Unique miniature village makes grand place to play

By Jane Brown Bulletin Staff Writer A gnarled juniper marks the building sight of Sweetwater Village, a miniature town on the property of Mr. and Mrs. H. L. Lynch of Bend.

The Liliputian village is complete in every detail. The tiny inhabitants, seen only through the imagination, have access to an airport, motel, school, wrecking yard, stores, and even a graveyard.

All streets have tiny stop signs for better traffic safety in the town. There is even a roadside telephone for public use. The seven farms which dot the quarter of an acre plot all have barns, wells, potato cellars, and freshly painted and decorated houses.

Construction on the project, which is a play yard for the Lynch's children, began last summer. Mrs. Lynch and her children spent many hours assembling the village. Diana Boese helped with the landscaping. Anyone is invited to see the miniature town. Mrs. Lynch would like to be notified if there are to be any visitors.

Exiles renew action in hills

SANTO DOMINGO, Dominican Republic (UPI) — Armed exiles seeking to overthrow Haitian President Francois Duvalier have reported taking part in new heavy fighting in mountainous northeast Haiti, according to exile sources here.

Paul Verna, official spokesman of Haitian rebel forces, Sunday released a communique signed by Gen. Leon Cantave, leader of the armed group and former chief of staff of the Haitian army.

The communique said the exiles seized Mont-Organise, a coffee town in the Dominican border near the Dominican mountains on Thursday. They were then driven out by government forces in heavy fighting and retreated into the hills, the communique said.

Mont-Organise is 17 miles southeast of the northern Haitian port of Fort Liberté, which the rebels claimed to have captured briefly in fighting earlier this month.

According to the exile sources, the military garrison and civilian population of Mont-Organise acclaimed the "liberation forces" with shouts of "Down with Duvalier! Down with the Ton Ton Macoute (Haitian secret police), down with the dictatorship, down with the assassins!"

Verna said Cantave reported that the rebels had executed 100 members of the Ton Ton Macoute before retreating to the mountains in the face of a heavy government bombardment.

Salem man may be involved in plot to kill King Hassan

RABAT, Morocco (UPI) — Security police Sunday night were reported questioning about 104 Moroccans arrested in connection with a plot to assassinate King Hassan and overthrow the government.

No trial has been set yet for the men, who Justice Minister Ahmed Bahinin said planned to kill Hassan last July 20.

The minister implicated U.S. military personnel at the U.S. Naval base of Kenitra, 25 miles north of Rabat.

The minister said a clandestine organization had joined with members of the leftwing National Union of Popular Forces (UNFP) to take part in a coup d'etat, and had planned to obtain arms from the Kenitra base with the help of

some American personnel. He did not mention the names of the Americans, but on July 14, American military authorities at the base arrested two Naval aviators and four Marines on charges of conspiring to steal U.S. government property.

The American embassy said: Marine Pfc. Philip F. Dillon, South Hadley, Mass.; Pfc. Lawrence R. Merrell, Tacoma Park, Md.; Pfc. Richard H. Hines, Jr., Warren, Pa.; Pfc. William D. Enman, Morris Plains, N.J., and Naval aviator Howard Lee Manning, Salem, Ore., and Kenneth Larry Tracy, Chicago, Ill.

They were indicted and appeared before a court martial at Kenitra. Tracy and Manning each received sentences of six months confinement, had conduct discharges, forfeiture of pay and reduction in rank.

The sentences of the four Marines were not disclosed as the base commander has not yet confirmed the court sentence. Both embassy and base authorities refused to give further details.
