and Donald MacLean on May 25, 1951, that British security officials were on to them.

Burgess and MacLean, former Foreign Office officials, both fled to Russia the same day.

Heath said Philby, 51, also may have gone behind the Iron Curtain. He said Philby, a former first secretary of the British Embassy in Washington, was a former Communist and had been a Soviet agent before 1946 while working in the Foreign Office.

Beirut apartment Jan. 23 to attend a party. He never arrived.

His American wife reported him missing, but later asked police to call off the search when she received a telegram from Cairo signed in his name.

Heath said Monday that Mrs. Philby has since received a letter indicating her husband is in a Soviet-bloc country. The letter has been thoroughly checked by security officials, he said.

The Foreign Office said Mrs. Philby currently is in England.

In Moscow, Burgess denied Philby was the "third man" in the case. He said he had not heard from Philby and had no idea where he was.

Cold front has eased heat wave

By United Press International

A cold front and thunderstorms poked holes today in a burning week-old heat wave across much of the nation.

The front stretched from the eastern upper Great Lakes southwestward into the central plains and brought relief from record temperatures of the past few days.

It touched off thunderstorms as it collided with the warm, moisture-laden air that filled much of the Mississippi and Ohio valleys.

Escanaba, Mich., Bristol, Tenn., and Little Rock, Ark., got about a half inch of rain early today, and Winston-Salem, N.C., and Macon, Ga., received one inch.

Rain Drenches Ohio

A small but unverified tornado touched down near Sedalia, Ohio, late Monday during a thunderstorm, destroying a shed and knocking down some trees.

High winds downed about 15 poles near Columbus, Ohio, during a rain of more than one inch. About 50 cars were stalled in an interstate highway underpass.

Elsewhere, 1.70 inches of rain fell at Tampa, Fla., Monday during a six-hour period. Brownsville, Tex., and Charleston, S.C., each got about a half inch of rain.

The temperature reached 111 at Blythe and Imperial, Calif., Monday, and 110 at Yuma, Ariz. A reading of 93 at Buffalo, N.Y., broke a record set in 1949.

NYC Records A 98

New York City's reading of 98 was the highest in more than 13 months and only two degrees below a record for the date set in 1901.

In Iowa, where corn thrives on moisture and heat, Shenandoah's temperature reached 102, breaking by one degree the July 1 mark of 101 set in 1938. Streets buckled in places.

In Washington, the U.S. Weather Bureau predicted higher than normal temperatures in the eastern two-thirds of the nation in the next 30 days, but below normal temperatures in the Far West, and normal to below normal in the North Atlantic and South Atlantic coast regions.

Fulton named to Commission

SALEM (UPI) — John Fulton, corporate representative of Crown-Zellerbach Corp., Portland, has been named a member of the State Civil Service Commission to succeed V. B. Kenworthy, The Dalles, the governor's office announced today.

Fulton, a former president of the Portland Chamber of Commerce, vice president of Associated Oregon Industries and a director of West Coast Lumbermen's Association, took office Monday. He joins Harris Ellsworth, Roseburg, chairman, and John C. Beatty, Portland, on the commission. Ellsworth and Fulton are Republicans. Beatty is a Democrat.

Kenworthy, who said he did not wish to be reappointed, has served on the commission since 1950.

NEW DESCHUTES CO. MAP

Metsker Map Co. has just published a completely new county map with the following features: almost twice as large, easy to read, every now road, lake, trail, creek, camp, more detail than on any other map. Don't settle for less, get yours today. \$1.25 at local Sporting Goods and Stationery Stores. Metsker Map Co., 111 So. 10th St., Tacoma, Wash.

Morey offers plea of guilt

SALEM (UPI) — James Joseph Morey, 48, pleaded guilty to manslaughter Monday in connection with the slaying of a drinking companion last March.

Dist. Atty. Hattie Kremen moved to dismiss an earlier first degree murder indictment against Morey on grounds of insufficient evidence. A pre-sentence investigation was ordered.

Morey was charged with knifing Gilbert J. Heidebrecht, 33, during a drinking party at Morey's home.

Three-year proposal for closing out bracero program is advanced

WASHINGTON (UPI)—Congressional supporters of the controversial bracero program have urged that it be closed over three years.

The proposal was advanced Monday by House members who also have introduced legislation calling for a one-year extension of the program of using Mexican laborers to harvest crops in the United States.

It has been under attack for years by labor unions as depriving U.S. workers of employment, and in a recent surprise move the House refused to extend the existing law for two more years.

Among those advocating the three-year phase out were Reps. E. C. Gathings, D-Ark., and Charles M. Teague, R-Calif. Similar legislation has been introduced in the Senate by Sen. J. William Fulbright, D-Ark.

