BEAUTY IN NUMBERS—Picturesque San Francisco Bay with the Golden Gate Bridge in the background was covered with billowing sails for the annual yacht parade. It was a breath-taking sight.

Kipling's prophecy holding true in Sino-Soviet ideological meet

By William D. Laffler
UPI Staff Writer

Rudyard Kipling once wrote: East is East and West is West but never the twain shall meet."

This poetic prophecy is the main undercurrent of a meeting now going on in Moscow of the two giants of the East—Soviet Russia and Red China.

The Moscow session was ordered some time ago. It was called as a move to patch up differences that have divided the Communist world.

Khrushchev's policy holds that while East cannot meet West politically because of the clashing of ideologies, they can live side by side through peaceful coexistence.

But the Chinese line of Mao Tse-tung is the converse. East not only cannot meet West but East must destroy West—with nuclear war, of necessary.

Called Coward

Khrushchev, called a coward by the Red Chinese for pulling missiles out of Cuba, repeated his argument that the Communist and Capitalist systems can coexist without war. He had already warned Mao that the United States may be a "paper tiger," a term often used by the Red Chinese, but that it has "nuclear teeth."

On the eve of the Moscow meeting, both sides clashed again.

Moscow accused Peking of slandering the Soviet Union in a 67-page indictment of Khrushchev's policy. The Chinese not only refused to backtrack but bought an ad in a Frankfurt (West German) newspaper offering a detailed explanation of its anti-Khrushchev stand in a booklet at a price so low that it seemingly would pay only for handling and postage.

The outcome of the current talks may not be known for days or weeks.

See Break

Many observers believe the quarrel is so deeply rooted now that a reconciliation is impossible. Some predict the two nations will break off diplomatic relations.

Whatever the outcome, it will have an important effect on the future of civilization—as we know it.

On the Fourth of July President Kennedy received a cable from Khrushchev congratulating the people of the United States on the anniversary of their independence. It said "...the maintenance of peace has indeed become a vital need for all mankind."

Kennedy sent Khrushchev a message thanking him for the note and stressing that Americans have always wanted peace.

"Today, that desire for peace is more urgent than ever," Kennedy's reply said. "The world has long passed the time when armed conflict can be the solution to international problems."

Other Headlines

Rome — Italy's senate gave Christian Democratic Premier Giovanni Leone's caretaker cabinet a vote of confidence. The house is also expected to endorse the cabinet though the rival Socialists may abstain.

Chicago—Mayor Richard Daley was unable to make a speech at the NAACP Convention because of boos and catcalls. He blamed it on the Republicans. NAACP officials blamed it on splinter groups, which denied complicity.

Washington—The State Department ordered Soviet Embassy Attache Gennadiy G. Sevastyanov to leave the country at once for trying to recruit a spy in the CIA. Later in the week the FBI arrested four other persons as Russian spies and held them for trial.

Bonn — De Gaulle and West German Chancellor Adenauer met but were unable to reach agreement on allied and common market policy. De Gaulle played his visit in low key, since his visit followed by only days the successful trip to West Germany by Kennedy.

Gold Cup boat driver injured

DETROIT (UPI) — Veteran powerboat driver Morlan Visel was injured Friday when his hydroplane Miss Madison was badly damaged during a high speed practice run for the famed Gold Cup race on the Detroit River this Sunday.

Visel, blood streaming from his face, was pulled from the river near the Belle Isle Bridge. He was taken by a rescue boat to shore where he was placed in an ambulance.

Officials at the judges stand on the Detroit riverfront said Visel suffered severe head lacerations and a possible broken ankle.

He was tossed from the boat moments after the big hydroplane, owned by the people who sponsor the Governor's Cup race in Madison, Ind., roared down the homestretch at about 108 miles an hour.

Visel, from Lake Tahoe, Calif., finished third in the 1952 Gold Cup race. When today's accident happened, he was on a warmup run before trying to qualify Miss Madison.

