

15 new sidewalk projects favored by city planners

By John Buchner
Bulletin Staff Writer

Fifteen new sidewalk projects have been recommended to the Bend City Planning Commission by the sidewalk study committee.

The committee, which was appointed by the planning group, made their recommendations on the basis of safety and pedestrian activity, particularly relating to children.

Members of the committee were Mrs. Roy Sailer, Mrs. George McGeary and Mrs. James Smiley.

In determining their recommendations, the committee studied material from the Salem Planning Commission, the League of Oregon Cities, the city of Roseburg, Bend City Engineer's office and maps from the city hall. A handbook from the Institute of Traffic Engineers aided in the determining of the sidewalk needs.

In their study, the committee found an existing and future need for sidewalks planning in

the city. It was determined that 24.5 miles of sidewalk now exist which is 27.7 per cent of the street mileage.

The committee concluded that new subdivision policies should require provisions for sidewalks. Topography and pedestrian use should determine if sidewalks would go on one side of the street or both sides, the report said.

The study pointed out in clear cut terms that provisions for sidewalk construction should be mandatory in new subdivisions because of the possibility of new school buildings, playgrounds and parks being designated in the new area thus increasing pedestrian traffic. The committee said that this would be a traffic safety precaution and pointed out that the new Bear Creek School was an example of non-planning.

Costs involved in sidewalk construction should be referred to the city Engineer, the committee said. In the report, it was stated that "It is cheaper to build sidewalks at the time of paving and curbing, because of labor and machinery involved."

The study trio said that service areas of any new school construction should have plans for sidewalks in the area. It was noted that a policy of the Bend School District states that children living in approximately an eight block area of the school must walk to and from school and go home for lunch.

Better safety precautions were urged at all intersections by the committee where pedestrian traffic crosses a street with heavy vehicle traffic.

In conclusion, the study group recommended the listed 15 sidewalk projects which they felt should be completed immediately. They are:

1. East 10th from Bear Creek Rd. to Greenwood Ave.
2. Bear Creek Rd. east to East 13th St.
3. East 13th St. from Bear Creek Rd. to Bear Creek School grounds.
4. E. 8th St. from E. Franklin Ave. north to at least Norton Ave.
5. Greenwood Ave. from existing sidewalks—east, both sides.
6. E. 5th St. from Greenwood to Norton Ave.
7. E. 6th St. from swimming pool to Norton Ave.
8. Hawthorne Ave. from swimming pool west to E. 3rd St.
9. E. 5th St. from Hawthorne Ave. to Franklin Ave.
10. Norton Ave. from E. 6th St. east.
11. E. 10th St. from Greenwood Ave. to Norton Ave.
12. E. 12th St. from Greenwood Ave. to Norton Ave.

Overflow crowd turns out for GOP women's luncheon

An overflow crowd of some 60 women from Bend, Redmond and LaPine turned out yesterday for the initial meeting of a Republican Women's Club for Deschutes county.

Special guest for the occasion was Mrs. Collis Moore, Oregon national committeewoman from Moro.

Mrs. D. J. Ward, treasurer of the Deschutes county Republican central committee, presided at the luncheon meeting.

In her talk to the group, Mrs. Moore stressed the significant role of women in politics. She cited the following three reasons why women can play such an important part: the number of women voters; the innate capabilities of women, such as "neighborliness" and organizational ability; and the time women have to devote to this work.

She emphasized the importance of the election of at least four women delegates from Oregon to the Republican National Convention. Under a 1960 ruling, she pointed out, each of the four convention committees is to be made up of a female and a male delegate from each state. Thus, if a state does not have at least four women delegates, it forfeits this important representation.

Mrs. Moore also touched upon her work and experiences as a national committeewoman. She told of efforts now being made to promote Gov. Mark Hatfield as a potential permanent convention chairman for the Republican National Convention.

In other business at the meeting, it was announced that Mrs. Blanche Cannon, Bend, and Mrs. Margaret Schinkel, Redmond, will serve as temporary co-chairmen for the new organization. Meetings of the Republican Women's Club are planned for the fourth Tuesday of each month, with all interested Republican women invited to participate.
