

PARTY WITH A HEART — Mrs. F. N. Van Matre, center, launched a series of coffees for the Heart Fund recently, with members of Pythian Sisters as guests. Parties will continue through February, traditional Heart Month. With Mrs.

Van Matre are Mrs. Florence Stout, left, queen of the Deschutes Pioneers and a member of Pythian Sisters, and Mrs. Kessler Cannon, right, Deschutes County Heart Society chairman. Various events for Heart Fund are being planned.

Community college enrollments force lower student allotments

SALEM (UPI) — Increased enrollments in community colleges have forced the state to reduce its per-student allotments, the Board of Education was advised Tuesday.

Dr. Robert M. Hutton, director of community colleges, said the biennial budget was drafted in anticipation of a 20 per cent enrollment increase, but at present the enrollments have gone up 27 per cent. Hutton said the increase would have required reductions in state grants even without the austerity cuts ordered after the Oct. 15 tax referendum.

A detailed study is expected next month on out-of-state teachers who are getting emergency certificates to teach in Oregon.

Mrs. Joy Gubser, director of teacher certification, said an Oregon emergency certificate can be issued if a teacher is certificated in another state, and has taken at least two years of college teacher training.

Idaho Grads Here

She said many persons were getting an Idaho teachers certificate with the idea of teaching in Oregon on an emergency certificate. Idaho requires only two years of teacher training for a certificate.

She said she would make recommendations to the board at its meeting next month. The board has been reviewing its

system of granting temporary and emergency certificates for the past several months.

The board approved Maurice Burchfield as consultant in secondary education, effective July 1. Burchfield has been a junior high school principal in the Bethel School District near Eugene for the past 11 years.

Robert Boak was named vocational rehabilitation specialist in Medford. He previously was vice principal at Oakridge High School.

Robert C. Tugman, who holds a doctor's degree in education and psychology, was named vocational rehabilitation specialist in Portland.

Donald M. Gilles was named state supervisor of trade and industrial education. He succeeded William G. Loomis, who has been appointed state director of vocational education. Gilles has been with the state Department of Education since 1946.

Winter Carnival program due

The 1964 Winter Carnival, to be held at Bachelor February 21-22, is the subject for the Central Oregon College radio program this week.

Taking part in the discussion are Vern Crawford, president of the COC student council; Claire Machicola, COC Winter Carnival princess; Leroy Newport, ski team captain, and Bonita Thomas, Lyceum chairman for the student council.

The schedule for presentations is as follows: KBND, Bend, tonight, 6:30; KPRB, Redmond, Friday, February 14, 12:45 p.m.; KRCC, Prineville, Monday, February 17, 4:45 p.m.; KGRL, Bend, Sunday, February 23, 12:15 p.m.

DEATH REPORTED
COTTAGE GROVE (UPI) — James Warren Wright, 21, Cottage Grove, was killed when he was struck by a falling log seven miles northwest of here Tuesday afternoon.

She has very good reason for Heart Fund enthusiasm

It's not just coincidence that Mrs. F. N. Van Matre of Bend is an enthusiastic volunteer for the American Heart Association. She has a very personal reason. The first Heart Fund coffee, held at her home, was more than a pleasant social occasion. There's a story behind it.

Heart surgery, pioneered in the past few years with assistance of Heart Association funds, is considered one of the major advances in the field of medicine. Amazing strides have been

made since the establishment of a research department field, with Heart Association funds, at the University of Oregon Medical School.

One of the most promising surgeons there is Dr. Albert Starr, a young surgeon who was brought to Oregon with the help of a Heart Association grant. He is credited for significant accomplishments which led to the perfection of the micro-valve, which is installed in the human heart in some types of open-heart surgery.

And here is where Mrs. Van Matre comes in. Her grandson, Kyle Walker, now 8, underwent this operation when he was five. Dr. Starr was the surgeon. About two weeks after the heart surgery, Kyle underwent an emergency appendectomy. Without the previous correction to the heart, it is said that he would not have survived.

Kyle is the son of Mr. and Mrs. George Walker (Bonnie Van Matre) of Portland. One of four children in the family (three boys, one girl), he entered school on schedule, and is now a healthy, normal child. Without the heart surgery, it might have been a different story.

The local heart society, gathering funds this month, points with pride to the research program. In addition to the series of heart coffees, activities include Heart Sunday, on the 23rd, and a tag day. Mrs. Lena Zeek is Bend city chairman. Mrs. Vern Everett is chairman for Heart Sunday.

Sisters group visits University

Special to The Bulletin

SISTERS — Fourteen boys of the gymnastic club, under the supervision of Roy Runco, Sisters PE teacher and coach, traveled to the University of Oregon in Eugene Saturday to watch a gymnastics meet between the University of Oregon freshmen and South Eugene High School, and the varsity meet between University of Oregon and Eastern Washington College. The students also watched wrestling matches in which the freshmen participated, part of a Rugby match, and part of a soccer game. The boys toured the physical education plant and a small area of the campus.

'BEATLES, NO'
NEW ORLEANS (UPI) — A group of celebrants at Tuesday's Mardi Gras were costumed as composer Ludwig von Beethoven and carried signs that read: "Beethoven Si," "Beatles, No."
