

HEARING HEALTH ALERT!

Scientific studies have proven that if hearing loss goes untreated, a condition called “auditory deprivation” occurs. Hearing loss starves the auditory centers of your brain of acoustic information, affecting your ability to understand speech. The longer you hearing loss goes untreated, the more likely it is **your brain will actually “forget” how to hear.**

DON'T IGNORE HEARING LOSS SYMPTOMS

- 1. Frequently ask people to repeat themselves
- 2. The volume on the TV so loud, family members complain
- 3. Hear but don't understand certain words
- 4. Have difficulty hearing on the phone

If you’ve experienced any of the above, get your hearing tested immediately.

HEALTH NOTIFICATION

Are You Hard of Hearing?

A major name brand hearing aid provider wishes to let you try a remarkable new digital hearing instrument in the area. This offer is FREE OF CHARGE and you are under no obligation. These revolutionary 100% digital instruments use the latest technology to comfortably and almost invisibly help you hear more clearly. This technology solves the “stopped-up ears” and “head in a barrel” sensation some people experience. If you wish to try this new technology, you will be required to have your hearing tested in our office FREE OF CHARGE* to determine candidacy and review the results with the hearing instruments with our hearing care specialist. Your trial will begin in the office. If you are satisfied with the improvement in your hearing and you wish to test the hearing aids further, you will be allowed to try them RISK FREE.** If you wish to keep the instruments, you may do so at a great savings.

Benefits of hearing aids vary by type and degree of hearing loss, noise environment, accuracy of hearing test, and proper fit. This is a wonderful opportunity to determine if hearing help is available for your hearing loss while you evaluate your performance with this technology.
