Druggists rap decision by welfare agency

SALEM (UPI) - A State Welfare Commission meeting Friday brought protests from druggists about state payments for welfare patient prescriptions in December.

Henry Stockman, executive secretary of the Retail Druggists Association, said druggists were disappointed over the 71 per cent prorated payment. Last month they received 65 per cent payments from the commission.

Dr. Ennis Keizer, Welfare Commission chairman, cited lower welfare payments to doctors and hospitals in rebuttal, and said physicians and hospital patients who can afford to pay were carrying an even larger share of the welfare - medical burden.

Welfare's December payments were only 54 per cent of the amount billed by doctors and 65 per cent of the amount billed by hospitals.

Dr. Keizer commented that welfare was "hurting in almost every program and that the vendor groups were really hurting." Commission members were hopeful that they would receive some of the \$900,000 in emergency funds put back in the general fund when the Boardman project was taken over by the Veterans' Department.

Traffic deaths hit record high

CHICAGO (UPI) - Traffic deaths on the nation's streets and highways soared to a record high during the first 11 months of the year, the National Safety Council said today.

The safety council said 39,280 persons died in traffic accidents through November. The fatality rate was 5.4 deaths for every 100 million vehicle miles.

The November toll of 4,070 also set a record, jumping 11 per cent from last year and eclipsing the previous peak in November 1956.

Among cities with more than one million population, Los Angeles remained in first place with the lowest registered vehicle death rate. Chicago was second, Philadelphia third, New York City fourth and Detroit fifth.

COMPULSORY INOCULATION

More musicians are needed for orchestra

Amateur musicians - especially string and wind players - are needed to fill vacant chairs in the Central Oregon Symphony Orchestra which is currently holding two monthly rehearsals prior to its opening concert in March.

The orchestra meets every other Sunday in the Bend Senior High School auditorium. The 45 or 50 players now assembled under tutelage of Don Goodwin come from all parts of Central Oregon - Camp Sherman, Madras, Tumalo, Prineville, Redmond and Bend. They meet at 4 p.m. and usually rehearse at least two hours.

Goodwin is aiming at a full symphony orchestra composed of adults, college students and select prep students. With emphasis on the classics, the players are rehearsing such masterpieces as Schubert's Unfinished Symphony, Mozart's 35th Symphony and the Miniature Piano Concerto with Orchestra.

Goodwin says the orchestra needs more of all players, and those interested should contact him at home or phone Central Oregon College. The players should furnish their own instruments except string basses and cellos. The college provides these. Sheet music is also supplied by the college.

Sentencing due for imposter

SAN DIEGO, Calif. (UPI) - A Brookings, Ore., store clerk who admitted impersonating the son of Chief Justice Earl Warren must return to municipal court Jan. 2 for sentencing.

Arthur M. Warren, 26, pleaded guilty Thursday to a charge of impersonating Earl Warren Jr. A second charge of issuing a check without sufficient funds was dropped by the district attorney's office.

Warren, who is being held on \$2,000 bail, was arrested Dec. 13 in the El Cortez Hotel. He had identified himself to newsmen as Earl Warren Jr. and announced he was preparing for a visit here by the chief justice.

The hotel manager became suspicious because Warren ordered all his purchases charged to his room bill. When the manager investigated and discovered that his guest was an imposter, he called police.

Nation's living costs hit new all-time high during November

WASHINGTON (UPI) - The nation's living costs rose to an all-time high in November with increases in the costs of food and shelter, the Labor Department said Friday.

The department announced that its consumer price index climbed two-tenths of 1 per cent last month to a record-high level of 107.4 per cent of average 1957-59 prices, the norm used for the index.

A department spokesman predicted another record-breaking increase this month because of higher costs for food, housing and services.

Increased prices for fresh vegetables and sugar pushed up the cost of groceries, and housing costs advanced across the board except for gas and electricity rates, which held steady.

Arnold Chase, assistant commissioner of labor statistics, said that the index was 1.3 per cent up for the year. He said this was "reasonable price stability" although the 1963 rise may be one of the largest since 1958's increase of 1.7 per cent.

The November rise clipped another two cents off the buying power of a \$10 bill, making the \$10 worth 13 cents less to the consumer than it was in November, 1962.

Prices of new homes, rents, coal and fuel oil, soaps and detergents, property taxes and other housing costs all went up last month.

Fresh vegetable prices soared 7.8 per cent, principally because of sharp rises for lettuce and tomatoes. Sugar prices climbed 6.7 per cent last month. Chase said the drought in recent months contributed to the rise of vegetable prices.

Fruit prices were down for November, along with meats and eggs, but food costs were up 1 per cent over last year. New car prices rose less than expected as dealers offered big concessions to keep sales going at record volumes. Used cars cost more and insurance companies raised their premiums for automobile liability coverage.

Many newspapers increased their prices and so did doctors, dentists and optometrists, the report said.

In a separate announcement, the department said take-home pay of factory workers also climbed to a record high in November. The average earnings for a worker with three dependents rose by 46 cents to \$68.77 a week, mainly because of a two cent increase in average hourly pay. The over-the-year gain was about \$2.50.

Basic rule violations: Douglas Alan Button, Goldendale, Wash., fined \$20; Jasper Clarence Ireland, Colorado Springs, Colo., forfeited \$10.

John August Sloan, Bend, defective muffler, fined \$10. Roy Gilbert Myers, Bend, disobeying stop sign, fined \$7.50.
