

Dutch, Danes, Germans like beer import market

NEW YORK (UPI) — What has happened to the imported beer market in the United States makes better reading to the Dutch and the Germans and the Danes than it does to the brewery worker in this country.

imported suds were 218,000 barrels in 1955. By 1961, they had gone to 432,000 barrels; and by 1970 they believe sales will reach a million barrels.

Decline seen in price for shorn wool

WASHINGTON (UPI) — The Agriculture Department predicted today prices received by growers for shorn wool will decline moderately during the remaining months of 1963.

Wool prices to growers reached a six-year high of 51.1 cents per pound in March. Since then prices have been easing downward.

The average price received by U.S. growers for shorn wool in the 1962-63 marketing season (April, 1962-March, 1963) was 47.7 cents per pound. This was 11 per cent more than a season earlier and the highest since the average of 53.7 cents in 1957.

U.S. production of shorn wool in 1963 is estimated at 241.2 million pounds. This is 3 per cent less than in 1962 and 5 per cent below the 1957-61 average.

The Foreign Agricultural Service aid world wool prices are expected to be relatively stable during the early months of the 1963-64 marketing season (beginning in late August), at levels moderately below the recent five-year high in June.

The department reports the volume of fire insurance carried by 1,600 farmers' mutual fire insurance companies in the United States increased from \$35.3 billion on Dec. 31, 1961, to \$36.4 billion at the end of 1962.

Losses paid by the companies increased from about \$6.4 million in 1961 to \$67.3 million in 1962.

Girl, 5, puts out fire in sister's hair

PORTLAND (UPI) — Danette Burns, 5, heard her sister, Debra, 2, cry out in the basement of their home Monday.

She raced downstairs and found her sister's blonde curls afire. The 5-year-old found an empty soap can, filled it with water and doused the flames.

"The doctor said Danette may have saved Debbie's life," the girls' mother, Mrs. June Burns, said. She said Debra and a neighbor boy had gone into the basement and that the little boy apparently was experimenting with matches.

Agreement set on resolution

HIROSHIMA, Japan (UPI) — Feuding Russian and Chinese Communist delegates to a world ban-the-bomb conference here today buried the hatchet long enough to agree on a resolution condemning alleged U.S. "war policy."

The planned to read it as a final statement by delegates from 22 countries to the closing session of the ninth annual World Conference against Atomic and Hydrogen Bombs.

This year's conference, split by arguments between Communist and Socialist delegates as well as intra-Communist quarrels, appears to have disgusted many residents of Hiroshima who feel their city, the first to suffer atomic attack, has been turned into a political arena.

Some of Hiroshima's biggest pacifist organizations have disavowed all connection with the meeting.

"We must point out that as shown by the recent world situation, the most serious threat to world peace comes from the present war policy of the U.S. nuclear group," the resolution said.

It did not mention the nuclear test ban treaty signed in Moscow recently. The treaty has been supported by the Russian Communists and condemned by the Red Chinese.

One American delegate here, Russ Nixon of New York City, was a member of the drafting committee. The other U.S. delegate, Mrs. Carol Urner of Portland, Ore., said she would not sign it because it did not reflect the thinking of her organization, the Women's Strike for Peace.