Teague, who also introduced a bill calling for a one-year extension of the bracero program, said the three-year plan would require a less "drastic and sudden adjustment."

The new proposal would end the program Dec. 31, 1966. From 1964 through 1966 the number of incoming Mexican farm workers would be limited to half the average number permitted in three previous fiscal years. However, it also would set a maximum of 150,000 in 1964, 120,000 in 1965, and 90,000 in 1966.

Gathings, chairman of the agriculture subcommittee which approved the two-year extension rejected by the House, said discontinuance of the program would result in a shortage of workers and an increase in food prices.

Teague, a member of the agriculture committee, said the success of efforts to extend the program would depend "purely on whether enough Democrats can be persuaded to change their votes."

Teague was asked if he thought the committee had erred in approving a two-year extension in the face of administration support of only a one-year extension. He said he did not think it made any difference.

Teague said he had been urging users of bracero labor to write California Democrats to ask them to vote for an extension. He said Rep. Jeffery Cohelan, D-Calif., one of the opponents of a two-year extension, was "very much uninformed on this problem."

Another opposition leader, Rep. Henry B. Gonzalez, D-Tex., continued his attack.

"I should hope that we will continue to reject any extension of this act which by injecting a large supply of cheap labor into the American agricultural market prevents the wages of domestic migrant workers from rising through the market forces of supply and demand," he said.

Budget includes sum for CD

OREGON CITY (UPI) — The Clackamas County budget will include \$12,118 for civil defense, a slight decrease from the last fiscal year, Commissioner Darrell Jones said Monday.

Jones said the county would be subject to a federal claim for material and equipment valued at \$275,000 purchased through Civil Defense if the program was canceled.

He said a scheduled salary increase from \$7,200 to \$7,600 for CD Director H. I. Jackson will be disallowed, his office secretary will be placed on a half-time status and a new car purchase will be deleted.

Council votes dance license

TAFT, Ore. (UPI) — The Taft City Council voted Monday night to grant promoter Nick Weinstein a license to hold teenage dances, providing a law enforcement officer is on hand at all times.

The action appeared to end a dispute between Weinstein and city officials that caused a near riot by teenagers Friday night when police broke up a dance. Three youths and Weinstein were arrested after Police Chief Rod Rosenbaum tossed a tear gas grenade.

Weinstein appeared in Municipal Court Monday and pleaded guilty to operating a dance without a license. Judge Paul Glines fined him \$25, with \$15 of it to apply on the license if the council granted it.

Monday night he was given a special hearing by the council, which voted with one dissenting vote to approve the license.

RUSSIANS RECEIVED

VATICAN CITY (UPI) — Pope Paul VI received in audience Monday two Russian churchmen who attended his coronation.

The Russians were Bishop Vladimir of Sberigorod, the representative of the Russian Orthodox Church to the World Council of Churches; and Archbishop Vitaly Borovy, professor of theology at the Leningrad Ecclesiastical Academy.

4 questioned in shooting

By United Press International

Four white teen-age boys were questioned today in connection with a shooting incident in which four Negro youths were struck by shotgun pellets in front of the home of a civil rights figure in St. Augustine, Fla.

Police Chief Virgil Stuart said the four youths told conflicting stories about the incident but apparently there had been an exchange of gunfire in front of the home of Dr. Robert B. Hayling, a Negro dentist.

Two of the white youths were held on an open charge pending further investigation.

Hayling has been an advisor for the Youth Council of the St. Augustine chapter of the National Association for the Advancement of Colored People. The council has been picketing two variety stores in a civil rights protest.

Stuart said the white youths said they were fired upon by a Negro with a rifle from an automobile near Hayling's home after they drove up. A brick was hurled at the dentist's home prior to the shooting.

In Chicago, the NAACP's national convention criticized President Kennedy's civil rights program as inadequate and demanded sweeping additional legislation in this session of Congress.

The NAACP also served notice it will use mass demonstrations, including a march on Washington next month, to bring pressure on Congress and will "support and participate in" other mass protests sponsored by other civil rights organizations in support of a strong civil rights legislative program.

Loan changes now in force

SALEM (UPI) — The State Department of Veterans' Affairs has started accepting farm and home loan applications under the new higher loan amounts approved by the 1963 legislature. Director H.C. Saalfeld announced today.

The legislature increased the maximums from \$13,500 to \$15,000 for homes and from \$30,000 to \$40,000 for farms.

While the increases don't become effective until Sept. 2, applications will be accepted now so the loan closings may be completed as soon as possible after Sept. 2, Saalfeld said.