Up to today, a total of 10 boats had qualified for the Gold Cup, most coveted award in powerboat racing.

Reed College professor dies

PORTLAND (UPI)—William L. Alderson, 49, professor of literature at Reed College for the last 20 years, died Friday at his home of a heart attack.

He had previously taught at Texas A & M, Central Washington College of Education, and the University of California, where he received his bachelor and masters degrees.

Elections due in Argentina

BUENOS AIRES (UPI)— The provisional government of President Jose Maria Guido Friday made final preparations for nationwide elections Sunday despite an announced boycott by followers of exiled dictator Juan D. Peron.

Interior minister Gen. Osiris Villegas said Thursday night that "at no moment" could the boycott by the pro-Peron national popular front cause a postponement of the elections.

"The front only represents one part of the citizenry, whose vote value will be known in the elections," Villegas said.

The popular front, a coalition of the Peronist Popular Union and the radical intransigents of deposed president Arturo Frondizi, has advised its members to go to the polls as required by law but cast blank ballots as a form of protest.

The election campaign, which has been held in an atmosphere of confusion and apprehension, officially ends at midnight tonight.

Truck driver shoots wife, sister-in-law, wounds 3

NEWARK, N.J. (UPI) — A Linden, N.J. truck driver who fatally shot his wife and sister-in-law, wounded three other persons and terrorized a family of eight surrendered meekly to police early today.

An 18-year-old girl abducted by the fugitive and released after several hours reported to police that Richard (Teddy) Coleman, 32, a Negro, sexually assaulted her. Doctors at Elizabeth, N.J. General Hospital said examinations confirmed the possibility of rape.

The girl, Mary Kaminski, who is white, was the second eldest daughter of a family which Coleman had held at gunpoint for four hours after the shootings. She was released on an Elizabeth, N.J., highway at about 3 a.m. EDT today, and hailed a passing police car.

Surrenders Quietly

A roadblock on state Route 1 near Newark Airport halted the automobile in which Coleman was fleeing a vast police hunt. An officer who helped in the capture said, "We came up to his car. He stepped out and threw up his hands. That's all there was to it."

On the seat of the car was a loaded .38 caliber pistol, and in Coleman's pocket, according to police, was a .25 caliber pistol. These were the weapons with which the slender Negro allegedly created a bloodbath in his home community Friday afternoon.

Coleman's rampage was traced to a series of quarrels with his wife, Millie, 37. A young man who had been held at gunpoint by Coleman quoted him as saying that he killed his wife "because she was no good."

Brought before newsmen after his apprehension, Coleman said he was tired and sat listlessly. Under questioning, he said, "I'm sorry about the whole mess, I'm sorry about the whole thing."

Police said Coleman, who was on vacation, had stayed away from home Thursday night after a dispute with his wife. Friday afternoon he returned home and found her seated in the kitchen with Betty Ann, 15, one of the couple's four children.

Thank you note includes appeal

MOSCOW (UPI) — President Kennedy, in a message of thanks to Soviet Premier Nikita Khrushchev for his Independence Day greetings, has made a new appeal for world peace, the official news agency Tass reported today.

Tass said Kennedy sent Khrushchev and Soviet President Leonid Brezhnev a telegram thanking them for their own message of congratulations on the U.S. July 4 holiday.

"Today the desire for peace is more urgent than ever. The world had long passed that time when conflict can be the solution to international problems," Tass quoted Kennedy's message as saying.

Tass said Kennedy wrote he shared the desire of Khrushchev and Brezhnev that "we move forward with understanding toward the solution of those key problems which divide us.

"I am hopeful that world peace, just and lasting, can be achieved."

California says dispute valid

SACRAMENTO (UPI)—The California State Department of Employment Friday ruled that the labor dispute between striking lumber and sawmill workers and the "Big Six" lumber firms was valid and that workers locked out by the dispute could not be paid unemployment insurance.

The department said the dispute between the Lumber and Sawmill Workers Union and the International Woodworkers against the employer group was valid according to a precedent set in 1949 by a state Supreme Court decision.

