Reservoir to open

Game Commission sets 1964 fishing regulations

PORTLAND — Only two Special to The Bulletin changes to the tentative angling rules as proposed two weeks ago were made last Friday at a public meeting here when the Oregon Game Commission set the final regulations for the 1964 season.

Changes to the tentative rules included lifting the shad possession limit and eliminating the proposed salmon closure on the Rogue and substituting a single hook rule for the areas of the Rogue above Pierce Riffle.

AA other tentative rules were passed as final by the commission.

Oregon's general trout season will run from April 25 through October 31 in all zones except streams in zones 1, 3 and 4. Only minor date changes were made for zones 3 and 4, the Rogue and Umpqua areas.

Salmon Relief
Chinook salmon in the McKenzie River obtained relief when the commission adopted the rule closing the area between Trail Bridge and the Geological Survey cable crossing to all angling, and the

Walterville Powerhouse Tailrace to salmon angling.

In the Santiam area, the river from the falls above Mill City downstream to the railroad bridge was closed to all angling to protect spring chinook in the resting holes in this area.

Following is a list of changes for the 1964 season in Zone 5, Central Oregon:
River fishing on the Deschutes will be closed from Crane Prairie dam down to the water-master cable crossing in Sheep Bridge Forest Camp, a distance of about two miles.

Closure Extension
There is an exception to this, however. From September 8 to October 31, the closure will extend to a point 1/4 mile below the Sheep Bridge water-master cable crossing.

Full River will be closed to angling in any manner other than with an artificial fly. Pelton Reservoir (Simustus) will be open for angling from April 25 to October 31. Round Butte Reservoir will open to fishermen on April 25, and will also continue until October 31.

Bob Pettit takes over top scoring honors in NBA

NEW YORK (UPI) — Bob Pettit, the last man to win the NBA scoring championship since Wilt Chamberlain entered the league, is back on top in the point department.

Weekly statistics released by the league today show Pettit leading with 554 points in 20 games and has scored 534 points for a 26.7 average.

Jerry West of the Los Angeles Lakers is third with 491 points in 17 games, an average of 28.9 per game.

Next comes Chamberlain, who has led the league ever since his rookie year in 1959-60. He has only played 15 games and has scored 489 points for a 32.6 average. His average, however, is the best in the league.

That's 12 points below his final mark of 44.8 last season, but the San Francisco Warriors aren't complaining because Wilt is doing more of everything this season to make up for the point deficit.

He's the leader in field goal percentage with .517 and is second in rebounding to Jerry Lucas of Cincinnati (.334-333). Lucas has played in five more games than Chamberlain.

Don Nelson of the Los Angeles Lakers is the leader in free throw percentage with 50 of 58

(.862). Robertson leads in assists with 188 for a 9.4 average.

Trade Siebern for

Gentile, \$25,000

Kansas City cleans house

KANSAS CITY, Mo. (UPI) — The Kansas City Athletics had completed a general house cleaning today with the trade of Norm Siebern to the Baltimore Orioles for Jim Gentile and \$25,000.

The exchange of first basemen Tuesday marked the departure of the last of the old Athletics, those who were on the team's roster when Charles O. Finley purchased the club in January, 1961.

Finley has wielded a busy broom from the start in his efforts to rebuild the Athletics. But he has swept at a spring-cleaning pace during the past eight days in a crash program to add power to the lineup.

Last week, the Athletics sent second baseman Jerry Lumpe

and pitching mainstays Dave Wickersham and Ed Rakow to the Detroit Tigers in exchange for slugger Rocky Colavito, a right-handed swinger. The Tigers also sent along relief pitcher Bob Anderson and \$50,000 with Colavito. That was the first step in Kansas City's program for power.

The second step in the program came Tuesday when they got Gentile, a left-handed slugger.

"We feel that now we have the best one - two home run combination that Kansas City has ever had," said Athletics General Manager Pat Friday.

Siebern, the last varsity hold-over from the club Finley purchased, was the only semblance of power in the Kansas

City lineup during the past three seasons. He batted clean-up. His best year was 1962 when he hit 25 home runs, drove in 117 and batted .308. Last year he hit 15 homers, drove in 83 runs and batted .272.

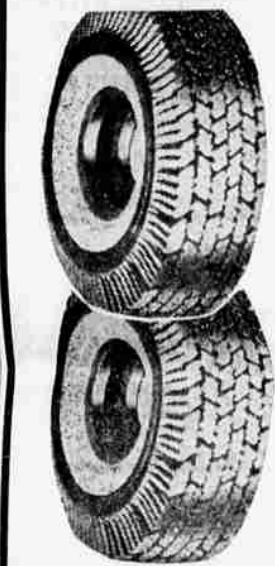

Gentile, who at 29 is one year younger than Siebern, had a poor year last season. He batted .248, hit 24 homers and drove in 72 runs.

But Gentile has produced more for the Orioles in the past four seasons that Siebern has produced for the Athletics. During that period, Gentile hit 124 homers, drove in 398 runs and batted .272. Siebern hit 78 home runs, drove in 367 runs and batted .289.
