

Teller Supporting Bryan.

LINCOLN, Neb., July 18.—That William J. Bryan will receive the support of Henry M. Teller there can be no longer any doubt. Mr. Bryan today received a letter from Senator Teller in which he told him he would support him in his race for president. The letter reads as follows:

Denver, July 15.—Hon. W. J. Bryan, Lincoln, Neb.—Dear Sir: I congratulate you on your nomination at Chicago. I think the country is to be congratulated also. I need not assure you that your nomination was more than satisfactory to me. I think we shall be able to consolidate the friends of free silver in your support, and if we do this I believe you will be elected, although I do not overlook the tremendous power that will be put against us in this campaign. All the power of money and organized wealth, corporations and monopolies of all kinds will be against us.

Justice is on our side, and this is the cause of the people. It is a contest for industrial independence and for freedom from the domination of foreign powers and foreign capitalists; and it does not seem possible that in such a contest before the American people that justice would fail and wrong prevail. I do not believe we shall fail. I think I can promise you the cordial support of the western silver men who have heretofore acted with the Republican party, and if you get that I think all the western coast and intermountain states will be with you.

I will not offer any suggestions to you save to advise you that, as you were nominated without pledges of favor or privilege to any one, that you maintain that position and make no pledges or promises so that you may go into the great office of president of the United States without the embarrassment that follows pledges and promises, even if they are such as may be properly carried out.

It will afford me pleasure to place myself at the disposal of the national committee to make speeches in your behalf as my health will permit, where and when they may think will do good.

I am, very respectfully
H. M. TELLER.