The decision held that under certain conditions a strike against one or more members of a group of employers who are negotiating together is a strike against all members of the group.

The department added that the unemployment insurance code prevents payment to workers who have left work because of a labor dispute. Some 2,100 workers in northern California are affected.

The unions struck June 4 against U.S. plywood at Anderson, Calif., and St. Regis Paper Co. of Oregon, the other employers shut down.

The unions had contended that because the employers voluntarily closed their plants, workers should receive unemployment benefits.

HARD TO CONVINCE

WORCESTER, England (UPI) —Strongman Travor Smallman, 25, was just going into his act outside a movie theater Friday when onlooker Laurian Healy, 10, piped up, "My daddy is stronger than you are."

As the crowd giggled, Smallman showed his strength by wrapping an iron bar around Laurian's neck, then had to call the fire department for help when he found he could not unwind it.

"I still think," said Laurian later, "that my daddy is stronger."

NLRB overrules 84 challenges

PORTLAND (UPI)—The National Labor Relations Board Friday overruled challenges to 84 ballots cast in the union decertification election at the J. Herbert Bate Lumber Co at Wallowa.

The election was held June 13 as part of a bitter battle between the company and the Lumber and Sawmill Workers Union. The union struck the mill last year, but it later reopened with non-union workers.

The union sought to reassert its right to represent the workers, while employes who replaced the striking workers attempted to decertify the union.

Of 300 votes cast in the election, 154 were challenged and remain uncounted. Of those counted 144 out of 146 were for decertification.

The NLRB in Portland will count the 84 cleared Friday to determine if they settle the outcome, unless the company appeals the decision.

Airman of month honor achieved

Special to The Bulletin

LAON AB, France — Airman Second Class Glen E. Mickel of Redmond, Ore., has been selected Outstanding Airman of the month in the 66th Tactical Reconnaissance Wing here.

Airman Mickel, a United States Air Force air policeman, was chosen for the honor in recognition of his exemplary conduct and performance of duty. He received a $25 savings bond, a three-day pass, and a letter of appreciation for his achievement.

The airman entered the service in August, 1961, and is a graduate of Redmond Union High School. His sister, Mrs. Golda Sloan, is a resident of Redmond.

Coast Fork said 'contaminated'

COTTAGE GROVE (UPI)—The Coast Fork of the Willamette River is "highly contaminated" by the presence of raw sewage, Lane County Sanitarian John Stoner has reported.

Stoner blamed some of the contamination on the Cottage Grove city sewer system and the remainder on householders who dump raw sewage into the river.

Arrest nine for bookmaking

PORTLAND (UPI)—A total of nine persons had been arrested by late Friday in a crackdown in Multnomah and Clackamas Counties on alleged bookmaking operations.

Three persons were arrested in raids Thursday. Six secret indictments were returned by the Multnomah County grand jury Friday which resulted in more arrests.

William Whitehead, 36, was arrested Friday morning and Anthony Marconi and Albert Battaglini, 51, Friday afternoon.

Three other men, Donald Archer, 32; J. D. Archer, 57, and Gordon Alvin Charles, surrendered at the courthouse on learning they were wanted.

All were charged with gambling and released on $500 bond each.

Several locations were raided Thursday to culminate five months of undercover work, according to sheriff's officer. Two men were arrested on charges of gambling and a third man was arrested on an assault charge after he allegedly struck an officer.

Officers said gambling evidence confiscated at one location indicated a daily take of some $6,000.

Regional mines director moves

PORTLAND (UPI) — Mark Wright, regional director for the U.S. Bureau of Mines at Albany, Ore., has been transferred to Washington, D.C., the Interior Department said Friday.

He will become assistant director for administration of the bureau.

The position of the regional director in Albany is to be abolished, the department said.

The change is part of a general reorganization of the bureau but will not affect the other 270 employes in Albany.

Wright has been in Albany for 19 years.
