Silver Lake, Or., July 29, '96.

ED. TIMES-HERALD: First let me congratulate you on your successful run for office.

Politics is all the talk here, and fully three fourths of the people are for Bryan. I am opposed to national banks and favor unlimited coinage of silver, and for Bryan first, last and always; the cyclone struck me and I fell in line. Over half of the people of our government have hard work to make tongue and buckle meet, and thousands are suffering for something to eat. Still if the pops run a candidate I fear it will elect McKinley, but if we unite on Bryan McKinley will be snowed under.

Protection is one of the most beautiful words in our language, but in our case one of the most deceptive. It has fattened and built up monopoly, that has wrung millions from the honest toiler, and enslaved thousands of our people.

This country is healthy at this time and haying in full blast. I received a letter from N. Comegys dated the 22d, stating he had given up the hotel and intended returning to his ranch. G. C.
