

NOVEL SHOOT SHOOTING.

Charles Marsh the other night in the presence of about 3,000 people, "shot the shoots" on a bicycle in Chicago. Few persons at the shoots believed that Marsh would do the seemingly rash act, as had been announced, but he did and came up uninjured.

When Marsh mounted his wheel at the top of the incline, the big crowd stood still. All those present held their breath, and some were more excited than Marsh himself. One woman even fainted. Marsh sat on his wheel, which was held for him, with his feet on the coasters, and waited until all was ready. When his assistant let go his wheel, Marsh shot down the long, steep incline like a flash of lightning.

It seemed hardly a moment from the time he started until he touched the water. He was just 3 1/5 seconds in making the decent, about 250 feet, almost a 100 feet a second. When he reached the flat at the foot of the incline, he was thrown about 20 feet high in the air and struck the water fully 40 feet from the foot of the shoot. Marsh struck the water on his breast and was in consequence a little winded. He came up all right and got out of the water himself, and when asked about his ride said it all happened so quickly that he knew nothing about it except that he is willing to do it again.

BIG PROFITS SMALL INVESTMENTS.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED CAN BE MADE BY OUR Systematic Plan of Speculation

It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two dollars up to \$50,000 for \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success. For further information address
