### Couple at home in Sheridan after trip to Oregon coast

Mr. and Mrs. Eldon Ronald Wallace (Aurice Louise Kilmer) are at home at 125 SW Morgan Street, Sheridan, after a wedding trip to the Oregon coast. They were married July 13 at the First Methodist Church in McMinnville.

The bride is the daughter of Mr. and Mrs. Stacy O. Kilmer, Sisters. She will be physical education instructor at Sheridan High

School, where she was a senior in 1959. She was graduated this year from Linfield College.

The bridegroom, a 1955 graduate of McMinnville High School, is employed in McMinnville as a mechanic. He is the son of Mr. and Mrs. Eldon E. Wallace, McMinnville.

The Rev. Robert E. Hardman performed the double-ring ceremony, in the presence of 175 guests. A reception followed in the church parlors.

The bride was attended by her sister-in-law, Laura Kilmer of Hubbard. Norman Burdon, Willamina, cousin of the bridegroom, was best man. The bride's father gave her in marriage. Ushers were Charles Burdon, Carlton, cousin of the bridegroom, and Gary Kilmer, Ballston, cousin of the bride.

Diane Morris, Springfield, niece of the bridegroom, was flower girl, and Mike Kilmer, Hubbard, nephew of the bride, was ring bearer. Elaine Rogers, Sheridan, was soloist, and Mrs. Richard Hofrichter, McMinnville, was organist.

Friends of the couple from Portland and the Willamette Valley area assisted with the reception. Mrs. June Jenkins, Warm Springs, sister of the bride, kept the guest book.

### Lorre seeks to block name change

LOS ANGELES (UPI)—A German-born real estate salesman wants to change his name to Peter Lorre, but Peter Lorre doesn't want him to.

Lorre's attorney was in court Tuesday to object to the petition in which Eugene Weingand, 29, wants to change his name.

Weingand told the court his friends think he looks like the famed actor and call him by that name and because of that he has begun to use it.

Weingand's attorney said "he wanted his name changed to Peter Lorre Jr., but I advised against that."

Lorre's attorney said that "under no circumstances" would his client permit Weingand or anyone else to "trade upon" his name.

"I don't question this man's right to change his name," said Superior Judge Burnett Wolfson who set Oct. 3 for a hearing. "But why out of 111 million names did he choose this one? Why does a man look for trouble?"

### Ruling issued on fund use

SALEM (UPI)—Funds of patients at the Oregon State Tuberculosis Hospital can't be applied in the payment of debts they owe the state, Atty. Gen. Robert Y. Thornton said Monday.

While patients with sufficient means have a duty to pay the cost of their care at the hospital, collection procedures authorized by law must be followed to collect delinquencies, Thornton said.

### Support sought for limited test ban treaty

WASHINGTON (UPI)—The Kennedy administration today sought to muster congressional support for the limited nuclear test ban treaty which has been worked out with Russia and Britain.

Officials said announcement of the agreement in Moscow was imminent and could come today unless the Russians made some last-minute effort to tie some strings to the draft of the pact.

Any test ban agreement would have to be ratified by the Senate. Two-thirds of the senators voting would have to approve the treaty under the U.S. Constitution.

In an effort to win the needed Senate backing, Secretary of State Dean Rusk went before the Senate Foreign Relations Committee Tuesday with a copy of the tentative two-page treaty to outlaw land, sea and air tests.

Informed sources said that the senators were generally impressed with the document, which was described as "simple" and containing no hidden gimmicks.

Rusk was cautious in his public remarks after the closed session with the Senate group, saying the draft was not complete.

This reflected the administration's desire to avoid giving the impression that everything was nailed down, lest Soviet negotiators try at the last minute to insert some new conditions in the draft.

Soviet Premier Nikita Khrushchev has said he would like to have an East-West non-aggression treaty or pledge tied to the test ban pact. But the Russian negotiators have not inserted this in the draft and reportedly have shown no intention of doing so.

Under Secretary of State W. Averell Harriman, the U.S. negotiator in Moscow, is expected to initial the draft but the question of who will formally sign for the United States has not been settled. The administration is inclined to feel that Rusk, accompanied by a bipartisan congressional group, should go to Moscow for the ceremony.

Two rare heat-caused tornadoes struck Port Arthur, Tex., on the Gulf Coast Tuesday night. One hit an old yacht club and sunk one boat. The other turned over a trailer. Damage was placed at \$7,000.

Hailstorms slapped Georgia Tuesday afternoon. One inch stones fell near Atlanta.
