

CENTRAL OREGON DIVING

Central Oregon Diving is your community PADI dive center. PADI (the Professional Association of Diving Instructors) was established in 1966 and is the largest SCUBA certifying agency, recognized worldwide.

Our family-owned business has been providing certification and training on Greenwood Avenue in Bend since 2005. We offer certification and training for children starting at age eight in the pool, and junior or open water certification for those age 10 and older. With our incredible staff, we can teach a large variety of recreational scuba courses and provide many diving and training opportunities to serve the community.

Depending on your own interests, we have opportunities for additional courses in advanced open water training and numerous specialties. Interested in becoming a rescue diver? This course is also offered locally. On the professional side, you can continue your training up through assistant instructor right here in Bend. With the completion of these courses, you will be well on your way to becoming a master scuba diver.

If you are interested in continuing your diving experiences, we can help you

reach your goals. Come into the shop and check out our scheduling board. There are numerous opportunities coming up for activities and local diving.

For over 20 years (before we were a shop), we have been involved with the Upper Deschutes Watershed Council and their annual river cleanup. Divers assist with the cleanup of our local waterways. We also do organized clean-ups at our local lakes. To date, there have been tons of debris collected from these waters.

Along with a retail shop to assist with snorkeling and scuba gear, we also carry many handy accessories. Our focus in the past few years has also been to educate the community on the importance of using water-safe sunscreen and hair products. We carry a wide variety of these products as well. Plus, you can bring in your scuba gear for annual servicing.

Join us for a trip-either diving or snorkeling. If you need divers for a project, we have numerous contacts who might be available to assist you. Find us online at centraloregondiving.com
