Action sought  
to remove tax  
on pocketbooks

NEW YORK (UPI)—A union official has called on the nation's women legislators to help put women's pocketbooks back in the necessity class for tax purposes.  
Philip Lubliner, manager of Local 1 of the Pocketbook and Novelty Workers Union, AFL-CIO, Wednesday sent letters to Sens. Margaret Chase Smith, R-Maine, and Maurine Brown Neuberger, D-Ore., and nine woman representatives urging them to campaign among their male colleagues to repeal the luxury tax on pocketbooks.

A man can cram keys, money, address books, pencils, a bill-fold, aspirin tablets, cigarettes, matches, a handkerchief and other things into his pockets, said Lubliner.

"Why don't they put a luxury tax on our pockets?" he asked. In his letter to the legislators the union official listed these as handbag articles in any woman's handbag:

Change purse, mirror, comb, compact, lipstick, nail file, bill-fold, driver's license, address book, handkerchief, pen and pencil, tissues, key case, eye glasses, cosmetic bag, memo pad, cigarettes, matches, bankbook, checkbook, medical supplies and photograph folders.

He charged it is ridiculous to call a woman's pocketbook a luxury when she could not get through the day without it, and said Congress should repeal the 10 per cent pocketbook tax.

Some 6,000  
anglers still  
on strike

By United Press International  
Some 3,000 British Columbia troller fishermen resumed fishing Wednesday and today, leaving about 6,000 net fishermen and allied workers still on strike.

Pacific Trollers Association Secretary Rennie Stanton said the trollers are fishing for salmon off the west coast of Vancouver Island and will market their catches in Seattle.

Mr. Stanton said American trollers informed the Canadian group that they had no objection so long as the B.C. fishermen did not undercut U.S. prices.

The trollers were forced to stop fishing when the United Fishermen and Allied Workers went on strike, resulting in the shutdown of marketing operations in Canadian west coast ports.

Meanwhile, the last boats from Oregon and Washington coastal ports put out to sea today in quest of salmon. A spontaneous strike by independent fishermen ended Tuesday when buyers raised the price of silvers seven cents to 32 cents per pound.

Many of the boats returned to fishing Wednesday, but some remained in port because of threatening weather or to stock up on ice.

A price also was set for albacore tuna Wednesday when Fran Hoagland of Bumble Bee Sea Foods announced his company was paying \$300 a ton for tuna delivered to the Astoria cannery. The tuna run is just beginning.

REDMOND COLDEST
