

Luck In Odd Numbers.

A tramp sat in the hotel rotunda and tried to look like a guest. His clothes were rather seedy for a \$4-a-day boarder, but he had a distinguished air.

"The dawn of prosperity is at hand."

"Do you think so?" responded the stranger.

"Sure."

"Why?"

"Because 1897 can't help being a lucky year. There's luck in odd numbers. Such a combination of lucky numbers as that of 1 and 7 and 9 must bring about good times. Take 1897. Nothing could be luckier except 7777 and it will be a long time before we see that date."

"I should think so," said the stranger, smiling.

"Now, let us analyze the elements of luck in 1897. We have first 1 and 9 and 7. That's a good starter. Then we have the 8 and we have 7, or if that doesn't suit you we add the 1 to 8 and we have 9."

"Wins both ways," said the stranger.

"Of course it does. Then we add them all together—1 and 8 and 9 and 7—and we have 25. That's an odd number, too. Then we add the 2 and the 5 and we have 7—another lucky number. Then we take the 8 from the 9 or the 7 from the 8 and we have 1 left. Odd number again. Then subtract the 18 from the 97 and you have 79, an odd number, made up of two corking lucky numbers, 7 and 9. I tell you we're all going to get rich this year."

"I hope so," said the stranger.

"I know it. I feel that I am going to make a big strike during 1897. By the way, could you lend me a nickel for car fare? I left my pocketbook at home, and—"

"Here's five pennies," said the stranger. "I'll give 'em to you for luck—all ones, and the sum is 5."

"Thanks; I'll go and take my car," and the seedy man made a bee-line for the stranger watched him and saw him enter a saloon with a big sign announcing "The Largest Schooner in town for 5 cents." Turning to a friend, he remarked:

"He's not going to make a land journey by car. I see that he has gone to take a schooner."

Magic Cure For Headaches.

A new fad is being taken up by women addicted to headaches. It is a little mechanical instrument of massage, simple in construction and requiring no skill for its application. The results are said to be miraculous and the women who have profited by the marvellous cures effected by the little toy now number it among their most priceless treasures. And as there never was known to be a woman who did not have headaches, the number to whom the new remedy will appeal is practically infinite.

This much-vaunted little affair

is a simple metallic chain terminating in a handle at each end. To each link in the chain is fastened two tiny balls so arranged as to permit of easy revolution. The chain is taken in both hands and rapidly pushed backward and forward over the aching portion of the head, the speed of course, being regulated by the judgment of the sufferer.

The advantage of the little arrangement, say those who know, is that it increases the capillary circulation and thereby produces the effect of a gentle or violent reaction, according as the sufferer pleases. But whatever be the explanation of the miracle, its strong point undeniably lies in the fact that it is new. Drugs have long since proved their inefficacy. Electricity may not be tampered with at will, and such radical measures as a change of diet or the adoption of habits of exercise are naturally unwelcome to the woman who is persuaded she can obtain the same results by a simple little metal chain. It is true that it is an expensive toy but that will doubtless be considered only as an evidence of its value.

John Minto, of Salem, secretary of the state board of horticulture, is of the opinion that there will be an unusually heavy yield of fruit of all kinds in Oregon this year. This is encouraging for fruit men

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY, & Co. Propts., Toledo, O.

Sold by druggists, 75 cts.

Hall's Family Pills are the best.

The Weekly Oregonian and THE HERALD for only two dollars a year. Subscribe or renew at once and secure your county paper and the most newsy weekly published in this state. Every intelligent reader cannot help but see the advantage of getting two papers for the price of one. We hope our subscribers will see the point and give us a call.

WANTED—I desire to correspond with Oregon parties who may be able to supply me with choice Indian relics such as spear heads, arrow heads, stone pipes, etc. Write me, telling me what you have. Address: H. P. HAMILTON, Two Rivers, Wisconsin.

STOCK INSPECTOR. FOR HARNEY COUNTY, Geo. Tregaskis, Burns, Or. DEPUTIES, O. B. Dingle, — Bland, Oregon. H. S. Morris, — Riley, Oregon.

C. A. SWEET, ATTORNEY AT-LAW, Burns, Oregon.

MAURICK FITZGERALD REAL ESTATE AGENT, NOTARY PUBLIC, BURNS OREGON. Practices before U. S. Land Office.

Dr. W. L. Marsden, PHYSICIAN AND SURGEON, Office at Residence, BURNS OREGON.

Dentistry: By DR. D. B. CATE, BURNS OREGON. Every kind of first-class Dentistry done on short notice and in a workmanlike manner.

Wood Yard! Wood Yard!

FRANK GOODMAN — — — — — Proprietor.

Good cord wood delivered on short notice and at Reasonable Rates.

Leave orders at Worthington's Drug Store.

LOOK! LISTEN!!

AND TAKE HEED.

Johnson's Cash Store

IS THE PLACE TO GET BARGAINS IN HOSIERY, UNDERWARE, GLOVES, MITTENS, TOWELS, FLANNELS, ETC.

Located first block East of Church.

W. H. CANADAY, Manager.

C. H. VOEGTLY,

DEALER IN—

HARDWARE CROCKERY,

TINWARE. GUNS. AMMUNITION.

MACHINE SHOP IN CONNECTION, Bicycles, Mowing Machines, Guns etc. repaired promptly and satisfactory.

Everything Cheap for Cash.

L. WOLDENBERG,

WHOLESALE DEALER IN

Fine Kentucky Whiskies

And Cigars.

First door south of Post Office. BURNS, OREGON.

CUT PRICES by the only concern that ever voluntarily reduced prices, or in recent times originated a new idea in Windmill and Water Supply Goods. Everything the farmer sells is low. Who sells low to him? We have repeatedly refused to join, and have therefore defeated windmill combination, and have since '89, reduced the cost of wind power to 1/4 what it was. Through gratitude, and because we are price makers, and are safest to deal with, and because we are the sole originators of all that is good in the modern steel windmill and tower, THE WORLD HAS GIVEN US MORE THAN HALF ITS WINDMILL BUSINESS. We believe in low prices, high grades and large sales. We make short hand with long power stroke pumps, with best seamless brass tube cylinders, lower than iron ones—a 2 1/2 x 16 inch at \$3.50. We prepay freight to 20 branch houses. Send now for beautifully illustrated catalogue of up-to-date ideas, as this appears but once. Our imitators may not have in print our latest plans. No one knows the best Mill, Pump or Price until he knows ours.
