**Special to The Bulletin**  
CAMP SHERMAN — The Ponderosa Pancake Breakfast is to be an annual affair.

Residents of this summer home and recreation community made this announcement today, following a breakfast here Sunday morning attended by some 400 persons, not only from Redmond, Bend, Sisters and other Central Oregon communities, but from Salem and Eugene west of the Cascades. Portland was well represented.

Joining in the breakfast were scores of tourists.

Service of breakfast that included pancakes, sausages, eggs and coffee, with plenty of butter and syrup for the cakes, started at 7 a.m. Not until 11 a.m. did the chief cooks, George Rakewitz, president of the Redmond Kiwanis Club; Kenneth Munkres, Hugh Hartman and Dan Kilgore, permit their stoves to cool. All four men are veterans of Redmond's far-famed Buckaroo Breakfasts.

Mr. and Mrs. Milton Odem were co-chairmen of the highly successful breakfast, in which the entire Camp Sherman community cooperated.

Funds obtained from the Ponderosa Pancake Breakfasts will be used in the improvement of the Camp Sherman community hall, constructed in 1948 by local residents. A paint job is indicated as one of the immediate betterment projects.

Operation and maintenance of the hall costs around \$1000 a year.

## Oregon tourist official visits

A representative of Governor Mark O. Hatfield's Oregon Welcome Committee visited Bend Saturday.

Robert E. Kyle, appointed recently by Hatfield to assist in coordinating OWC tourism promotion activities throughout the state, met with local officials to discuss a tourist welcome activities program in the local area.

The welcome program, aimed at increasing tourist dollar income, is being coordinated through the local OWC chairman and the chamber of commerce, with supervisory assistance from the travel information department of the Oregon State Highway Department.

Kyle pointed out importance of the tourist business to the state of Oregon, noting that visitors from out-of-state spent over \$217,000,000 during 1962.

"Tourism is one of the most lucrative businesses in our state," Kyle said, adding:

"If your city for example can attract a couple of dozen tourists a week in addition to those already planning a visit you will gain economic assistance comparable to an industry with an annual payroll of \$100,000."

The Oregon Welcome Committee was formed in 1962 at the suggestion of Governor Hatfield, its symbol, a green outline of the state with the words WELCOME across the face has been accepted by promotional groups throughout the state. It has proven to be a highly effective visual aid in carrying the tourist welcome theme.

Promotional materials in the form of bumper strips, window decals, flags and many other attractive items are provided by the Oregon Welcome Committee.

G. E. Wiley has been appointed by Governor Hatfield as the local Oregon Welcome Committee chairman.

Bill Niskanen, vice president and general manager of Pacific Trailways in Bend, is also a member of Gov. Hatfield's Welcome Committee.

## Rain has caused damage to crops

**PORTLAND (UPI)** — Agricultural agents in Multnomah, Clackamas, and Washington counties reported today that rainy weather in northwestern Oregon has caused some damage to strawberry and cherry crops.

Most of the berries had been harvested before the rainy period began but the end of the crop has been affected.

J. Fremont Sprowls, Multnomah County agent, said rot has destroyed as much as a third of the yield in some unpicked berry fields, but probably less than 25 per cent of the total crop was hurt.

In Washington County the strawberry crop was 25 per cent below normal, according to agent Palmer Torvond. He said that unfavorable weather had reduced the cherry, peach, and prune potential 20 to 25 per cent.

## Order ban on Cuban currency transactions

**WASHINGTON (UPI)** — The Kennedy administration has ordered a ban on currency transactions with Cuba similar to those in effect for Red China and North Korea, it was learned today.

The action, expected to be announced later today, involves "blockings" of several million dollars in Communist Cuban assets in American banks.

Government notification to American banking firms were sent out this morning.

Officials said the administration was putting into effect for Cuba the foreign assets control regulations, administered by the Treasury Department. Under these rules, assets here of Red China and North Korea are blocked and unlicensed dealings involving property in which those countries have an interest are prohibited.

The regulations also prevent use of American financial facilities by countries to which they are applied.

They also prohibit unlicensed importations of goods. However, the United States already bans imports from Cuba. This edict has been in effect since February, 1962, under other regulations.

The new action is one which the State Department referred to cryptically last Friday when a spokesman announced, "we intend to take steps both individually and multilaterally which will . . . further isolate Cuba economically and politically."
