There are no dog days, because there is no time of the year when dogs are specially liable to any other dog, watch him care- month on application. dition and the whole of the Brown of good agricultural land 7 miles south of rabies. There are no most desirable of Burns. Thirty acres in cultivation, of rabies in July and August than in December and January. Moreresidence property in town. This good house and barn. Title perfect and over, rabies is one of the rarest over. No trouble to show property or give of canine disceases. When you hear a cry of "Mad Dog!" in the street, the chances are many thouswell fenced, worth \$7,000, to trade a mad dog, the chances are thousfor a stock ranch in Eastern Oregon ands to one that it is not true.

of equal value.

It a human being is bitten by a span at objects which he imagines mad dog, is he not doomed to die a fearful death by hydrophobia? Not at all; for hydrophobia cessively thirsty, lapping water in a human being is much more eagerly and often. Then there rare than rabies in a dog. Ex- will be glandular swelling about pert Physicians who have given his jaws and throat, and he will special attention to the subject vainly endeavor to rid himself are convinced that hydrophobia of a ropy, mucus discharge 2-TRANSCONTINENTAL ROUTES _____ DO YOU ENOW A GOOD ADVERTISEMENT MEANS INCREASE IN BUSINESS is never caused by the bite of a dog, and that it is simply a hysly stray away fram home and trot terical nervous discease caused Satisfaction by an unfounded dread. Don't highway or acoss the country, take that for granted, but rememmeddling with neither man nor ber these facts. first, that there beast, unless they approach him, are more than a million of chances and then giving a single snap. to one that any dog which is sup-The only exception to this behavposed to be mad is not mad at all; ior occurs in ferocious dogs which second, that, in all probability, any dog by which a person may hapment, may attact any living object pen to be bitten is not mad; and third, that even if a person is bitten by a dog that realy is mad, the danger of hydrophobia is very slight indeed. What is to be done if you happen to be bittin by a dog that is supposed to be rabid? The best thing to do is just take a few vapor baths, as hot as you can bear them. The persperation

will eliminate any poison that the

bite may have introduced into the

system. Then endeavor to forget all about it. If you follow

this simple advice, the chances are

incalculably great that you will be perfectly safe. But is there such

a thing as rabies, and such a thing

as a mad dog? Undoubtedly there is, though I have never seen one. In the thirty years since the Amer-

ican Society for the Prevention of Cruelty to Animals was estab-
