make the forecasts available to their farmer customers. IMC is the world's largest producers of basic fertilizer materials.

G. O. Pehrson, an IMC vice president, told a news conference the system is based on keeping continuous records of soil temperature, wind, rainfall, water rumoff and other factors which determine how much moisture there is at any time in the sub-soil of areas throughout the eastern two-thirds of the large in 1964 and 1965.

Freeman's comments on the results of such exchanges came in a discussion at the House Appropriation hearing with Rep. Joseph P. Addabbo, D.N. Y. The testimony was made public recently.

Addabbo protested that the United States may be giving scientific help to a possible furnority of a reas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas throughout the eastern two-thirds of the sub-soil of areas through-soil the excent the sub-soil of sub-soi out the eastern two-thirds of the country.

The weather data, gathered from U. S. Weather Bureau sta-tions, are fed into a computer at IMC headquarters at Skokie, III. There it is weighed against the moisture-holding capacity of soils in each weather area.

The company used a formula it said it will keep confidential because "it gives us a competi-

the weather with advance notice of probable soil conditions.

A spokesman for the International M i n e r a i s & Chemical Corp. (IMC) said Wednesday, the free service would advise farmers on a county-by-county basis what crops to plant, what seedling rates to use, and the best fertilizing practices to follow for maximum income in any particular set of weather conditions.

The firm said the service would cover most of the United States east of the Rocky Mountains and would be available to its customers—fertilizer manufacturers. They in turn would make the forecasts available to their farmer customers. IMC is the world's largest producers of the collective farming.

Freeman's comment came in testimony before the House Agricultural Appropriations sub-testimony before the House Agricultural Appropriations and first publication of this notice in The Bulletin.

Here's Ken Cale's Weekly Weekend

FISHING REPORT

AT WICKIUP RESERVOIR some nice browns and kokanee were taken, but creel reports wer far from favorable. The weather was blamed. WICKIUP fishing Sunday was also slow, but late in the day the luck of the fishermen was improving. There was a considerable concentration of anglers there. On Saturday at 10 a.m., 287 boats were counted.

SUTTLE LAKE was so roughened by the cold April wind that only half of that water could be safely fished. SUTTLE LAKE was reported slow. Some small kokanee were taken, as were a number of good browns. Sunday at 3 p.m., only eight boats were counted on that lake.

FISHING WAS ALSO SLOW on the LITTLE DESCRUTES, but on the LOWER DESCHUTES, some fine browns were taken. FALL RIVER yielded some good rainbows.

ON SATURDAY, a few nice browns were caught below BENHAM FALLS, some fine rainbows were picked up at LOWER BRIDGE. Fishing on the METOLIUS was fairly good, despite the chill and the wind.

FEW ANGLERS attempted to get into Gale's Landing at water. But their luck was poor, and there was damage to boats. CRANE PRAIRIE will be accessible this weekend at Gale's

This week's Specials

CLOSED FACE SPINNING OUTFIT Complete with rod, reel, line, lure and practice plug. Regular \$9.10 value \$6.95
