BRADSHAW'S HUGE FAMILY

In Killingly, Conn., there lives a French Canadian named Levi Bradshaw. He has been a resident of that town about 13 years and is now 69 years and 4 months old. He has been married three times and is the father of 41 children. Forty of these are now living. The last child died shortly after its birth, three weeks ago. His first wife bore him six children, there being twins in that family.

The second wife was the mother of 24 children, of whom 12 are twins, and his present consort has presented him with 11 children. Bradshaw was first married when under 14 years of age. His eldest son is now 54 years of age and has several children and grandchildren. Twenty nine of his sons and daughters are married, all having children.

This man does not know how large his family of grandchildren and great-grandchildren has become, as the sons and daughters have scattered, but he can count up more than 150 descendants that he is certain about. Mr. Bradshaw married his last wife in Danielson about 13 years ago, and the last child born to them is the only one dead.

BIG PROFITS SMALL INVESTMENTS.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED CAN BE MADE BY OUR Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success. For further information address
