Open House

A BRAND-NEW FAMILY RESTAURANT FOR CENTRAL OREGON OPENS TOMORROW!

There's a spot three miles south of Redmond and 12 miles north of Bend, on Highway 97, where you can see the whole magnificent Cascade panorama. Here, on a gentle knoll, we've built the new Brand Restaurant.

It's a special kind of restaurant in a number of ways. First, of course, is our "unusual" location. "Who in the world would want to build way out there?" we've been asked. But one visit is enough to convince most any skeptic. And blending with our spectacular view is a rich tasteful decor, keyed to the largest collection of cattle brands in the West.

BRAND RESTAURANT

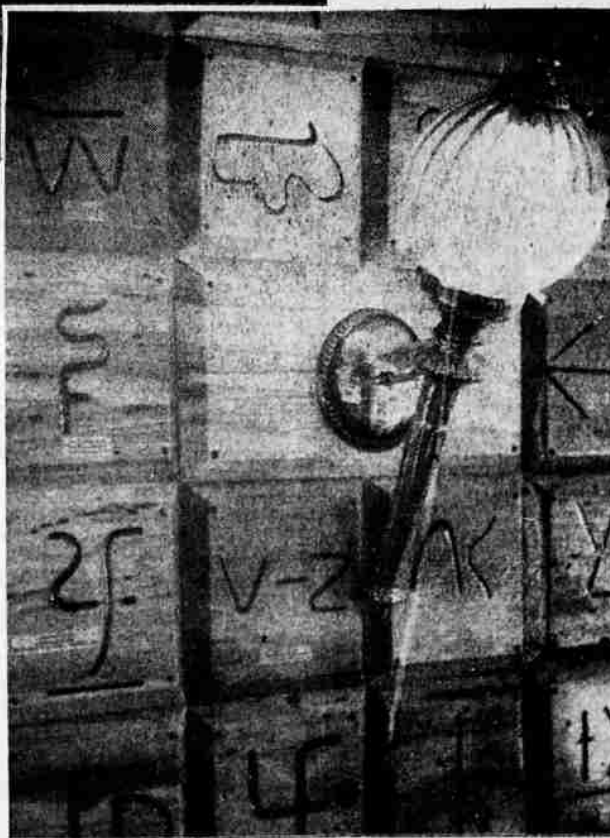

Because our special field is family dining, the Brand serves no liquor. And we'll take particular care to help you and your children thoroughly enjoy your visits here. From six in the morning till 10 at night, every Monday through Saturday, we'll be concentrating on the finest of steaks, broasted chicken, and seafoods. You'll like it!

You'll also appreciate our facilities for handling groups of any size, for breakfast, lunch or dinner. A telephone call reserves room and service for the smallest party, up to groups as large as 100.

YOU'RE CORDIALLY INVITED TO ATTEND OUR OPEN HOUSE TOMORROW from 1:30 till 6. We will serve no meals this Saturday. Instead, we want you to be our guests for free cake, coffee, ice cream (courtesy Kilgore Dairy) and Coke (courtesy the Coca Cola Bottling Co. of Bend). Come see the new Brand Restaurant tomorrow. And plan to enjoy our special family food beginning Monday.

SEE ONE OF THE MOST UNUSUAL DISPLAYS OF BRANDS IN ALL THE WEST!

Paneling the walls of the new Brand Restaurant are some 1200 authentic brands, representing cattle operations throughout Oregon and many other areas in the West. What was started as a "gimmick" by owner Bob Blair has become an institution. Today he receives requests regularly from cattlemen, often as far away as Texas, who want to burn their brands into his blank plaques. Help has also come from the Cow Belles, auxiliary of the Oregon State Cattlemen's Association, who have collected some 300 brands to add to the impressive roster. It's a display you'll enjoy reviewing time after time. Plan to see them all tomorrow!

CONGRATULATIONS
