

# 5 ways you can beat the high cost of tires

## 1. GET IMMEDIATE DELIVERY

There's no time lag when you buy at Shoop's. The tires you need are right here in our warehouse, ready for immediate delivery. You don't have to wait for shipment from some distant point. (And waiting for the tires you need now can often be a costly inconvenience!)

## 2. AVOID TRANSPORTATION CHARGES

You don't pay a dime extra for transportation when you deal with Shoop. Getting the tires to you is our own responsibility. We don't believe in penalizing our customers with the cost of getting our goods to Bend.

## 3. ELIMINATE INSTALLATION COSTS

Shoop mounts your tires free of charge. We also rotate them for you every 5,000 miles (at no cost, of course) to help you get the best possible mileage.

## 4. ENJOY AN UNLIMITED GUARANTEE

You don't buy just so many months of tire performance here. Shoop's responsibility to you has no such artificial limitations. Any tire we sell carries a coast-to-coast guarantee without limits as to time or mileage. Workmanship and materials must prove entirely satisfactory for the life of the tire, or you receive a prorated adjustment on all remaining tread life — entirely without squabble.

## 5. GET COMPARABLE "CATALOG" PRICES

All these extra benefits are yours, at Shoop & Schulze, for the same prices you might pay at a catalog store. We've listed those prices here, size for size, for you to compare. Revealing, isn't it.

## GUARDIAN PREMIUM NYLON

**NYLON** Extra-tough nylon cord construction prevents sidewall failures and impact breaks

**LOW PROFILE** Because it flexes less, the Guardian runs cooler — stays below that 240° blowout point.

**POLYBUTADIENE** Count on longer life with this mileage extender. Formerly used on truck tires only.

**C.V.C.** Catalytic Vulcanizing Compound bonds tread stock inseparably with tire casing. No more tread peeling!
