

Commission gives approval to new budget

By GERALD DRAPEAU
Bulletin Staff Writer

Bend city commissioners Wednesday stamped their final endorsement on a 1963-64 fiscal budget exactly \$32,912.53 and about 10 per cent below the six per cent limitation figure.

No budget changes were made during the public hearing that opened Wednesday's regular meeting. A discussion of salary hikes for city employees, raised by Commissioner Jack Dempsey, was discarded. The board decided pay hikes could wait until results of a salary classification study are analyzed next year. Also voted out was a \$2,800 request for improvements to Juniper Park.

In other action, city fathers concurred with a planning commission recommendation as they denied two requests and approved a third for "spot" zone changes. Jim Ward and Al Bell were refused permission to build apartments in the Kenwood First Addition and Keystone Terrace areas — both single-family dwelling zones. But a joint request by contractors Walter Marken and Ed Shaver was okayed. They asked that portions of blocks — lying between the alley north of Xerxes and Revere Ave. and between E. Fourth and the first alley west — be changed from R-2 and R-3 (residential) to C-2 (commercial). Commissioners gave the amendment first reading following its approval.

Action on a fourth zone change request, by apartment builder Searon Smith, was deferred until Smith presents more detailed reasons for his request.

Commissioners also:

1. Agreed to swap a curving, 40-yard-wide roadway that skirts old Bruin Field from E. Third to DeKalb, for a straight, 60-yard-wide adjacent roadway. The curving roadway is on land which owner Jim Arust proposed to develop.
2. Granted U. S. National Bank a "growing period" for their sidewalk trees. Right now the trees' lower branches stick out beneath the minimum level designated by ordinance.
3. Chose to investigate the ambulance policies of other cities before trading in the city police ambulance on a '63 model, as of this morning, has logged 16,732 miles.

MR. AND MRS. RONALD L. ARONSON

Cran-Aronson vows exchanged here recently

Miss Marion Louise Cran, daughter of Mr. and Mrs. Frank Earl Cran, 335 E. DeKalb, was married recently to Ronald Lee Aronson, son of Mr. and Mrs. Edward Aronson, 405 Federal, in a formal, double ring ceremony held in the First Presbyterian Church of Bend.

The Reverend James P. McGugin officiated at the afternoon ceremony and Mrs. Clarence E. Bush was organist. Miss Cran was given in marriage by her father.

Both the newly weds are graduates of Bend High School. They are at home in Bend where Aronson is employed at Cascade Forest Products. Mrs. Aronson is a waitress at Sambo's.

Florence Stockburger, aunt of the bride was matron of honor. Janice and Earlene Cran, sisters of the bride, served as bridesmaids. Wendy Bonfilio was flower girl and Gary Stockburger, cousin of the bride, was ring bearer.

Wilfred Devenport was the best man for Aronson. Lawrence Holt and Zane Patterson were ushers.

Following the ceremony, a reception was held in the parish hall of the church.

Word has been received of the recent death in Baker of Rose Eleanor Partin, 40, a former resident of the Bend community. A native of Princeton, Idaho, where she was born July 17, 1920, Mrs. Partin came to Oregon in 1937, and lived here before moving to Haines in 1960.

Mrs. Partin is survived by her husband, William Partin, whom she married in Bend on May 10, 1943, and who is now a resident of Haines, and one son, Don Mitchell, of Seattle, Wash.

Mrs. Partin's parents are Mr. and Mrs. Joe Russell, Bend. A brother, Verduin Russell, lives in Klamath, Calif. Also surviving are a grandson, a niece and two nephews.

The fire control specialists headed north from Redmond Thursday about 6 p.m. in a DC plane piloted by Dean Ford. Aboard the plane was the entire crew of 24 men who, despite the holiday, were on standby by at the base for any emergency call from any parts of the west.

This past week, the "Hot Shots" were called to the mountainous area near Richfield, Utah, to check a forest fire. They were still on duty in Washington today, but reports indicate the German Peak fire is under control.

Also dispatched to the Washington fire from the Redmond fire control center was a B-26 slurry bomber piloted by Bill Byers.

Not a fire was reported on the Deschutes National Forest on July 4. However, on Wednesday a small fire started by a careless smoker was discovered on Crescent Creek.

