The Japanese bugaboo is being  
overworked in the effort to hasten  
the annexation of Hawaii.

Up to date Mr. McKinley has  
only given prosperity to those who  
helped him capture the Presidential  
nomination.

There is certain to be hot work  
before the extra session of congress  
closes, as it is very common for the  
thermometer to dance around in the  
nineties in Washington during the  
months of June and July.

A resolution, protesting against  
the shooting of General Rivera, the  
captured Cuban, by the Spanish  
butcher, Weyler, passed the senate  
last week without a dissenting vote.  
This act on the part of the senate  
may save this Cuban patriot's life  
and inform Spain at the same time  
that she must preserve the decen-  
cies of civilized warfare if she de-  
sires to continue her rule in Cuba,  
without interference on the part of  
the United States.

Roseburg Review: The recent  
order of the board of trustees of the  
soldiers' home allowing members  
but \$4 a month of their pension  
money, the remainder to go to the  
support of their dependent relatives,  
or if they have none, to be used in  
the maintenance of the home, is  
causing much dissatisfaction there,  
and several old soldiers have left as  
a consequence. It seems that this  
is a general rule in all state homes  
except that of Idaho. Before a  
member is admitted to the home  
he must make affidavit that his  
pension is insufficient for his sup-  
port, and once admitted all his  
wants as far as food, clothes, medic-  
al attention etc., are concerned are  
supplied. One old veteran, who  
had been imbibing rather freely in  
stimulants, remarked on the street  
"that he got \$6 a month from the  
government and he would be d—d  
if the state of Oregon would get \$2  
of it to support the — Indian war  
veterans." Therefore he proposed  
to quit the home and rustle for  
himself.
