Kelsey Grammer

Mind your Grammer

In the category of actors who have played the same character in multiple series, we present for your consideration one Kelsey Grammer.

In portraying Dr. Frasier Crane, the multi-talented comedic actor, writer, director and producer brought to life one of television's most memorable characters, a pretentious intellectual who was initially unpopular as the romantic rival of Sam Malone (Ted Danson) for the love of barmaid Diane Chambers (Shelley Long) in his first appearances in "Cheers" and became a beloved radio psychiatrist, son of Martin (John Mahoney) and brother of Niles (David Hyde Pierce) in "Frasier."

And it was on that latter 1993-2004 NBC sitcom where the actor really made his mark, winning four lead actor Emmys while garnering 10 nominations. That's in addition to his two supporting nominations on "Cheers" and another lead actor nod for a one-off 1992 appearance on "Wings."

Viewers can relive the adventures of "Frasier" and his TV family daily on Hallmark Channel and COZI TV.

more retro rewinds

"Cheers" (Decades, weeknights): Grammer made his first appearance as Dr. Crane in the Season 3 premiere of the Emmy-winning 1982-93 NBC sitcom in what was supposed to be a six-episode gig. But his deft performance as the alternately pompous and sympathetic Frasier earned him a full-time role as one of the Boston tavern's regulars, one that would eventually lead to his starring role in the above spinoff. The rest is history.

"Boss" (Starz On Demand): Grammer demonstrated he had serious dramatic chops, too, in this acclaimed 2011-12 Starz series in which he stars as Tom Kane, an old-school Machiavellian mayor of Chicago in the mold of Richard Daley, who struggles to hold onto power after being diagnosed with a degenerative neurological disorder. Though ignored by Emmy voters, Grammer gained much acclaim from critics and fans for his performance, which was recognized with a best actor Golden Globe in 2012.