Little rain fell in the Deschutes county over the holiday, but heavy clouds covered some lookout points early today.

SALEM (UPI)—Gov. Mark Hatfield, who has been down with the flu for the past week, was described as "much better" today by his press secretary, Travis Cross.

Cross said the governor's appointments for today have been canceled, "but we're shuffling work out to his house."

Cross indicated Hatfield might return to his office Monday.

Assignment of ballot title set by Thornton

SALEM (UPI)—A ballot title and a statement of purpose for the referral of the 1963 legislature's \$60 million tax increase package were assigned today by Atty. Gen. Robert Y. Thornton.

The title, filed with the secretary of state, reads: "Personal and Corporation Income Tax Bill."

The accompanying statement of purpose describes the measure: "To increase state revenues. Abolishes federal tax deduction. Lowers personal tax rates. Provides minimum tax. Increases corporation rates. Effective on or after January 1, 1963."

When asked to explain the part of the statement of purpose which states the tax measure "lowers personal tax rates," Thornton told UPI, "The bill increases revenues because the federal tax deduction is eliminated. The bill lowers the tax rates, but raises more money. It lowers the tax rates, but it doesn't lower the take."

A petition to refer the revenue measure was filed by J. Francyl Howard, president of the Citizens Committee for economy and Equitable Taxation.

Howard's group still faced delays before circulation of petitions could begin, however.

As soon as the secretary of state is notified of the title assigned for the measure, a 20-day appeal period begins.

Anyone Can Object

Thornton explained "any person who is dissatisfied with the ballot title can file an objection within the 20-day period."

"It then becomes a matter for the Supreme Court to determine," Thornton said there is no legal time limit for the Supreme Court to approve or reject the title.

"In the past there has been the feeling that objections to ballot titles were deliberate attempts at stalling to prevent petitioners from getting signatures," Thornton said.

Howard's group must get 23,185 signatures before a special election can be held on the revenue measure.

The legislature set aside \$300,000 and an Oct. 15 election date for such an election.

"Considerable Time" Possible

Thornton said "it may take considerable time for the Supreme Court to act. Many feel this is a defect in the law and should be tightened up."

He explained there was no provision in the law for extending the time for circulation of petitions in case of delays caused by a challenge of the ballot title.

"The law requires signatures to be gathered within 90 days of the end of the legislative session," Jack Thompson, elections supervisor for the secretary of state, said the petitions must be turned in by 5 p.m. Sept. 1.

Thornton, who earlier this week was attending an attorneys general convention in Seattle, said he had planned to fly back Wednesday afternoon to work on the ballot title, but his departure was delayed by a bomb threat.

SALEM (UPI)—Sale of \$30 million in first mortgage bonds and 100,000 shares of serial preferred stock by Pacific Power and Light Co. has been approved by the public utility commissioner, it was announced today.

Proceeds from the sale will be applied to the retirement of notes and to redeem 90,000 shares of 6.15 per cent serial preferred stock issued in 1957, the PUC said.

PP&L plans to sell the bonds and stock at competitive bidding. Bids will be invited about July 18, and opened about July 30, the PUC said.

Two motorists collected traffic citations issued by city police Thursday.

Officials said that Cora Engels had apparently died about the time she was reported missing. Her body was discovered by other patients.

Cause of death was not immediately determined.

Four persons died in Oregon Thursday of July traffic accidents. In addition, another person drowned and a man died in a car fire.

Sharon Lee Christiansen, 18, Chiloquin, was killed in a one-car crash between Sprague River and Beatty. Police say the car apparently went out of control.

The driver, Henry Cole, also Chiloquin, suffered injuries.

Mrs. Margaret Louise Bussey, 56, Milwaukie, died as a result of injuries suffered when the car she was in crashed on a curve on the Smith River Road near Reedsport.

Her husband, Benjamin, 63, and another passenger, Mrs. Melvin Johnson, were reported in serious condition at a North Bend hospital.

A 13-year-old Portland boy, Lawrence Robert Adams, drowned when he fell into the South Santiam River near Sweet Home Thursday evening.

David K. Lund, 36, Route 5, Oregon City, died early today when his car burned. The Clackamas County medical examiner's office said Lund apparently had gone to sleep in the back seat after driving home when the blaze broke out. It's cause was not determined immediately. Lund lived with a brother and sister-in-law.
